Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Cyber Technology Innovations, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cyber Technology Innovations, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statement or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Notes 3, 4, and 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

-Continued-

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Cyber Technology Innovations, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cyber Technology Innovations, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cyber Technology Innovations, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

-Continued-

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cyber Technology Innovations, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions, as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

-Continued-

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CYBER TECHNOLOGY INNOVATIONS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

1. Description of Plan

The following brief description of the Cyber Technology Innovations, LLC 401(k) Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General: The Plan is a defined-contribution plan covering substantially all employees of Cyber Technology Innovations, LLC ("Company" and "Plan Sponsor). Effective January 1, 2025, the name of the Plan was changed from Advanced Systems Development, Inc. 401(k) and Profit-Sharing Plan to Cyber Technology Innovations, LLC 401(k) Plan as a result of a merger. Advanced Systems Development, Inc.'s 401(k) Plan is the surviving 401(k) plan for the new company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Restatement Date: May 9, 2025

Anniversary Date: May 8

Valuation Date: Daily

Eligibility: All new employees become eligible to participate in the salary deferral benefit under the Plan as of the date of employment. All participants share in the allocations regardless of service completed during the Plan year or employment status on the last day of the Plan year.

Compensation: Compensation is defined as salary or wages, excluding any overtime and bonuses.

Normal Retirement Date: The Plan defines the normal retirement date as the attainment of age 59.5.

Early Retirement Date: The early retirement date is defined by the Plan as age 55.

Disability Retirement Date: Disability retirement shall be upon total and permanent disability under the federal Social Security Act.

Retirement Benefits: At the applicable retirement date, each participant shall be entitled to receive the vested interest in their trust account.

Participant Contributions: Participants may elect to defer a percentage of pretax compensation as defined by the Plan. However, total deferrals in any taxable year may not exceed the dollar limit set by law. A participant may make catch-up contributions of up to $7,500 if the participant has attained age 50 by the end of the calendar year. Participants are 100% vested in all elective deferrals made to the Plan and any investment earnings from these deferrals. Participants may commence salary deferrals on the effective date of participation. Participants may modify salary deferral elections at any time during the Plan year.

Participant Accounts: Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, and Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan - Continued

Employer Contributions: Discretionary matching contributions will be contributed at 100% up to 1% and 50% up to 6% of union employee contributions. For non-elective and money purchase pension plan contributions, the amount is discretionary, with uniform allocation by percentage. For 2025, the Company provided a matching contribution equal to 38% of the first 6% of base compensation contributed to the Plan.

Death Benefits: If a participant dies before his normal retirement date, his designated beneficiary vests 100% in the participant's account.

Vesting: Employee must complete at least 1000 hours of service during a vesting computation period. Employer contributions shall vest in accordance with a participant's years of continuous service with the employer as follows:

Less than 1 year	0%
1, but less than 2 years	33%
2, but less than 3 years	66%
3 or more years	100%

Forfeitures: A forfeiture will occur as of the date on which the former employee is no longer eligible for the benefit if rehired. Forfeited nonvested accounts total $18,275 and $46,103 as of December 31, 2025 and 2024, respectively. These accounts will be used to pay allowable administrative expenses, or to reduce other employer contributions, or reallocated, as elected by the employer. In 2025, $31,023 was used to reduce employer contributions.

Investment Options: Upon enrollment in the Plan, a participant may direct up to 100% of employee contributions to any of the available investment funds offered.

Guaranteed Interest Accounts: Investments in these funds are through a group annuity contract with the participant. Principal and interest is fully guaranteed by the entire general account assets of Empower Annuity Insurance Company of America. Daily interest is credited to the account. The credited interest rate may change based on the investment portfolio of the account, typically bonds maturing between 3 and 7 years.

Participants may change their investment options at any time within the general investment accounts. Transfers from the general investment account into a mutual fund investment account can occur only on a valuation date of such mutual fund investment account.

Notes Receivable from Participants: Participants may borrow from their benefit accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at an interest rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Hardship Distributions: Hardship distributions are permitted from participants' pre-tax elective deferrals and may only be made from accounts that are fully vested.

1. Description of Plan- Continued

Payment of Benefits: Upon termination of service or attainment of retirement age, each participant shall be entitled to receive the vested interest in their accrued benefits account. Payment will be made as a single lump-sum payment in cash, or in installments as permitted for required minimum distributions. Distributions upon termination will be made as soon as administratively feasible. Participants may elect to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account (IRA).

2. Summary of Significant Accounting Policies

Basis of Accounting: The Plan prepares its financial statements on the accrual basis whereby revenue is recognized when earned and expenses are recognized when incurred.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value) as determined by Empower Annuity Insurance Company of America and Empower Trust Company, LLC using accounting principles and applicable laws. The values of the mutual fund investment accounts are reported using a unit value giving consideration to the income, cost, and sales comparison approaches of estimating property value. Purchases and sales of units are recorded on valuation dates, as are the earnings on mutual funds. Interest income is recorded on the accrual basis and is shown as an addition in the statement of changes in net assets available for benefits. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Contributions: Employer and employee contributions are recorded when received by the Plan from the Plan sponsor.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan’s administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Expenses relating to notes receivable from participants, investment fees, and distributions are charged directly to the participant’s account.

