Independent Auditor's Report

Plan Administrator
Blue Cross and Blue Shield of Minnesota Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blue Cross and Blue Shield of Minnesota Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan‘s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule H line 4—schedule of assets (held at year end) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL‘s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL‘s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL‘s Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Blue Cross and Blue Shield of Minnesota Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Blue Cross and Blue Shield of Minnesota (BCBSM or the Company) is the Plan Sponsor of the Plan. Stella Resources Co., Inc. participates in the Plan as a participating employer.

General: The Plan is a contributory plan available to substantially all employees. Eligibility requires attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Contribution rates are determined by the Board of Directors. Contributions ranged from 1% to 35% of an employee's salary as a voluntary reduction of current compensation for 2025 and 2024. The Plan adopted a "Safe Harbor" matching contribution formula, as defined by the Internal Revenue Service (IRS). Under this Plan, BCBSM or the Company matches 401(k) contributions dollar-for-dollar up to the first 3% of 401(k) eligible earnings contributed and 50 cents on the dollar for the next 2% of 401(k) eligible earnings contributed. Eligible employees are automatically enrolled after 60 days at a deferral rate of 6% of eligible compensation unless they "opt out" or elect to enroll in a percentage other than the default deferral percentage. The deferral percentage increases each year by 1% until the participants reach 15%. Funds for automatically enrolled employees are invested in the JPMorgan Smart Retirement Fund closest to their 65th birthday unless the employees update their investment elections.

Vesting: Participant contributions and all employer matching contributions are fully vested at the time of contribution. The 2% annual retirement contribution, which was discontinued in 2015, was fully vested after three years of employment. Most of the forfeiture account balance is a result of employees leaving prior to the annual retirement contribution vesting. Forfeited balances of terminated participants' non-vested balances were used to pay plan administrative expenses totaling $0 in 2025 and $4,522 in 2024. All other administrative expenses are covered by BCBSM. At December 31, 2025 and 2024, $15,539 and $5,987, respectively, unallocated forfeitures were available for future use.

Notes receivable from participants: Eligible participants are allowed to receive loans from their accounts, subject to certain limitations. The maximum loan amount outstanding is limited to $50,000 or 50% of the account value, whichever is less. The loan period may not exceed five years but may be extended for a reasonable period beyond five years if the loan qualifies as a home loan. The amount of the loan is transferred out of the borrower's investment account and into the loan fund, where distribution of the loan proceeds is made. The loan is paid back with interest through payroll deductions. The interest rate charged is the prime rate in effect as of the commencement date of the loan plus 1%.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his/her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: Upon separation from service with BCBSM due to death, disability, retirement or termination, a participant whose vested account balance exceeds $1,000 may elect to receive either a lump-sum distribution or periodic installment payments, or a direct rollover to an eligible retirement plan. A participant whose vested account balance is $1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to his/her vested account balance.

Note 1. Description of the Plan (Continued)

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative expenses: The Plan incurs administrative expenses directly related to the Plan, which consist primarily of trustee fees for investment fees and legal fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses are paid by the Company on behalf of the Plan. Incentives received from certain investments are offset against administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4, for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants represents participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Notes receivable from participants are shown net of an allowance for delinquent participant loans of $296,077 and $277,810 as of December 31, 2025 and 2024, respectively, for loans that are in default and have been deemed distributed and are not expected to be paid back. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent events: The Plan Administrator has evaluated events and transactions for potential recognition or disclosure through October 9, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the Trustee of the Plan. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 54,425,528	$ 102,740,943
Self directed brokerage accounts	26,413,058	20,595,471
Common collective trusts	882,901,150	749,000,680
	$ 963,739,736	$ 872,337,094
Notes receivable from participants	$ 11,142,820	$ 11,269,414

Fidelity Management Trust Company also certified to the completeness and accuracy of $148,047,145 of net appreciation in fair value of investments, $3,904,965 of interest and dividend and $892,751 of interest on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

In accordance with Accounting Standards Codification (ASC) 820, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1: Inputs are quoted prices in active markets for identical assets.

Level 2: Other observable inputs, including quoted prices for similar assets in active markets, quoted prices for identical or similar assets in non-active markets and inputs (other than quoted prices) that are observable for the asset either directly or indirectly.

Level 3: Unobservable inputs that cannot be corroborated by observable market data.

Fair values of assets are based on quoted market prices, where available. In instances in which the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular item to the fair value measurement in its entirety requires judgment, including the consideration of inputs specific to the asset.

Investments that use the practical expedient are not classified within the fair value hierarchy.

Note 4. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts (CCTs): Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

Self-directed brokerage accounts: Brokerage accounts include investments in common stocks, mutual funds and money market funds. The fair value of common stocks included in self-directed brokerage accounts are valued at the closing price reported on the active market on which the individual securities are traded. The fair value of mutual funds and money market funds held in self-directed brokerage accounts are determined as described above.

