INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of the
Career Certified 401(k) Plan
Greenwood Village, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Career Certified 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Career Certified 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Career Certified 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Career Certified 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of Career Certified 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Career Certified 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2025 and Delinquent Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the plan

The following description of Career Certified 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees (except collective bargaining, non-resident aliens and leased employees) of Career Certified, Inc. (the "Employer") who have completed one month of employment. The Plan is subject to the provisions of ERISA. The Trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan on either a pre-tax or post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

Employer contributions

The Plan agreement specifies an Employer matching contribution equal to 100% of each Participant's elective deferrals but not exceeding 2% of a participant's compensation.

Participant accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their and the Employer's contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their elective salary reduction contributions and the actual earnings thereon. Vesting in Employer matching contributions and the earnings thereon is based upon the years of service of the participant. Participants become 33% vested after one year of service, 66% after two years of service and is 100% vested after three years of service. A participant is fully vested upon death or total and permanent disability.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of the vested value of the participant's account. The aggregate dollar amount of all loans outstanding may not exceed $50,000 less the amount that the plan's highest outstanding loan amount during the prior 12 months exceeds the participants current outstanding loan balances. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan Administrator commensurate with the prevailing rates. Principal and interest are paid ratably through regular payroll deductions.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may receive a partial amount if the participant must receive required minimum distributions. Participant's may request an in-service distribution at age 59 ½ or for hardship as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $10,587 and $9, respectively. During the year ended December 31, 2025, $1,756 of forfeitures were used to offset Plan expenses.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of benefits

Benefits to participants are recorded when paid. Excess participant contributions payable generally represent the distribution of certain assets to employees in order for the plan to comply with nondiscrimination rules.

Expenses

The Plan pays outside service providers for Plan administrative services, such as legal, accounting and recordkeeping and investment advisory services, unless the Employer elects, at its own discretion, to pay some or all of the Plan administrative expenses. To the extent these expenses are not paid by the Employer, or reimbursed by a third party, the Plan charges these expenses pro rata against participants' accounts. Some of the Plan expenses are paid from the total annual operating expenses of one or more of the designated investment alternatives. Such expenses are included in net appreciation of fair value of investments.

Certain transaction based fees are charged directly to the participant's account and are included in administrative expenses. Certain administrative functions are performed by officers and employees of the Employer. No such officer or employee receives compensation from the Plan.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Fair Value Measurement Topic of the Accounting Standards Codification (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following is a description of the valuation methods used for assets measured at fair value:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,287,136	$ -	$ -	$ 7,287,136
Investments at fair value	$ 7,287,136	$ -	$ -	$ 7,287,136

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,117,861	$ -	$ -	$ 6,117,861
Investments at fair value	$ 6,117,861	$ -	$ -	$ 6,117,861

4. Information certified by trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024 net appreciation in fair value of investments and dividends and interest for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified and complete and accurate by Nationwide Trust Company, FSB (the trustee of the Plan).

5. Group Annuity with Nationwide Life Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract known as Fixed Select Contract with Nationwide Life Insurance Company. The value of the contract was $15,417 and $16,399 as of December 31, 2025 and 2024, respectively. The investment seeks to protect principal while providing returns in excess of money market funds and one year treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, and there is no set maturity. The effective credited interest rate is set annually and effective on the first day of the year. Contract charges may reduce this return. The average yield earned by the plan is derived by averaging the annual gross interest rates for the fund over the year. The average yield for 2025 was 0.7%. The actual average yield earned by the plan is derived by averaging the plan's quarterly interest rates. The actual average yield was the same as the average yield during 2025 as the contract crediting rate remained the same.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract is secured by the general assets of Nationwide Life Insurance Company. Although it has not expressed any intent to do so, in the event of plan termination, merger, or other significant event the plan may limit the fund's ability to transact at contract value. Certain events may allow Nationwide Life Insurance Company to terminate the contract and settle at an amount different from contract value.

6. Related parties and parties in interest

The plan invests in shares of registered investment companies managed by the trustee. Fees paid by the plan to the trustee for certain investment management fees were deducted from the net asset values of the registered investment companies held by the plan. These transactions qualify as party in interest transactions.

7. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The interest of the participants in Employer contributions and earnings thereon shall be fully vested upon termination of the Plan.

8. Tax status

The Plan was initially adopted on January 1, 2013. Effective July 1, 2022, the Plan was amended and restated to bring the Plan into compliance with the 2017 Cumulative List (Notice 2017-37). The volume submitter obtained an opinion letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and uncertainties

The Plan invests in several types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. Delinquent participant contributions

During the Plan year, certain participant contributions in the amount of $774,621, were not remitted to the Plan within the time frame prescribed by the Department of Labor's regulations. As of the date of this report, correction of these delinquent remittances, including the calculation and deposit of lost earnings, has not been completed. The plan sponsor is in the process of addressing these delinquencies and intends to complete corrective actions as soon as practicable.

11. Reconciliations of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at to the Form 5500 at December 31, 2024:

Net assets available for benefits per the financial statements	$	6,166,104
Excess participant contributions payable		23,512
Net assets available for benefits per the Form 5500	$	6,189,616

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2025 to the Form 5500:

Changes in net assets available for benefits per the financial statements	$	1,228,325
Excess participant contributions payable at December 31, 2024		(23,512)
Changes in net assets available per the Form 5500	$	1,204,813

12. Subsequent events

Subsequent events were evaluated through date of the auditor's report, which is the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to replace the Employer match with a Safe Harbor Employer match where the Employer will match 100% of a participant's elective deferrals that do not exceed 1% of the participant's compensation, plus 50% of the participant's elective deferrals that exceed 1% but do not exceed 6% of the participant's compensation.
