INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Priority Plastics, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Priority Plastics, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Priority Plastics, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Priority Plastics, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B1 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in aggregate, that raise substantial doubt about the Priority Plastics, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Priority Plastics, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Priority Plastics, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

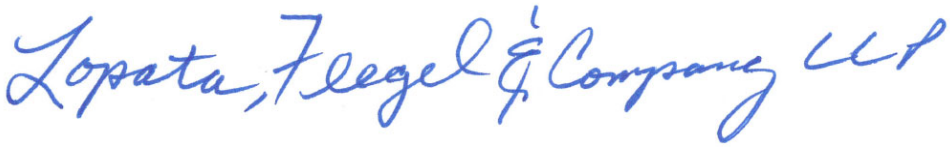

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Plan Administrator
Priority Plastics, Inc. 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Priority Plastics, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a 401(k) defined contribution plan covering all eligible employees of Priority Plastics, Inc. (Company) who have completed six months of service and are age 18 or older. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established June 1, 2001. It was most recently amended and restated effective March 20, 2026 (See Note L).

During 2025, the Plan was funded with a group annuity contract issued by American United Life Insurance Company (AUL). AUL had the authority to purchase and sell investments of the Plan subject to participant elections in accordance with the provisions of the Plan.

2. Contributions

Each year, participants may contribute up to the maximum amount of pretax annual compensation allowed by law, as defined in the Plan. Participants may designate all or a portion of their elective contributions as Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants who have attained ages 60 to 63 before the end of the plan year are eligible to make additional catch-up contributions (See Note K). Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation, with automatic annual 1% increases up to 3%, and their contributions invested in designated funds until changed by the participant.

The Company may make flexible discretionary matching contributions. The Company elected to match 50 percent of the first six percent of the employees' elective deferral during the 2025 Plan year.

The Company may make discretionary profit sharing contributions. The Company elected not to make any profit sharing contributions for the Plan year ending December 31, 2025.

Contributions are subject to certain IRS limitations.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Employees vest in Company non-elective and matching contributions at the rate of 20% per year, beginning after one year of vesting service.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans bear interest at an agreed-upon percentage based on prevailing market rates (ranging from 4.25% to 9.50% at December 31, 2025). Principal and interest is paid ratably through payroll deductions. Loan origination fees are withheld directly from loan proceeds.

6. Payment of Benefits

In the case of normal retirement, retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their vested plan benefits, in accordance with the provisions of the Plan, in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the Plan administrator. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's vested plan benefits in a lump-sum distribution or in an alternative manner mutually agreed upon by the beneficiary and the Plan administrator. If an active participant dies or becomes permanently disabled, all amounts become fully vested. The Plan allows for in-service distributions when a participant reaches 59 ½ and hardship distributions, subject to Plan provisions. Withdrawals under other circumstances may be permitted as provided by the Plan document.

7. Forfeitures

Forfeitures may be used to pay administrative expenses, used to reduce future employer contributions, or allocated to participants' accounts. In 2025, employer contributions were reduced by $21,653 from forfeited nonvested accounts.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis. Distributions, administrative expenses and transfers are recognized when they are paid rather than the period to which they relate. Excess contributions to participants are reported when paid by the Plan.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

2. Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Dividends from the underlying investments in pooled separate accounts are included in net investment appreciation. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded in the year they are paid as a reduction to contributions in accordance with the modified cash basis described in Note B1. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

7. Payment of Benefits

Benefits are recorded when paid.

8. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment advisory services are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation of fair value of investments. AUL funds the Plan's investment advisory fees through a credit to the Plan's revenue account. The advisory fees are paid from the amount credited to the revenue account. This credit is netted against the Plan's expenses.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

9. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued (See Note L).

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at an "accumulation unit value" (AUV). The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. The fund NAVs are received directly from the fund companies. Pooled separate accounts, with fair values of $8,204,621 and $7,603,272, at December 31, 2025 and 2024, respectively, are valued within Level 2 of the fair value hierarchy.

