INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Solutions Manufacturing 401(K) Plan
Rockledge, FL 32955

September 15, 2026

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Solutions Manufacturing 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Solutions Manufacturing 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Solutions Manufacturing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solutions Manufacturing 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood

that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Solutions Manufacturing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Solutions Manufacturing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedule Required by ERISA (Continued)

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Solutions Manufacturing 401(k) Plan (the "Plan") is provided for general information purposes only. As of September 1, 2024, the Plan changed its name to Solutions Manufacturing 401(k) Plan from Accutron 401(k) Plan. Participants should refer to the Plan document, and any amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering all employees of Solutions Manufacturing, LLC (the "Company" or "Employer") who have attained age 21 and ninety days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the sponsor and administrator of the Plan. Empower Trust Company, LLC is the custodian of the Plan.

Contributions

Each year, participants may elect to contribute a percentage of their annual compensation to the plan on a pre-tax or after-tax (Roth) basis up to the maximum amount allowed by the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Company makes safe harbor contributions equal to 100% of the participant's first 3% elective deferral contributions and 50% of the next 2% of the participant's elective deferral contributions. The Company may also make a profit-sharing contribution at the discretion of the Company's Board of Directors. Contributions are subject to IRS limits. The Company made discretionary profit-sharing contributions of $0 and $620,185 for the years ended December 31, 2025 and 2024.

All contributions are held in trust and invested by the Plan's custodian in accordance with the options elected by the participants (i.e. all investments are participant-directed).

Participant Accounts

Each participant's account is credited with the participant's elective deferrals, employer contributions and earnings. Participants may elect to have contributions invested in any or all of the funds of the Plan. Allocation of employer contributions, investment income, and administrative expenses are based on a participant's compensation or account balance as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in a variety of investment choices as more fully described in the Plan's literature.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately 100% vested in safe harbor contributions, their elective deferrals and rollover contributions, plus actual earnings thereon. Participants are fully vested in employer discretionary contributions upon the completion of six years of service. See Note 10 relating to a 2024 partial plan termination and effects on vesting.

Payment of Benefits and Withdrawals

The Plan is designed to provide benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability, or any other reason, a request for distribution of a participant's account balance is allowed. If a participant dies while classified as an active member of the Plan, the participant's beneficiary or beneficiaries are entitled to receive the entire participant's vested account balance. Should a participant become totally and permanently disabled while employed by the Company, the full value of the participant's account balance may be distributed upon request.

Upon termination of employment, the vested amount of the participant's account can be distributed to the participant in a lump-sum cash payment if the participant's vested account balance is equal to or less than $5,000. If the account balance is greater than $5,000, the participant's written consent will be required for any distribution including the election of a rollover distribution to a new qualified plan or installment payments. Otherwise, the Plan administrator will direct the custodian to begin required minimum distributions (RMDs) no later than April 1 of the calendar year after the participant reaches their RMD age, which under the provisions of the SECURE 2.0 Act is:

- Age 73 for individuals born between 1951 and 1959
- Age 75 for individuals born in 1960 or later

Subject to certain limitations prescribed by the Plan and the Code, participants may elect hardship withdrawals. In accordance with the Code, a 10% premature distribution penalty tax may also be imposed on such withdrawals from a participant's account. Additionally, in-service withdrawals are allowed in accordance with the provisions specified in the Plan for participants who have attained age 59½.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or one-half of their account balance. The loans bear interest at the prime interest rate as of the date of the loan application and are secured by the balance in the participant's account. Loans are repaid through payroll deductions in equal payments over the term of the loan (up to five years or 10 years if for a primary residence). A participant may have no more than two outstanding loans from the Plan at any time. Participant loans at December 31, 2025 and 2024 totaled $3,244 and $22,683, respectively.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based on the terms of the plan document.

Forfeited Accounts

Forfeited accounts are amounts forfeited by participants who have terminated their employment and are not fully vested in their employer account. The Plan document permits the use of forfeitures to reduce future employer contributions, offset plan administrative expenses or be reallocated among eligible participants for the Plan year. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $24,418 and $2,726, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded on the cash basis, which approximates U.S. GAAP. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Plan administration expenses are paid out of Plan assets, unless otherwise stated. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation of fair value of investments.

Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. As of December 31, 2025, the Plan's tax returns generally remain subject to examination by major tax jurisdictions for the last 3 years.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which was September 15, 2026.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

Management has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the custodian of the Plan, has certified that the following investment information is complete and accurate:

- Fair value of investments and the carrying amount of notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.

- Interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2025.

- Investment information reflected in Schedule H, Part IV, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025.

As permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to the certified investment information.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurement and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the assets or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Investments measured at fair value using net asset value ("NAV"), or its equivalent, as a practical expedient are not classified in the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Fixed Annuities – The fixed annuity contract is issued by Empower Annuity Insurance Company of America. Its reported value is calculated daily by the insurance company using the valuation method in the annuity contract. Significant inputs include the contract terms and the general financial condition of the issuer, which are observable through review of the existing contract and publicly available financial information about the insurance company. This contract is classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	$ 5,122,215	$ -	$ -	$ 5,122,215
Fixed Annuities	-	240,438	-	240,438
Total	$ 5,122,215	$ 240,438	$ -	$ 5,362,653

	2024			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	$ 16,100,695	$ -	$ -	$ 16,100,695
Fixed Annuities	-	665,666	-	665,666
Total	$ 16,100,695	$ 665,666	$ -	$ 16,766,361

NOTE 5 – EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable are amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS or the Plan document due to eligibility. At December 31, 2025 and 2024, excess contributions payable were $0- and $24,953, respectively.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are managed by Empower Trust Company, LLC, the Plan's custodian. The Plan paid fees during the year for investment advisory, investment management and other services rendered by parties in interest. Participant loans are also considered party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent vested in their employer contributions.

NOTE 8 – TAX STATUS

The Company has adopted a pre-approved plan that received an Internal Revenue Service ("IRS") advisory opinion letter dated May 26, 2021, which stated that the form of the Plan satisfied the qualification requirements of the Code. The Plan has been amended since receiving the opinion letter to reflect the change in the Plan's name, effective September 1, 2024, and to incorporate provisions of the SECURE 2.0 Act, effective June 30, 2020. The Company and Plan management believe that the Plan, as amended, is currently designed and operated in compliance with the applicable requirements of the Code and that the Plan is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,417,462	$ 16,817,093
Add: Excess contributions payable	-	24,953
Less: Employer contributions receivable	(51,565)	(53,002)
Net assets available for benefits per Form 5500	$ 5,365,897	$ 16,789,044

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Changes in net assets available for benefits per the financial statements	$ (11,399,631)
Add: Employer contributions receivable – December 31, 2024	53,002
Less: Excess contributions payable – December 31, 2024	(24,953)
Less: Employer contributions receivable – December 31, 2025	(51,565)
Changes in net assets available for benefits per Form 5500	$ (11,423,147)

NOTE 10 – PARTIAL PLAN TERMINATION

As a result of a reduction of the Company's workforce due to a sale of a division, it is likely that the Plan experienced a partial plan termination as defined by Code Section 411(d)(3) for the 2024 plan year. Under the Code, a partial plan termination may occur if at least 20% of eligible Plan participants are terminated by the Company within the applicable period. If a partial plan termination occurs, full vesting in the employer contributions is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions. There was no such partial plan termination for the year 2025.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and insurance contracts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. There are no reserves against the insurance contracts for credit risks of the issuer or otherwise. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
