# INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Robin Industries, Inc. Employee Stock Ownership Plan
North Canton, Ohio

## *Opinion*

We have audited the financial statements of the Robin Industries, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

***Other Matter—Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## 1 Description of Plan

The following description of Robin Industries, Inc. Employee Stock Ownership Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

***General:***

The Plan is a defined contribution plan covering all eligible employees of Robin Industries, Inc. The Plan's original adoption date was June 15, 2012 and the original effective date was January 1, 2012. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is designed to comply with Section 4975 (e)(7) and the regulations of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an oversight committee.

On June 15, 2018, the Company redeemed the remaining shares held by individual shareholders so that the ESOP is now the sole shareholder of the Company.

***Eligibility:***

All employees of the Company age eighteen and older who have completed one thousand hours of service and are employed on the last day of the Plan year are eligible to participate in the Plan.

***Contributions:***

Contributions are made by the Company on a discretionary basis.

The Company's contributions, if any, may be made in cash or common stock of the Company, or both. For the Plan years ending December 31, 2025 and 2024, the Company’s contributions were made in cash only.

The allocation ratio is based on 80% pro-rata to eligible compensation and 20% pro-rata to years of service.

***Participants’ Account:***

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with the participant's allocation of (a) the Company's contribution (b) Dividend income and (c) the Plan's earnings and losses. Allocations of Company contributions were based on a specified allocation schedule, as defined. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. The Plan's earnings and losses are allocated based on the ratio of the balance of the portion of such account in the Trust as of the preceding valuation date.

## 1 Description of Plan, Continued

***Diversification:***

Participants who are at least age 55 with at least ten years of service since January 1, 2012 may elect to transfer 25% to 50% of the value of the total number of shares represented by the Employer Stock Fund account to another qualified plan, invest the diversified portion in at least three investment options other than investment in Company securities, or take a distribution in cash. Diversifications were $669,230 in 2025 and $955,118 in 2024.

***Vesting:***

Each Participant is credited with one Year of Service for every three continuous years of employment prior to the Effective Date, in which a Participant worked at least 500 hours for the Company.

Vesting in the Participant's account balance, after prior service is taken into account, is based on years of service based on the following:

| Years of Service | Vested % |
|---|---|
| Less than 2 | 0% |
| 2, but less than 3 | 20% |
| 3, but less than 4 | 40% |
| 4, but less than 5 | 60% |
| 5, but less than 6 | 80% |
| 6 or more | 100% |

A participant would become 100% vested upon death, disability, and attainment of normal retirement age (65).

***Payment of Benefits:***

Upon termination of service due to attainment of normal retirement age, death or disability, the participant may elect to receive an amount equal to the value of the vested balance in shares of stock or cash not later than one year after the event occurs. If the participant leaves for other situations and the vested account balance is less than $1,000, the balance can be paid in a lump sum. If the participant leaves for other situations and the vested account balance is greater than $1,000, the balance will be paid after a five-year waiting period to be paid in annual installments. Benefits are recorded when paid.

## 2 Summary of Significant Accounting Policies

***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

## 2 Summary of Significant Accounting Policies, Continued

***Valuation of Investments:***

The Plan's investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. Company common stock is valued by an independent appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation/depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

***Administrative Fees:***

Administration fees are paid by the Company.

***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

***Risks and Uncertainties:***

The Plan's investments include investments in the Company’s stock and a money market account, with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

***Put Option:***

Under federal income tax obligations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock and the Plan document dictates the process to exercise the put option.

***Subsequent Events:***

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

## 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

* Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

* Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

    * Quoted prices for similar assets or liabilities in active markets
    * Quoted prices for identical or similar assets or liabilities in inactive markets
    * Inputs other than quoted prices that are observable for the asset or liability
    * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

* Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

***Money Market Accounts:***

The money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange. These are classified within Level 2 of the valuation hierarchy.

## 3 Fair Value Measurements, Continued

***Common Stock:***

The fair value of the Sponsor Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior year. The appraiser considered historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. The appraiser has concluded that a market participant would also recognize a discount for lack of marketability. The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP Trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. These instruments are classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

| | **Assets at Fair Value as of December 31, 2025** | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Money Market Fund | **$ -** | **$ 23,996** | **$ -** | **$ 23,996** |
| Common Stock | **-** | **-** | **65,616,070** | **65,616,070** |
| Investments at fair value | **$ -** | **$ 23,996** | **$65,616,070** | **$65,640,066** |

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Money Market Funds | $ - | $ 120,541 | $ - | $ 120,541 |

| Investments at fair value | $ - | $ 120,541 | $ 53,992,855 | $ 54,113,396 |

There were no purchases or sales, or transfers into or out of, Level 3 investments during the years ended December 31, 2025 and 2024.

## 4 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated January 15, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

## 4 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

## 5 Related Party and Party-in-Interest Transactions

Certain professional fees for the administration, trustee, appraisal services and audit of the Plan were paid by the Company. The plan sponsor is a related party. TI-TRUST, Inc. is the Trustee as defined by the Plan and The Principal Financial Group is the Recordkeeper of the Plan. Both qualify as parties in interest. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

## 6 Administration of Plan Assets

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan.

The contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

## 7 Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised.

## 8 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits (and supplemental schedule) per the financial statements to the Form 5500:
