Independent Auditors' Report

To the Plan Administrator and Participants
Superior Steel, Inc. 401(k) and Profit Sharing Plan
Knoxville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Superior Steel, Inc. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of Superior Steel, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that covers all eligible employees of Superior Steel, Inc. (collectively, the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has entered into an agreement with Great-West Life & Annuity Insurance Company (marketed as "Empower Retirement") and has appointed this company as trustee of the Plan assets. The recordkeeping of the Plan has also been delegated to Empower Retirement.

Eligibility - Employees of the Company become eligible to participate in the Plan after reaching the age of eighteen years and completing one year of service. For the purposes of both employee and employer contributions, employees may participate in the Plan on January 1 and July 1 following the day the eligibility requirements are met.

Contributions - Participants may defer up to 100% of their eligible compensation into the Plan, up to the maximum amount allowed by the Internal Revenue Code ("IRC"). Contributions are made on a pre-tax basis. Participants who have attained the age of fifty before the end of the Plan year are eligible to make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants directly allocate their contributions into various investment options offered by the Plan. The Plan offers multiple registered investment companies and a guaranteed annuity contract as investment options for participants. The Company contributions under the Plan are at the discretion of management.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions (if any) and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations to each participant are based upon the ratio of their account balances to the total of all participant account balances.

Vesting - Participants are immediately vested in their contributions and rollovers along with the actual earnings thereon. Participants vest in employer contributions, plus earnings thereon, based on years of continuous service at a rate of 20% per year, beginning with second year of participation. Participants shall become fully vested upon death or total and permanent disability.

Forfeited Accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $36,824 and $31,995, respectively. Balances may be used to reduce Company contributions or to pay Plan expenses, and are typically paid into the plan in the following period. The Company expects to use approximately $30,000 of the forfeiture balance to offset the 2025 employer profit sharing match contribution, paid in 2026.

Hardship Withdrawals - The Plan allows participants to withdraw a portion of their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

Payment of Benefits - On termination of service due to death, disability, retirement, or separation, participants may receive a lump-sum payment equal to the participant's vested interest in his or her account. Vested account balances less than $7,000 are automatically distributed without participant consent.

Administrative Expenses - Plan expenses may be paid out of Plan assets unless paid directly by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. The guaranteed annuity contract is stated at contract value based on the net asset value of the underlying securities. See Notes 4 and 5 for more information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments held during the year. Employee contributions are recorded when salaries are paid.

Contributions Receivable - The Company makes discretionary profit sharing contributions, allocated to each participant using the percentage of each participants compensation divided by the total compensation for all participants eligible to participate in the profit sharing amount. These contributions are calculated at the end of the plan year to be paid in the following year. As of December 31, 2025 and 2024, the Company recorded employer contribution receivables of $750,000 for both years then ended, and at December 31, 2025 and 2024, recorded employee contribution receivables of $0 and $3,554, respectively.

Benefit Payments - Benefit payments are recorded when paid.

Reclassifications - Certain reclassifications have been made to the 2024 balances in order to conform to the 2025 presentation with no effect on the previously reported net assets available for benefits or change in net assets available for benefits.

Date of Management's Review - Management has evaluated events and transactions occurring subsequent to the statements of net assets available for benefits date for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 13, 2026, which is the date these financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified complete and accurate by the trustee, Empower Annuity Insurance Company of America (marketed as "Empower Retirement").

	2025	2024
Investments	$ 12,912,793	$ 11,269,681
Net appreciation in fair value of investments	$ 1,484,408	
Dividends	$ 409,149	
Interest	$ 3,586	

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A valuation hierarchy has been established for disclosure of the inputs used to measure fair value. This hierarchy prioritizes the inputs into three broad levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Plan's assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Level 1) - The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares held by the Plan at December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,628,349	$ -	$ -	$ 12,628,349
	$ 12,628,349	$ -	$ -	$ 12,628,349

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,026,417	$ -	$ -	$ 11,026,417
	$ 11,026,417	$ -	$ -	$ 11,026,417

NOTE 5 – GUARANTEED ANNUITY CONTRACT

The Plan sponsor has a trust agreement with Empower Retirement which authorizes participation in the Key Guaranteed Portfolio Fund (the "Fund"), a guaranteed annuity contract. The contract is a group annuity contract and general account product issued by Empower Annuity Insurance Company of America. The contract is designed to provide preservation of principal, crediting of interest, and participant transactions at contract value, subject to the terms of the contract and the Plan.

