INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
TIAA-CREF Retirement Plan for Faculty and Administrators of
St. Mary's Episcopal Day School

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

One Tampa City Center • 201 N. Franklin St., Suite 2200 • Tampa, Florida 33602 • 813-875-7774 fax 813-874-6785 • www.rgcocpa.com

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted

auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

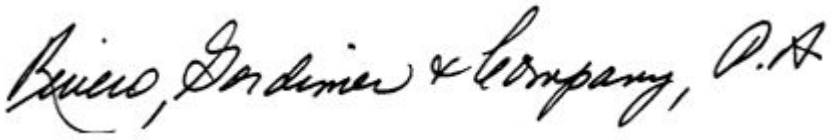

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2025

NOTE A - DESCRIPTION OF THE PLAN

The following description of the TIAA-CREF Retirement Plan for Faculty and Administrators of St. Mary's Episcopal Day School (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

1. General

The Plan was established by St. Mary's Episcopal Day School (the "School") as a defined contribution plan effective November 1, 1980. The Plan was amended and restated effective January 1, 2020, to comply with Internal Revenue Service ("IRS") regulations for periodic plan restatements. Effective February 6, 2024, the Plan was amended to modify certain distribution provisions, including the mandatory distribution of vested account balances of $5,000 or less upon termination of employment and the automatic rollover of certain distributions to an individual retirement account ("IRA"). The Plan is a single-employer plan and permits the employees of the Plan Sponsor and its affiliates to participate in the Plan. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Eligibility

Substantially all employees of the School are eligible to participate in the Plan upon their date of hire through elective and mandatory salary deferrals. Employees become eligible for employer contributions upon attaining age 21.

3. Contributions

Contributions to provide benefits under the Plan are made by participants and the School. Participants may elect to contribute up to the maximum amount permitted under the Internal Revenue Code ("IRC"). Participants who have attained age 50 are eligible to make catch-up contributions, subject to IRC limitations. The Plan also accepts eligible rollover contributions from other qualified retirement plans. Eligible participants are required to make mandatory employee contributions equal to 5% of compensation. The School makes nonelective employer contributions for participants who make the required mandatory employee contributions. Employer contributions are based on years of service and range from 5% to 8% of eligible compensation. Employer contributions for the year ended December 31, 2025, were approximately $304,000.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Employer contribution percentages are as follows:

Employee Years of	Employer Matching Limitations Based
0 - 5	5%
6 - 10	6%
11 - 15	7%
Over 16	8%

4. Participant Accounts

Each participant's account is credited with participant contributions, employer nonelective contributions, rollover contributions, if any, and the applicable investment earnings and losses. Participant accounts may also be charged with allocations of administrative expenses as provided under the Plan. Allocations are based on participant contributions, account balances, or other methods permitted by the Plan. The benefit to which a participant is entitled is the participant's vested account balance.

5. Vesting

Participants are immediately 100% vested in all participant contributions, employer contributions, rollover contributions, and related earnings.

6. Payment of Benefits

Distribution of a participant's vested account balance may be made upon retirement, death, disability, or termination of employment, subject to the provisions of the Plan and the underlying investment arrangements. Benefits may be distributed in the form of a lump-sum payment, installment payments, annuity payments, direct rollovers, or other distribution methods permitted under the Plan. Effective February 6, 2024, the Plan will make mandatory distributions on participant vested account balances less than or equal to $5,000 following severance of employment.

Participants experiencing financial hardship, as defined by the Plan, may be eligible to receive a hardship distribution from certain participant contribution accounts, subject to applicable IRC requirements and Plan provisions. Distributions are subject to the terms and conditions of the Plan document.

NOTE A - DESCRIPTION OF THE PLAN - Continued

7. Termination

Although it has not expressed an intention to do so, the School reserves the right to amend or terminate the Plan at any time, subject to applicable provisions of ERISA and the Plan document. Upon termination of the Plan, all participant account balances will remain 100% vested.

8. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. Loan terms may vary and bear interest at the prevailing rate at the time of the loan origination. The loans are secured by the balance in the participant's account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions from net assets during the reporting period. Actual results could differ from those estimates.

3. Investments, Investment Valuation, and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

5. Benefits Paid to Participants

Benefits are recorded when processed and paid by the Plan.

6. Administrative Expenses

Administrative expenses paid by the Plan are recorded when incurred. In accordance with the Plan document, administrative expenses may be paid by the Plan and allocated to participant accounts. Certain investment-related expenses are reflected in the net asset values of the underlying investments.

NOTE C - INFORMATION PROVIDED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the Plan's financial information and data certified by Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2025	2024
Investments, at fair value	$ 15,372,231	$ 15,254,198
Investments, at contract value	$ 353,848	$ 319,543
Notes receivable from participants	$ 56,993	$ 32,119
Net appreciation in fair value of investments	$ 2,067,511	
Interest on notes receivable from participants	$ 5,119	

NOTE D - FAIR VALUE MEASUREMENTS

The Plan adheres to the provisions of Financial Accounting Standards Board, *Accounting Standards Codification Topic 820* (FASB ASC 820). FASB ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other-than-quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and,

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Variable Annuity Accounts - These accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing.

Pooled Separate Account – This account invests in real estate properties and real estate-related investments. Fair value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The real estate account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources.

Fixed Annuity Contracts – Investments in the fixed annuity contract are reported at contract value less contract surrender charges and market adjustments, if any. The contract value equals the accumulated cash contributions, interest credited to the contract, and transfers, if any, less any withdrawals and transfers, if any.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

The following summarizes the Plan's investments as of December 31,:

	2025			
	Level 1	Level 2	Level 3	Total
Variable annuity accounts	$ -	$ 12,271,443	$ -	$ 12,271,443
Pooled separate account	-	631,953	-	631,953
Fixed annuity contracts	-	-	2,468,835	2,468,835
	$ -	$ 12,903,396	$ 2,468,835	$ 15,372,231

	2024			
	Level 1	Level 2	Level 3	Total
Variable annuity accounts	$ -	$ 12,158,690	$ -	$ 12,158,690
Pooled separate account	-	671,926	-	671,926
Fixed annuity contracts	-	-	2,423,582	2,423,582
	$ -	$ 12,830,616	$ 2,423,582	$ 15,254,198

The following is a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

Balance, beginning of year	$ 2,423,582
Appreciation and earnings	104,205
Contributions	35,968
Net transfers	54,188
Benefit payments	(149,108)
Balance, end of year	$ 2,468,835

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

Participants may invest in unallocated guaranteed fixed annuity investment contracts with TIAA called the Traditional Fixed Account ("TIAA Traditional"). As part of the contracts the Insurance Company maintains a portion of the contributions in a "guaranteed account". This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value is $353,848 and $319,543 as of December 31, 2025 and 2024, respectively.

During the accumulation phase TIAA guarantees the principal, a minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. When the contract value accumulation of a TIAA Traditional is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation. Upon a distributable event, the participant surrenders the future accumulation benefits in exchange for a cash payout based on the contract value.

Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with the participants is probable. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE G - PLAN TAX STATUS

The Plan is a volume submitter 403(b) plan ("Volume Submitter Plan") sponsored by TIAA, the third-party administrator of the Plan. TIAA obtained its latest opinion letter dated August 7, 2017, in which the IRS stated that the Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, as the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - PARTY IN INTEREST TRANSACTIONS

Certain investments are managed by TIAA and CREF, therefore, these transactions qualify as party-in-interest transactions. Fees paid during the year for investment management and other services rendered by parties-in-interest were based on customary rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transactions rules (ERISA, Title 1, and Section 408(b)).

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 13, 2026 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
