Independent Auditor's Report

To the Plan Administrator
Springfield College Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Springfield College Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2025 and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of Springfield College Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory Internal Revenue Code ("IRC") Section 403(b) defined contribution retirement plan covering all eligible employees of Springfield College (the "College"). Eligible employees can begin to make salary deferral contributions to the Plan as soon as administratively feasible following their date of hire. Students and nonresident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of ERISA and the IRC. The Audit and Compliance Committee of the College's Board of Trustees is responsible for oversight of the Plan. The Defined Contribution Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Audit and Compliance Committee.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained age 60, 61, 62 or 63 on or after January 1, 2025 are entitled to make greater catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The College makes matching contributions to the Plan on behalf of each eligible participant. Participants are not eligible for matching contributions until the completion of six months of service. Participants who are regularly scheduled to work less than 20 hours of service per week and are not expected to complete a year of eligibility service, as defined, are not eligible to receive matching contributions. Adjunct faculty, as defined, are also excluded from receiving any of the College's matching contributions. The College will make matching contributions to the Plan equal to a percentage of the eligible compensation, as defined, that each participant contributes to the Plan in accordance with the following table:

Participant Contribution Percentage	College Matching Contribution
Less than 1% of compensation	0% of compensation
At least 1% but less than 2% of compensation	1% of compensation
At least 2% but less than 3% of compensation	2% of compensation
At least 3% but less than 4% of compensation	3% of compensation
At least 4% but less than 5% of compensation	4% of compensation
At least 5% but less than 6% of compensation	5% of compensation
At least 6% but less than 7% of compensation	6% of compensation
7% of compensation or more	7% of compensation

Matching contributions for employees hired on or after September 1, 2024, will be determined based on the following schedule:

Participant Contribution Percentage	College Matching Contribution
Less than 1% of compensation	0% of compensation
At least 1% but less than 2% of compensation	1% of compensation
At least 2% but less than 3% of compensation	2% of compensation
At least 3% but less than 4% of compensation	3% of compensation
At least 4% but less than 5% of compensation	4% of compensation
5% of compensation or more	5% of compensation

Participants also direct the investment of all College matching contributions. All contributions are subject to certain IRC limits.

Participant accounts
Each participant's account is credited with the participant's contributions and the College's matching contributions, as well as an allocation of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants
Participants may borrow from certain portions of their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the time of the loan using the prime rate as published in *The Wall Street Journal* plus 1%. Principal and interest payments are made by participants directly to Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF").

Vesting
Participants are immediately vested in all contributions to their account plus actual earnings thereon.

Payment of benefits
Upon termination of service for any reason, a participant with an account balance of $1,000 or less may receive a lump-sum distribution without the consent of the participant. If the participant's account balance is greater than $1,000, but less than $7,000, the Plan administrator will roll the amount into an individual retirement account established by the Plan administrator, unless the participant elects to receive a lump-sum distribution. Participants with an account balance greater than or equal to $7,000 may elect to receive a single lump-sum amount, installment payments for a specified term, or purchase of an annuity contract equal to the value of the participant's interest in his or her account.

Withdrawals from the salary deferral and employer matching contribution portions of a participant's account, but not the earnings thereon, may be made in the event of a financial hardship in accordance with the provisions specified in the Plan. In addition, hardship withdrawals are not permitted from the salary deferral and employer matching contribution portions of a participant's account that are invested in custodial accounts. Withdrawals from a participant's rollover account may also be made at any time in accordance with the provisions specified in the Plan. Additionally, in-service withdrawals

are allowed from all portions of a participants account, in accordance with the provisions specified in the Plan, for participants who have attained age 59½ or become disabled.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition
Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The College's Defined Contribution Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by TIAA and CREF. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in two types of fixed annuity contracts, of which one is considered fully benefit-responsive.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contribution
Contributions from Plan participants and the discretionary matching contributions from the College are recorded in the year in which the participant contributions are withheld from compensation.

Payment of benefits
Benefits payments are recorded upon distribution.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Certain professional fees and loan origination and maintenance fees are paid directly by the Plan and are included in administrative expenses. Indirect investment related expenses are included in the net appreciation in fair value of investments.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Subsequent events
The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the year ended December 31, 2025, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by TIAA and CREF.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: Valued at the unit value as reported by the accounts. The unit values are listed on the National Association of Securities Dealers Automated Quotations ("NASDAQ") website and updated overnight for each day that the NASDAQ is open. The accounts held by the Plan are deemed to be actively traded.