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into an investment contract with AUL, the AUL Stable Value Account. The AUL Stable Value Account is an interest-earning investment option, backed by AUL's general account assets. AUL is contractually obligated to repay the principal and interest. Interest is credited at a rate declared prior to the beginning of a calendar year and is guaranteed for that year until the new rate is set for the next year. No guaranteed rate may be less than an annual effective interest rate of zero percent. This investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contract at December 31, 2025 and 2024 was $542,196 and $562,011, respectively.

The Plan's ability to receive amounts due in accordance with the fully-benefit responsive investment contract is dependent on AUL's ability to meet its financial obligations. AUL's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Withdrawals from the contract for other than the payment of benefits may be subject to a market value adjustment. Certain restrictions may apply with respect to transfers from the account. No surrender charge or market value adjustment resulted as part of the acquisition as described in Note L.

NOTE E – INFORMATION CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, Plan management has accepted the certifications of AUL as to the accuracy and completeness of the investment information included in the accompanying financial statements and supplemental schedule; and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information. Accordingly, the following information was certified by AUL as of December 31, 2025 and 2024 and for the year ended December 31, 2025 and was not subject to any auditing procedures, except for comparing such information with the related information contained in the accompanying financial statements and supplemental schedule:

- Investments at fair value and contract value and notes receivable from participants as of December 31, 2025 and 2024, which are included in the statement of net assets available for benefits.
- Interest and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2025, which are included in the statement of changes in net assets available for benefits.
- Party-in-interest transactions for the year ended December 31, 2025, which are described in Note G.
- All information regarding assets held by the Plan at December 31, 2025 included in the schedule of assets (held at end of year).

NOTE F – TAX STATUS

Effective July 1, 2022, the Plan was restated as a OneAmerica Financial Partners, Inc. non-standardized pre-approved plan document whose basic design received the favorable opinion of the Internal Revenue Service (IRS) dated November 30, 2020. Effective March 20, 2026, the Plan was restated with a Voya Retirement Insurance and Annuity Company defined contribution pre-approved plan document whose basic design was approved by the IRS on June 30, 2020, satisfying the requirements of ERISA (See Note L). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

AUL, as custodian of the Plan's assets, is considered a party-in-interest as defined by ERISA. At December 31, 2025 and 2024, the Plan held units of participation in a fixed account of AUL, with a total aggregate contract value of $542,196 and $562,011, respectively. At December 31, 2025 and 2024, investments managed by AUL totaled $8,746,817 and $8,165,283, respectively. See Note B8 for investment advisory fees paid by AUL through a credit to the Plan's revenue account.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – PLAN COMPLIANCE

In 2024, it was determined that certain 2023 employee deferrals, Company match contributions and forfeitures were not properly calculated. During 2025, the Plan sponsor made corrective contributions for certain identified errors to make these participants' accounts whole. The Plan sponsor is currently working with its third-party administrator to fund corrective contributions to make the remaining participants' accounts whole in 2026.

Under the modified cash basis of accounting used by the Plan, corrective contributions are recorded in the statement of changes in net assets available for benefits in the year received by the Plan.

NOTE K – RECENT LEGISLATION

The SECURE 2.0 Act of 2022 was signed into law in December 2022 to increase retirement savings and improve retirement rules, among other provisions. As part of these provisions, the Plan allowed for a higher catch-up limit in 2025 for individuals who attained ages 60 to 63. Formal Plan amendments required by the Act are generally not required to be made until the end of the first plan year beginning on or after January 1, 2026.

NOTE L – SUBSEQUENT EVENTS

Voya Financial completed its acquisition of OneAmerica Financial's full-service retirement plan business, including American United Life Insurance Company (AUL) 401(k) plans, on January 2, 2025. Plan operations were unchanged in 2025. The Plan was amended and restated effective March 20, 2026, as a Voya Retirement Insurance and Annuity Company defined contribution pre-approved plan. As part of the transition, Voya Institutional Trust Company became the trustee of the Plan. The amendment and restatement also implemented certain operational changes to the administration of the Plan, including the migration of Plan investments from the AUL group annuity contract to investment options available through Voya's investment platform. The new investment lineup consists primarily of collective investment trusts, mutual funds, and a stable value fund administered through the Voya platform.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