2. Summary of Significant Accounting Policies - Continued

Evaluation of Subsequent Events: Management has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by Plan Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the custodians of the Plan):

	2025	2024
Total investments	**$ 9,148,421**	$ 10,536,775
Net appreciation of investments	**$ 675,444**	$ 740,919
Dividend and interest income	**$ 478,337**	$ 378,719
Notes receivable from participants	**$ 44,291**	$ 38,251
Interest income on notes receivable from participants	**$ 1,110**	$ 3,163

4. Fair Value Measurements (Unaudited)

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820-10, *"Fair Value Measurements and Disclosures,"* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or 2 inputs are not available.

Level 1 Inputs - The values of mutual fund investment accounts are reported using a unit value based on quoted prices in active markets for identical assets.

No Level 2 inputs were available to the Plan at December 31, 2025.

No Level 3 inputs were available to the Plan at December 31, 2025.

The Plan's mutual funds are reported at fair value and the general investment account is reported at contract value in the statements of net assets available for benefits.

4. Fair Value Measurements (Unaudited) - Continued

The Plan's common/collective trusts are reported at the NAV of the units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust, less its liabilities. The practical expedient is not used when it is determined to be probable that the trust will sell the underlying investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the trust's investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Fully Benefit-Responsive Investment Contract (Unaudited)

The Plan holds a traditional fully benefit-responsive investment contract, a group annuity contract with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in its general account. The contract has no specific underlying assets assigned to it. Empower is contractually obligated to repay principal and interest credited to the Plan. Interest is credited to participant accounts daily at a rate set by Empower. The rate is based on the investment portfolio of the general account. It may change periodically at Empower's discretion and is not guaranteed through a specific maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value in the statements of net assets available for benefits, as required by FASB ASC 962-325-35-5. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025, and 2024 was $794,731 and $1,283,088, respectively.

The Plan's ability to receive amounts due depends on the issuer's ability to meet its financial obligations. Future economic and regulatory developments may affect the issuer's ability to meet its contractual obligations.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include (a) amendments to the Plan documents, including complete or partial Plan termination or merger with another plan; (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan sponsor, or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary), that cause a significant withdrawal from the Plan; (d) the failure of the trust to qualify for exemption from federal income taxes or for any required prohibited transaction exemption under ERISA; and (e) premature termination of the contract.

The Plan administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (a) an uncured violation of the Plan's investment guidelines; (b) a breach of a material obligation under the contract; (c) a material misrepresentation; and (d) a material amendment to the agreement without the issuer's consent.

6. Plan Termination

Although it has not expressed any intent to do so, the sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The IRS has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust, as then designed, complied with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Parties-in-Interest

John Mason provides consulting services to the Plan. John Mason is a service provider of the Plan; therefore, transactions with John Mason are party-in-interest transactions. Fees paid to John Mason by the Company through the Plan totaled $18,895 for the year ended December 31, 2025.

Empower Advisory Group, LLC is the investment manager of the Plan; therefore, transactions are party-in-interest transactions. Fees paid to Empower Advisory Group, LLC by the Plan totaled $15,100 for the year ended December 31, 2025.

Morningstar Inc. provides investment advisory services for the Plan; therefore, transactions are party-in-interest transactions. Fees paid to Morningstar Inc. by the Plan totaled $1,905 for the year ended December 31, 2025.

Empower Annuity Insurance Company provides recordkeeping services to the Plan. Empower Annuity Insurance Company is a service provider of the Plan; therefore, transactions with Empower Annuity Insurance Company are party-in-interest transactions. Fees paid to Empower Annuity Insurance Company by the Plan were paid through Empower Advisory Group, LLC for the year ended December 31, 2025.

WellsColeman performs the audit for the Plan. WellsColeman is a service provider of the Plan; therefore, transactions are party-in-interest transactions. Fees are paid by the Plan sponsor.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Party-in-Interest-Transactions

Certain Plan investments are shares of mutual funds managed by Empower, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are exempt from the prohibited transaction provisions of ERISA. Participant loans also constitute party-in-interest transactions because they are transactions between the Plan and participants. These transactions are exempt from the prohibited transaction rules of ERISA and the Internal Revenue Code.

The Plan paid fees related to investment management services through reductions in investment returns on the related funds. Certain administrative expenses of the Plan were paid by the Plan, while other expenses were paid by the Plan sponsor.

The Plan did not engage in any nonexempt prohibited transactions during the year ended December 31, 2025.

11. Non-exempt Prohibited Transactions

Certain participant contributions were not remitted to the Plan within the time frame prescribed by the Department of Labor and, therefore, constitute non-exempt prohibited transactions. During the year ended December 31, 2025, participant contributions of $15,165 were remitted late to the Plan. Lost earnings related to the late remittances were calculated and contributed to the affected participant accounts by the Plan sponsor.