Non-fully benefit-responsive fixed annuity contracts: Valued based on the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. These annuity contracts are not available for sale or transfer on any securities exchange. Withdrawals under the retirement annuity contracts may be made in the form of a life annuity or in 10 annual installments. The fully benefit-responsive fixed annuity contracts are valued as described in Note 5.

Pooled separate account: Valued at the unit value reported by the account. The unit value is listed on the NASDAQ website and updated overnight for each day that NASDAQ is open. The pooled separate account held by the Plan is deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 116,770,286	$ -	$ -	$ 116,770,286
Variable annuity contracts	63,388,655	-	-	63,388,655
Non-fully benefit-responsive fixed annuity contracts	-	-	58,812,429	58,812,429
Pooled separate account	8,139,967	-	-	8,139,967
Total investments, at fair value	$ 188,298,908	$ -	$ 58,812,429	$ 247,111,337

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 106,931,936	$ -	$ -	$ 106,931,936
Variable annuity contracts	63,759,116	-	-	63,759,116
Non-fully benefit-responsive fixed annuity contracts	-	-	59,944,394	59,944,394
Pooled separate account	8,258,270	-	-	8,258,270
Total investments, at fair value	$ 178,949,322	$ -	$ 59,944,394	$ 238,893,716

For the year ended December 31, 2025, there were $7,611,163 purchases of Level 3 assets. There were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair value as of December 31, 2025	Valuation technique	Significant unobservable inputs	Range of significant input values
TIAA Traditional Annuity Account - Nonfully benefit-responsive	$ 58,812,429	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 3.55% to 6.50%

Instrument	Fair value as of December 31, 2024	Valuation technique	Significant unobservable inputs	Range of significant input values
TIAA Traditional Annuity Account - Nonfully benefit-responsive	$ 59,944,394	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 3.65% to 6.50%

RA = Retirement Annuity

Note 5 - Investment contracts with insurance company

The Plan has entered into fully benefit-responsive fixed annuity contracts with TIAA, an insurance company, referred to as the TIAA Traditional Annuity. Participants who choose to invest in these contracts make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis.

As described in Note 2, because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits

attributable to the investment contracts. Contract value, as reported to the Plan by TIAA, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and ranges between 1% and 3% and has the potential for additional interest if declared by TIAA.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

The fixed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Plan loans

Participants were allowed to borrow from TIAA using certain assets in the participant's account as collateral. Under this arrangement, TIAA has the right to collect the collateral in the event of a default. Principal and interest payments are made directly by participants to TIAA. Effective January 1, 2022, the Plan loan program offered by TIAA was discontinued; however, Plan participants may continue to borrow from certain portions of their account in the form of notes receivable (see Note 1). At December 31, 2025 and 2024, Plan loans totaling $239,211 and $283,089, respectively, were outstanding under this arrangement, of which $239,211 and $264,061, respectively, have been defaulted.

Note 8 - Tax status

The Plan is designed using a volume submitter 403(b) plan document sponsored by PASI, LLC, the Plan's third-party administrator. The IRS has informed PASI, LLC by an advisory letter dated March 31, 2017, that the volume submitter 403(b) plan document is designed in accordance with applicable sections of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and deemed to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related party and party-in-interest transactions

Certain Plan investments are proprietary investments managed by TIAA and CREF. TIAA and CREF are the insurance entities who hold certain investments of the Plan and also the recordkeeper as agent for TIAA Trust, N.A., the custodian holding other investments of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for TIAA and CREF investment management services are included in the net appreciation in fair value of investments. For the year ended December 31, 2025, the Plan also incurred direct fees of $2,100 paid to TIAA and CREF for the maintenance of notes receivable from participants. The College pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against certain portions of their account balance, which are also considered party-in-interest transactions.

At December 31, 2025 and 2024, the Plan's revenue sharing account totaled $34,495 and $31,918, respectively. This account is used to pay Plan expenses and any excess amounts may be re-allocated to participant accounts. The Plan received revenue sharing credits from TIAA in the amount of $165,879 for the year ended December 31, 2025, which is shown as other income in the accompanying financial statements. The Plan made direct payments that were covered by revenue sharing credits of $71,923 for professional fees for the year ended December 31, 2025, which are included in administrative expenses in the accompanying financial statements. In addition, $94,587 of revenue sharing credits were re-allocated to participant accounts for the year ended December 31, 2025.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain salary deferral contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the College for the year ended December 31, 2025. The College is currently working with its third-party administrator to correct the delinquent participant contributions relating to payroll periods for the years ended December 31, 2023, 2024 and 2025. The College believes that these transactions should not affect the tax-qualified status of the Plan.
