INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Plan Participants of
Seoyon E-Hwa Interior Systems Alabama, LLC Employees Savings Trust, and
Board of Directors of Seoyon E-Hwa Interior Systems Alabama, LLC:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Seoyon E-Hwa Interior Systems Alabama, LLC Employees Savings Trust (the "Plan"), an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental information, Schedule H, line 4i - Schedule of Assets as of December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. For information included in the supplemental schedule that is agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion, the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

Seoyon E-Hwa Interior Systems Alabama, LLC. (the "Plan Sponsor" and the "Employer") sponsors the Seoyon E-Hwa Interior Systems Alabama, LLC Employees Savings Trust (the "Plan"), which is a defined contribution plan. Substantially all employees of the Plan Sponsor who are age of 21 and have completed three months of service are eligible to participate to the Plan, excluding Korean expatriates, union employees, and nonresident aliens. The Plan began on January 1, 2008 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Sponsor is a member of a controlled group of corporations. For purposes of applicable IRS nondiscrimination and coverage testing requirements, the employees and plans of members of the Plan Sponsor's controlled group are considered in accordance with the applicable aggregation rules under the Internal Revenue Code.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants may elect to defer up to 90% of their eligible compensation on a pre-tax or Roth basis, subject to the annual limits imposed by the Internal Revenue Code ($23,500 for 2025, plus an additional $7,500 catch-up contribution for participants age 50 and older, which is increased to $11,250 for participants ages 60 to 63). These dollar limits are indexed for cost-of-living adjustments. The Plan also permits rollover contributions from other retirement accounts. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the Plan administrator.

Employer contributions to the Plan may include matching contributions, non-elective contributions, and qualified non-elective contributions ("QNECs"):

Employer Matching Contributions:	The Plan Sponsor may, in its sole discretion, make matching contributions on participants' elective deferrals and/or catch-up contributions. For 2025, the Employer provided a discretionary matching contribution equal to 50% of elective deferrals, not exceeding 2% of a participant's compensation.
Non-Elective Contributions:	The Employer may, in its sole discretion, make non-elective contributions on behalf of eligible participants. Under the Plan, non-elective contributions are allocated in proportion to each participant's compensation relative to the total compensation of all eligible participants.
QNECs:	The Employer may also, at its discretion, make QNECs to ensure compliance with applicable nondiscrimination requirements.

The annual dollar limit for combined contributions (excluding catch-up contributions) cannot exceed the lesser of $70,000 or 100% of participant's annual compensation for 2025. After 2025, the dollar limit for all contributions may increase for cost-of-living adjustments.

Vesting

Participants are always 100% fully vested in account attributable to salary deferrals including catch-up contribution, rollover contributions, and actual earnings thereon. Participants whose employment terminates for any reason other than death, disability, attainment of age 65, normal retirement age, will be vested in matching and non-elective (profit sharing) contributions accounts to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. Participants may only have one loan outstanding at any time and repayment of the loan is secured by participants' vested account balances. The period of repayment cannot exceed five years. The interest rate is equal to one percent above the prime rate and will be fixed for the duration of the loan.

Participants Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution of Benefits

Benefits are distributable upon normal retirement age, disability, death, or termination of employment. All distributions from the Plan will require participant consent if the vested account balance (excluding rollover contributions) exceeds $7,000. In such cases, participants may elect to receive their distribution in a single lump-sum payment, installments, or partial withdrawals. If the vested account balance does not exceed $7,000, the distribution will be made in a single lump-sum payment. Participant may also withdraw the vested value of a participant's account in the event of a participant's heavy and immediate financial hardship. Hardship distributions may not exceed the amount of participant's financial hardship.

Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance, the non-vested portion will be forfeited upon the earlier of the distribution of the participant's entire vested account balance or the last day of the plan year in which the participant incurs five consecutive 1-year breaks in service. Forfeitures may be used to pay plan expenses or reduce employer contributions.

For the year ended December 31, 2025, the non-vested portion that was forfeited totaled $24,327. At December 31, 2025, outstanding balance of forfeited account amounts to $691.

