Welfare Benefit Direct Reimbursement Plan

Independent Auditor's Report

Opinion

We have audited the accompanying financial statements of the White Castle System, Inc. Welfare Benefit Direct Reimbursement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits – cash basis as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits – cash basis for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits – cash basis of the White Castle System, Inc. Welfare Benefit Direct Reimbursement Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits – cash basis for the years then ended, in accordance with the cash basis of accounting.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the White Castle System, Inc. Welfare Benefit Direct Reimbursement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the White Castle System, Inc. Welfare Benefit Direct Reimbursement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Basis of Accounting

As described in the notes to the financial statements, the financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Plan Description

The following brief description of the White Castle System, Inc. Welfare Benefit Direct Reimbursement Plan (the Plan) is provided for general information purposes only. Participants and others should refer to the plan agreement for more complete information. Copies of this document are available from the plan administrator.

General

The Plan provides dental and vision benefits to employees of White Castle System, Inc. (plan sponsor) and its participating affiliates and their dependents who participate. The maximum amount payable annually is $1,500 for each covered participant and $1,000 for each covered dependent with no more than $750 of the maximum annual amount being used for vision care. Effective January 1, 2014, the Plan was amended to provide Medicare reimbursement coverage for retirees age 65 and older who attained age 40 with at least five years of service as of January 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Dental and Vision

Participation in the Plan is voluntary and is restricted to full-time employees with a minimum of six months of continuous service (three months for non-restaurant employees). An eligible employee may choose one of the following coverages: employee only, employee and spouse, employee and child(ren) and family coverage. Contributions required by the participant vary with the coverage selected. The plan sponsor contributes the funds necessary, in excess of participants' contributions, to properly fund the Plan and see that benefits are paid timely. The plan sponsor reviews and adjusts, if necessary, participant contribution requirements annually based on changes in dental and optical expenses experienced by the Plan.

Contributions – Medicare Premiums

Effective January 1, 2014, the Medicare retiree coverage includes a premium reimbursement program based on a predetermined formula that is based on a retiree's age and years of service. In accordance with the plan agreement, employer contributions for retirees are capped to an annual limit per participant.

Payment of Benefits

No payments are made directly to the providers. For dental benefits, participants must submit the claims to the Plan for reimbursement. For vision benefits, participants must first pay the provider for services performed and submit the paid bills to the Plan for reimbursement. For Medicare benefits, payments are made twice a year for reimbursement of Medicare premiums paid, based on a pre-determined formula.

Plan Description (continued)

SECURE Act 2.0

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act, 2023. SECURE 2.0 includes numerous changes affecting qualified retirement plans, including 401(k) plans, such as expanded eligibility rules for long-term part-time employees, new distribution options, changes to required minimum distributions, and optional Roth treatment for certain contributions. The Plan is evaluating these provisions and intends to adopt required amendments by the applicable deadline (generally the last day of the first plan year beginning on or after January 1, 2026 for calendar-year plans), while operating the Plan in good-faith compliance with applicable effective dates in the interim.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the cash basis of accounting. The cash basis of accounting means that contributions and other revenues are recognized when received and claims and other expenses are recognized when paid. Accordingly, sponsor contributions receivable and benefit obligations payable at year-end are not presented in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported claims, eligibility credits, claims payable and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Administrative Expenses

All administrative expenses, including personnel performing administrative functions for the Plan, have been paid directly by the plan sponsor.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent the actual present value of the estimated future periodic payments for Medicare reimbursements paid to retirees that are attributable under the Plan's provisions to claims for reimbursement submitted by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired employees or their beneficiaries and (b) present employees upon their retirement. Benefits for retired employees or their dependents and for active employees and their dependents are based on annual contribution limits established under the plan agreement.

Summary of Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits (continued)

The Plan's consulting actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, termination or retirement) between the valuation date and the expected date of payment.

Plan Funding Policy

The plan sponsor's funding policy is to provide the funds necessary, in excess of participant contributions, to timely pay all covered dental and vision benefits, as they are presented for payment and processing.

Benefit Obligations

The benefit obligations related to claims payable that are currently due and claims incurred but not yet reported to the Plan for active participants were approximately $53,000 and $57,000 at December 31, 2025 and 2024, respectively. The obligations are estimated primarily based on the most recent year's claims experience. Actual results could differ from the estimated benefit obligation.

Accumulated Plan Benefits

Actuarial present value of accumulated plan benefits as of December 31 is as follows:

	2025	2024
Inactive employees	**$ 5,150,533**	$ 5,522,434
Active employees fully eligible for benefits	**62,583**	96,472
Total actuarial present value of accumulated plan benefits	**$ 5,213,116**	$ 5,618,906

Accumulated Plan Benefits (continued)

The changes in accumulated plan benefits for the years ended December 31 are as follows:

	2025	2024
Actuarial present value of accumulated plan benefits beginning of year	**$ 5,618,906**	$ 5,713,982
Increase (decrease) during the year attributed to:		
Interest cost	**282,062**	283,778
Actuarial loss	**2,394**	357,711
Benefits paid	**(685,244)**	(736,565)
Net decrease	**(400,788)**	(95,076)
Total actuarial present value of accumulated plan benefits	**$ 5,218,118**	$ 5,618,906

Significant assumptions underlying the actuarial valuation are as follows:

Assumed discount rate	5.00% and 5.50% for 2025 and 2024, respectively
Beginning medical claim level per member	Annual cap of $3,011
Mortality table	Pri-2012 Annuitant/Non-Annuitant Tables with MP-2021 Improvement Scale
Normal retirement date	Varying rates by age, service and employment status. 33% are assumed to retire at all ages after the attainment of 40 years of service, regardless of age.
Percentage of future retirees who elect postretirement health care coverage	85%
Health care cost trend rate	5%

A 1% increase in the health care cost trend rate would result in an increase of the projected benefit obligation of approximately $25,000.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC), and accordingly, the Trust's net investment income is exempt from income taxes. The Company has obtained a favorable tax determination letter from the Internal Revenue Service (IRS), and the Company believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

Plan contributions are made and the actuarial present values of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