The following tables present fair value measurements by level at December 31, 2025 and 2024, for assets measured at fair value on a recurring basis:

	Investments at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Self directed brokerage accounts	$ 26,413,058	$ -	$ -	$ 26,413,058
Registered investment companies (mutual funds)	54,425,528	-	-	54,425,528
Total investments	$ 80,838,586	$ -	$ -	80,838,586
Investments measured at net asset value (a):				882,901,150
Total investments at fair value				$ 963,739,736

	Investments at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Self directed brokerage accounts	$ 20,595,471	$ -	$ -	$ 20,595,471
Registered investment companies (mutual funds)	102,740,943	-	-	102,740,943
Total investments	$ 123,336,414	$ -	$ -	123,336,414
Investments measured at net asset value (a):				749,000,680
Total investments at fair value				$ 872,337,094

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table sets forth an additional disclosure of the Plan's investment in collective investment trusts, whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

(a) The Arrowstreet International Equity ACWI EX US CIT fund seeks to produce returns more than the MSCI All Country World ex US Investable Market Index, the benchmark of the fund with generally expected tracking error in the range of 3%-7% over rolling five-year periods. The Fund primarily invests in a broad range of international equity securities that are listed on the stock exchange and/or trade on regulated markets worldwide. Such equity securities may include, but are not limited to, common and preferred stocks, rights, warrants, American Depository Receipts, Global Depository Receipts, participation notes and other similar instruments. The fund may also invest in exchanged traded and closed-end funds, foreign currency exchange contracts, futures and swaps.

(b) The Fidelity Growth Company Commingled Pool Fund's investment objective is to seek to provide capital appreciation over a market cycle relative to the Russell 3000 Growth Index through the active management of equities across a broad segment of the equity markets. The portfolio's investment philosophy is to capitalize on the strength of Fidelity's internal research by selecting those stocks that are found to be attractive by Fidelity's proprietary fundamental research by investing in companies that the manager believes have above-average growth potential. The portfolio may invest in domestic and foreign issuers. Generally, the portfolio's universe includes common stocks with market capitalization consistent with the Russell 3000 Growth Index.

(c) Galliard's fixed income portfolios emphasize high-quality spread sectors, diversification across sectors and issuers to reduce risk, neutral duration positioning and a laddered portfolio structure for ample natural liquidity.

Note 4. Fair Value Measurements (Continued)

(d) The JP Morgan SmartRetirement Funds are designed to help investors prepare for retirement by dynamically adjusting their asset allocation over time. Each fund targets a specific retirement year and gradually shifts from a growth-oriented strategy to a more conservative approach as the target date approaches. The funds are well diversified, holding a mix of actively managed mutual funds and passive ETFs, and are managed by a team of JP Morgan investment experts. The asset allocation is automatically adjusted to reduce risk as investors near retirement, with some funds offering options for generating a lifetime income stream.

(e) Spartan Extended Market Index Pool Class F seeks to closely track the returns and characteristics of the Dow Jones U.S. Completion Total Stock Market Index, which provides a diversified exposure to domestic small- and mid-cap equities. The fund normally invests at least 80% of its assets in securities of companies included in the Index.

(f) Spartan International Index Fund attempts to replicate the returns of the MSCI EAFE Index, which represents developed foreign stock markets outside the U.S. The fund typically invests at least 80% of its assets in common stocks included in the Index.

(g) The Spartan 500 Index Fund seeks to replicate the performance and overall characteristics, before fees and expenses, of the S&P 500 Index in a risk-managed and cost-effective way. The portfolio generally invests at least 80% of its assets in securities of companies that comprise the Index.

(h) Wellington Collective Investment Fund II SMID seeks to provide long-term capital appreciation by investing primarily in a diversified portfolio of small- and mid-cap equity securities. The Fund's investment objective is to generate returns in excess of the Russell 2500 Index over the long term.

(i) The Prudential Core Plus Bond Fund is a collective trust that seeks to outperform the Bloomberg U.S. Aggregate Bond Index over a full market cycle. The Fund invests primarily in U.S. investment-grade fixed-income securities and may also invest in below-investment-grade securities and debt issued in developed and emerging international markets.

(j) Galliard Stable Return Fund X seeks to provide investors with a moderate level of stable income while preserving principal and minimizing volatility. The Fund is designed for investors seeking higher income than money market funds without the price fluctuations typically associated with stock or bond funds.

Note 5. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Related-Party and Party-in-Interest Transactions

The Plan holds units of common collective trusts and shares of mutual funds managed by Fidelity Management Trust Company, the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Note 8. Plan Termination

While it has expressed no intention to do so, the Company has the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their entire account balances and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.