Top-Heavy Plan

If the Plan becomes top-heavy, when more than 60% of the Plan's assets are in the accounts of key employees, in any plan year, then non-key employees will be entitled to certain "top-heavy minimum benefits", and other special rules will apply. Among these top-heavy rules, the Plan Sponsor may be required to make a contribution on behalf of eligible non-key employees to satisfy the applicable top-heavy minimum contribution requirements.

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

The Plan utilizes various investment instruments including common/collective trusts and registered investment companies. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investments

The Plan's investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions

Distributions to participants are recorded when paid.

Fair Value of Financial Instruments

Investments are stated at fair value. The carrying amounts for interest-bearing cash and receivables approximate their fair values due to the short-term nature of these instruments.

Note 3 – Federal Income Taxes

The Plan Sponsor has adopted a pre-approved plan document that has received a favorable opinion letter from the Internal Revenue Service as to the acceptability of the form of the Plan under Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the original opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Plan Termination

Although it is not intended to maintain the Plan indefinitely, the Plan Sponsor reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

Note 5 – Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") 820, *"Fair Value Measurements and Disclosures"*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1	Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date
Level 2	Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability
Level 3	Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used for the year ended December 31, 2025.

Registered investment companies funds: Valued at the daily closing price as reported by the fund which is deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair-value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

Descriptions	2025	2024
Level 1	$ 4,570,188	$ 3,550,950
Level 2	-	-
Level 3	-	-
	$ 4,570,188	$ 3,550,950

Note 6 – Party-In-Interest Transactions

The Plan engages in transactions with parties-in-interest, which include the Plan Sponsor, fiduciaries, service providers, and certain affiliates. During the year, the Plan held notes receivable from participants arising from participant loans, recognized related interest income, and paid fees to parties-in-interest for administrative and recordkeeping services. These transactions are permitted or exempt from the prohibited transaction provisions under ERISA and were conducted in accordance with the terms of the Plan. The Plan did not engage in any nonexempt party-in-interest transactions during the year ended December 31, 2025.

Note 7 – Financial Information Certified by Custodian

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan, ADP Retirement Trust Services, LLC, for 2025 and 2024. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate at December 31, 2025 and 2024 and for the year ended December 31, 2025, as follows:

Statements of net assets available for benefits:	2025	2024
Investments at fair value	$ 4,570,188	$ 3,550,950

Statements of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$	393,618
Dividends		190,910
Interest – Note receivable from participants		15,024
Total investment income	$	599,552

All investment balances and information are included in the supplemental schedule at December 31, 2025.

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. However, the Form 5500 is prepared on the modified cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$	4,766,810
Net assets available for benefits per Form 5500	$	4,766,810

The following is a reconciliation of change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$	1,041,821
Net change in employer contributions receivable		18,656
Change in net assets available for benefits per Form 5500	$	1,060,477

Note 9 – Corrections for Excess Deferrals and Matches

During the year ended December 31, 2025, the Plan made corrective distributions to certain participants to correct excess contributions identified in accordance with the applicable provisions of the Internal Revenue Code and the Plan document. The corrective distributions included the related allocable earnings, as required, and were processed within the applicable correction period. As a result of these corrective distributions, the Plan recognized corrective distributions of $2,834 for the year ended December 31, 2025.

Note 10 – Corrections for Missed Contributions

The Plan Sponsor identified missed employee deferrals and matching contributions on bonus compensation and payroll adjustments earned during the 2023 plan year. Pursuant to the Self-Correction Program (SCP), the Plan recorded employer contributions receivable of $18,656 as of December 31, 2024, and corresponding employer contributions for the year then ended. During 2025, the Plan Sponsor completed the related corrections by remitting the required corrective contributions and lost earnings to the Plan. Accordingly, the employer contributions receivable of $18,656 as of December 31, 2024 was fully settled during 2025.

Note 11 – Subsequent Events

Management has evaluated subsequent events occurring after December 31, 2025 through August 18, 2026, the date on which the financial statements were available to be issued. Management has concluded that all subsequent events requiring recognition or disclosure have been appropriately reflected in the financial statements.
