Independent Auditors' Report

To the Plan Administrator of
Dine Brands Global, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dine Brands Global, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dine Brands Global, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dine Brands Global, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dine Brands Global, Inc. 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dine Brands Global, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dine Brands Global, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, line 4(i) - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Dine Brands Global, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Dine Brands Global, Inc. (the Company), that oversees franchises of International House of Pancakes, LLC (IHOP), Applebee's Services, Inc. (Applebee's), Dine Brands International, Inc., and Fuzzy's Taco Opportunities LLC, (Fuzzy's Taco Shop). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – The Plan is administered by the Company.

Eligibility – Employees of the Company are eligible to participate in the Plan immediately upon hire. Participant contributions are matched immediately by the Company.

Contributions – Each participant may elect to contribute up to 80% of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows Roth contributions.

The Company made a safe harbor match of 100% of the participant's first 4% of eligible compensation deferral, and 50% of the next 2% of the participant's eligible compensation deferral. The safe harbor matching contribution for the year ended December 31, 2025, amounted to $3,526,739.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, employer safe harbor matching contributions, and an allocation of plan earnings. Each participant's account is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on a participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Payment of benefits – Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. Participants may also elect to roll over their account to another tax-deferred account or remain in the Plan until they are legally required to begin taking distributions. All account balances less than $1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding $1,000, but less than $5,000, may automatically be rolled into an individual retirement account. Participants may withdraw all or part of their aggregate contributions in the event of a financial hardship upon meeting the eligibility criteria and certification standards established by the Company.

Vesting – All contributions vest immediately, including the Company's safe harbor matching plus actual earnings thereon.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum amount of $1,000 to a maximum amount equal to the lesser of 50% of their account balance or $50,000 minus the highest outstanding loan balance in their account during the preceding 12-month period. Participants may only have one outstanding loan at any given time. Loan terms range from one to five years or within a reasonable period of time that is not longer than 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest are paid ratably through payroll deductions. As of December 31, 2025, the rates of interest on outstanding loans ranged from 4.25%–9.50% with various maturities through December 2031.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. The Plan's trustee, Fidelity Management Trust Company (Fidelity), certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes both the Plan's realized gains and losses and unrealized appreciation and depreciation on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the plan document.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 13, 2026, which is the date the accompanying financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common Stock (Dine Brands Global, Inc. common stock) – Valued daily at the closing quoted price in an active market. The Dine Brands Global, Inc. common stock balance also includes immaterial amounts attributable to a Stock Purchase Account (SPA). The SPA is utilized to facilitate money movement and track amounts attributable to fractional shares. The trustee recognizes these fractional shares, while the marketplace only trades on a whole-share basis. As of December 31, 2025 and 2024, the SPA amounted to $1,378 and $1,239, respectively, and was invested in the Fidelity Cash Reserves Fund. Dine Brands Global, Inc. common stock has a quoted price in an active market and the Fidelity Cash Reserves Fund consists of cash.

Collective Trusts – Units held in this collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. There are no unfunded commitments or redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair Value Measurement at December 31, 2025			
	Level 1	Level 2	Level 3	Total

Investments at NAV practical expedient	-	-	-	82,643,478
Investments at fair value	$ 63,314,173	$ -	$ -	$ 145,957,651

	Fair Value Measurement at December 31, 2024

Investments at fair value	$ 72,816,116	$ -	$ -	$ 133,798,671

Note 4 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on the schedule of assets (held at end of year).

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA.

Note 6 – Tax Status

The Company adopted a Pre-Approved Profit Sharing Plan sponsored by Fidelity Management & Research Co. that received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan satisfies the applicable provisions of the Internal Revenue Code (IRC) and, therefore, the related trust is tax exempt. The Plan's administrator has determined that it is eligible to, and has chosen to rely on, the current IRS's volume submitted plan advisory letter. The Plan's administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan's administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain plan investments are shares of common stock of the Company, and funds managed by affiliates of Fidelity, the trustee and record-keeper of the Plan. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees, not significant to the Plan. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities and common stock. Investment securities and common stock are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and common stock, it is at least possible that changes in the values of investment securities and common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted those amounts to participants' accounts during 2025.
