INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Reesman's Excavating & Grading, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Reesman's Excavating & Grading, Inc. 401(k) Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2025, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements - modified cash basis ("2025 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements - modified cash basis, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section,

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 1.

- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 financial statements.

In preparing the 2025 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the 2025 financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the 2025 financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the 2025 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the 2024 Financial Statement

Plan management is responsible for the preparation and fair presentation of the accompanying 2024 financial statement of the plan, which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2024, and the related notes to the financial statement - modified cash basis, in accordance with the modified cash basis of accounting. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2024 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information by management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2024 financial statement.

The accompanying notes are an integral part of this statement.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Reesman's Excavating & Grading, Inc. 401(k) Profit Sharing Plan ("the plan") follows the modified cash basis of accounting. Under that basis, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. That basis differs from accounting under accounting principles generally accepted in the United States of America ("GAAP") primarily because the plan has not recognized contributions receivable and the related effects on the statement of changes in net assets available for benefits in the accompanying financial statements.

Accounting estimates - The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through October 9, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit - modified cash basis.

Key parties of the plan - Reesman's Excavating & Grading, Inc. is the plan sponsor, employer and the plan administrator. Reesman Service Corporation is a participating employer in the plan. Ascensus Trust Company is the directed trustee that holds custody of plan assets. Ascensus LLC, acting as the agent for Ascensus Trust Company, is the third party administrator, tax counsel that performs various compliance tests and investment agent that maintains investment and participant records. The Ascensus entities are collectively referred to as "Ascensus". Raymond James Financial, Inc. is the plan's investment advisor. Two officers of the plan sponsor act as limited plan trustees.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statement of changes in net assets available for benefits - modified cash basis. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual fund - Valued at the daily quoted market price reported by the fund. The fund held by the plan is registered with the U.S. Securities and Exchange Commission and is required to publish its daily net asset value ("NAV") and is deemed to be actively traded.

Common/collective trusts - Valued at the NAV based on the underlying unit value as reported by the common/collective trust, which are direct filing entities. The NAV is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trusts less its liabilities. This practical expedient would not be used if it is determined to be probable that the common/collective trusts will sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual fund	$1,190,409	$ -	$ -	$ 1,190,409
Total investments in the fair value hierarchy	$1,190,409	$ -	$ -	1,190,409
Investment measured at NAV (a)				28,256,280
Total investments at fair value				$29,446,689

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual fund	$1,067,689	$ -	$ -	$ 1,067,689
Total investments in the fair value hierarchy	$1,067,689	$ -	$ -	1,067,689
Investment measured at NAV (a)				26,315,917
Total investments at fair value				$27,383,606

(a) In accordance with GAAP, certain investments that are measured using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2025	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	$28,256,280	n/a	Daily	n/a

As of December 31, 2024	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	$26,315,917	n/a	Daily	n/a

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established as a defined contribution plan on July 1, 1978. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have completed six months of service and have reached age eighteen. An employee can enter the plan on the first day of the quarter immediately following the date the plan's eligibility requirements are met. To qualify for discretionary profit sharing contributions, eligible participants need to have completed 1,000 hours of service during the plan year and be employed on the last day of the period to which the contributions relate. The eligibility requirements are waived upon death, disability, and attainment of early retirement age (defined as 55) while employed.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (employee elective deferral contributions). The plan also permits Roth elective deferral contributions.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. An employer matching contribution may be made equal to a discretionary percentage, determined by the plan sponsor, of the employee's elective deferral contributions. In 2025, the matching contribution was 50% of the first 10% of employee compensation contributed as elective deferral contributions. Matching contributions are funded weekly, coinciding with the employer's payroll.

d. Discretionary profit sharing contributions, determined by the plan sponsor, may be made to all eligible participants. In 2025, profit sharing contributions equal to 6% of eligible wages were made relating to the 2024 plan year.

e. Additional matching contributions may be made at the employer's discretion. No such contributions were made in 2025.

Participant accounts - Earnings, including the appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the employee's elective deferral contributions, rollover contributions and an allocation of the employer's contributions. Participants are allowed to transfer funds between the various investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings upon one full year of service, at which time they are 5% vested. After two full years of service, the participant's vesting increases to 20% and increases at the rate of 20% for each year thereafter. Upon death, disability or attainment of early retirement age while employed participants become 100% vested.

Forfeitures - Forfeited nonvested accounts are used to pay administrative expenses or reduce the amount of the employer's contributions. There were $16,852 of forfeitures used in 2025 to reduce employer matching contributions. There were no unapplied forfeitures as of December 31, 2025 and 2024.

Payment of benefits - Benefit payments are recorded when paid and may commence upon termination of employment, death, disability or attainment of early retirement age. Distributions may be in the form of a single lump sum or partial payments. In addition, hardship withdrawals are permitted under the plan.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative expenses are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges, not paid using forfeitures, are allocated to the participants on an account value basis.

Notes receivable from participants - Participants can take out loans against their accounts with approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or $50,000. Participants may have only one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except for when the loan is for the purchase of a principal residence. As of December 31, 2025, the notes receivable from participants have various repayment schedules through August 2030 with interest from 8.00% to 9.50%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Ascensus is the trustee that holds custody of the plan's investments and maintains investment and participant records. As such, transactions with Ascensus qualify as party-in-interest transactions. The plan has an administrative services agreement with Ascensus in which Ascensus provides certain administrative services to the plan. Ascensus also receives certain indirect compensation from investment service providers that is used to reduce administrative and service fees that may otherwise have been charged to the plan by Ascensus. The plan pays Ascensus direct for certain other service fees that are not covered by the revenue sharing provisions of the administrative service agreement. These direct fees paid to Ascensus were $2,250 in 2025.

Notes receivables from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a Ascensus LLC non-standardized pre-approved profit sharing plan that received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY ASCENSUS

Management has obtained a certification from Ascensus, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate:

a. Investments held and the fair values of such and notes receivable from participants as of December 31, 2025;

b. Dividends from mutual funds and net appreciation (depreciation) in fair value of investments and interest income from notes receivable from participants during 2025; and

c. Contributions to, withdrawals from, administrative expenses, purchases and sales of investments, and interfund transfers between accounts during 2025.
