Your Guide Forward

To the Plan Administrator and Management
Sunland Logistics Solutions, Inc.
401(k) Salary Reduction Plan & Trust
Simpsonville, South Carolina

We have audited the financial statements of Sunland Logistics Solutions, Inc. 401(k) Salary Reduction Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and we have issued our report thereon dated October 14, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Empower Trust Company and Empower annuity Insurance Company of America, (the "qualified institutions"), which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the accounting principles generally accepted in the United States ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 23, 2026. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's assessment for each of the Plan's investment input levels under Accounting Standards Codification 820, *Fair Value Measurements and Disclosures,* requires the Plan assess and disclose in the financial statements the level of input for each Plan investment. We evaluated the key factors and assumptions used to make your assessments for each Plan investment in determining it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are sensitive because of their significance to financial statement users.

Disclosure in Note 3 regarding information certified by the Plan's qualified institution, which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The disclosure of fair value measurements in Note 4 to the financial statements, which describes the valuation techniques used to measure each classification of the investments

The disclosure of contract value measurements in Note 5 to the financial statements, which describes the valuation technique used to measure the fully benefit-responsive guaranteed investment contract.

The disclosure of related party and party-in-interest transactions in Note 8 which describes the relationship between the Plan and its third party service providers.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of the audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding that is considered significant and relevant to those charged with governance but is not considered a deficiency in internal controls:

Missing personnel files
During our audit, we were unable to locate personnel files for certain participants. Improper record retention could lead to incorrect eligibility determinations or withdrawal calculations. We recommend the Plan enhance its controls over the retention of employee personnel files for all participants. The files should be retained in a secure location and filed centrally, if necessary. Additionally, we suggest that Plan management conduct audits of the employee personnel files throughout the year to ensure they have been retained and can be easily located. Alternative testing procedures were completed, where applicable, in such instances.

Further, we identified the following reportable findings that are considered significant and relevant to those charged with governance.

Internal Control Communications

In planning and performing our ERISA Section 103(a)(3)(C) audit we considered the Plan's system of internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control, nor did we include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain reportable findings that we consider to be significant deficiencies in internal controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be a material weakness.

We consider the following reportable finding to be a deficiency in the Plan's internal controls:

Misapplication of forfeitures
During our audit, we noted the Plan had unused forfeitures of $9,439. The Internal Revenue Code ("IRC") requires forfeited amounts to be used or reallocated to Plan participants in accordance with the terms of the Plan document in the year they are incurred.

Recommendation – We recommend the Plan use or reallocate these forfeited accounts as soon as possible. In addition, Plan management should consider consultation with ERISA counsel to determine if an official correction is necessary to ensure the Plan remains in compliance with ERISA and IRC regulations.

We consider the following reportable findings to be significant deficiencies in the Plan's internal controls:

Improper eligible compensation
During our audit, we noted inconsistency in the application of the terms in the Plan document relating to the definition of eligible compensation for the purposes of calculating the employee's contribution and the employer's contribution. Two participants in our sample made and received contributions based on compensation including the fringe benefit, auto allowance although the fringe benefit, auto allowance is not included in the definition of compensation in the Plan document. The incorrect use of eligible compensation resulted in over withholding for deferrals for these two participants. Incorrect deferrals could require the Plan Sponsor to make necessary corrective actions for the plan to remain in compliance with regulations and may include corrective contributions on behalf of the participant.

Recommendation – We recommend that the Plan Sponsor uniformly train all personnel who work with the plan and review the setup of the payroll system to ensure it is consistent with the Plan document.

Non-timely contributions
During our audit, we noted one instance in which deferrals withheld from employees' paychecks were not remitted to the Custodian/Trustee in a timely manner. The total contributions remitted late to the Plan were $14,852. Failure to remit participant contributions to the Plan in a timely manner results in prohibited transactions which must be separately reported to the DOL and may result in lost earnings for the Plan and penalties to the Plan Sponsor.

Recommendation – We recommend correcting the current process to assure self-correction of these late remittances and submitting the deferrals as soon as administratively possible.

Plan oversight
During the period under audit, we noted that the Plan Administrator had inconsistent oversight due to turnover. As a result, certain deficiencies, as described above were present, which may have been prevented with consistent oversight.

Recommendation – We recommend that the Plan Administrator work to improve oversight during transitionary periods by increasing internal documentation related to understanding of Plan processes and procedures. We note that the Plan Administrator has filled all open positions during 2026.

Disagreements with Management
For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated October 14, 2026.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