Management has determined that the contract is fully benefit-responsive. Accordingly, the contract is reported at contract value in the accompanying Statement of Net Assets Available for Benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributed to the Fund because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. A fully benefit-responsive investment contract is evaluated on an individual contract basis and includes criteria such as a direct contract between the plan and issuer, issuer or wrapper obligations, participant-initiated transactions at contract value, reasonable participant access, and the absence of probable events that would limit the Plan's ability to transact at contract value.

Certain events may limit the Plan's ability to transact at contract value with the issuer, including premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, early retirement incentives, or other events specified in the contract. Management believes that the occurrence of events that would limit the Plan's ability to transact at contract value with participants is not probable.

The issuer may be permitted to terminate the contract or settle at an amount other than contract value upon the occurrence of certain events, including contract-specific issuer termination events, such as failure to comply with contract terms, material misrepresentation, loss of tax-qualified status, prohibited transactions, or Plan amendments affecting the contract. Management has evaluated the contract terms and is not aware of events that would make realization of contract value not probable as of December 31, 2025.

Participant accounts invested in the contract are credited with interest at rates established by the issuer. The interest crediting rate is based on the earnings of the underlying assets in the issuer's medium- to long-term general account portfolio, compared to the minimum interest crediting rate stated in the contract and prevailing market conditions. The interest crediting rate is reset quarterly.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value to any other investment option offered under the Plan at any time with no restrictions or penalties. Contract value, as reported to the Plan by Empower Retirement, represents contributions made into the contract, plus earnings, less participant withdrawals and administrative expenses. It is the policy of the Fund to use its best efforts to maintain a stable contract value, although there is no guarantee that the Fund will be able to maintain this value.

Contract value of the guaranteed annuity contracts is as follows as of December 31, 2025 and 2024:

	2025	2024
Guaranteed annuity contract		
Key Guaranteed Portfolio Fund	$ 284,444	$ 243,264

The average yield earned by the Plan (derived by averaging the Fund's quarterly gross interest rates) for 2025 and 2024 was 1.45% and 1.41%, respectively. The actual average yield earned by the Plan (derived by averaging the Plan's quarterly interest rates) was 1.45% and 1.41%, respectively.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of a Plan termination, no further contributions would be made to the Plan and participants would become 100% vested in their Company contributions.

NOTE 7 - TAX STATUS OF PLAN

The initial effective date of the Plan was January 1, 2006. Effective June 1, 2022, the Plan was amended and restated and adopted the Tennessee Pension Administrators, LLC Prototype Plan (the "TPA Prototype Plan"). The Internal Revenue Service determined and informed Tennessee Pension Administrators, LLC (the "TPA") by a letter dated June 30, 2020, that the TPA Prototype Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has not filed for its own determination letter. Although the Plan has been amended since the prototype determination letter was issued, the Plan administrator and the Plan's tax counsel believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan recognizes tax loss contingencies when it is probable that a liability had been incurred and the amount of the loss could be reasonably estimated. The amount recognized would be subject to estimates and management's judgment with respect to the likely outcome of each uncertain tax position. Although the tax years ending December 31, 2022 through December 31, 2025 remain open for examination by various taxing authorities, it is management's opinion that no significant uncertain tax positions remain open at December 31, 2025.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PARTY-IN-INTEREST

The Company is the administrator of the Plan and, as such, executes the normal duties associated therewith. Costs incurred for audit, legal, and other administrative functions are paid by the Company on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. TPA provides certain administrative services to the Plan. The Plan's investment adviser is Rather & Kittrell Capital Management. The Plan invests in funds managed by Empower Retirement. Empower Retirement acts as contract holder and recordkeeper for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
