INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Diamond Drugs, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Diamond Drugs Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Diamond Drugs, Inc. 401(k) Plan ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Diamond Drugs, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Diamond Drugs, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at Year End is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of Diamond Drugs, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan, established on June 21, 1996, is a defined contribution plan covering all full-time employees and part-time employees who work a regular schedule for Diamond Drugs, Inc., Remedy Repack, Inc., SapphireHealth, LLC and InnovaHealth, LLC (collectively referred to as the "Company") who have completed one year of service and are age twenty-one or older. Long-Term part-time employees, that is, an employee who has worked at least two consecutive 12-month periods during which they completed at least 500 Hours of Service in those periods and is at least twenty-one years of age can participate in the plan with elective deferrals only. The plan is administered by the Lincoln Financial Group Trust Company, Inc. who serves as the custodian of the assets of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees may elect to contribute up to 100% of their compensation into the Plan with a maximum of $23,500 in 2025 and $23,000 in 2024. Participants who are ages 50 to 59 years of age and age 64 and older are permitted to make "catch-up" contributions. The maximum allowed "catch-up" contribution is $7,500 in 2025 and 2024. Participants ages 60 to 63 years are permitted to make super catch-up contributions of $11,250 in 2025 The Company may also make matching contributions at the discretion of the Board of Directors. The Company's matching contribution for the 2025 plan year was $719,429, and $685,877 for the 2024 plan year.

Funding Policy

The Company has, within the seven day time period provided by the Department of Labor, made remittance to the trustee the elective deferral contributions withheld from wages for the applicable payroll pay date.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company contribution and Plan earnings. Company contributions are allocated to participants based upon participant earnings, as defined by the Plan.

Vesting

Participant contributions, plus actual earnings thereon vest immediately. Vesting in the Company's contributions plus actual earnings thereon, is determined on the basis of years of service. A participant is fully vested after five years of credited service. Full vesting is automatic when certain other circumstances as defined in the Plan, principaliy the death or disability of the participant, occur.

Investment Options

A participant may direct contributions to a broad range of diversified investment options through the Plan's trustee.

Note 1 – Description of Plan (Continued)

Payment of Benefits

On termination of service, a participant receives a lump-sum distribution equal to the value of the participant's vested interest in his or her account. In addition, a participant may withdraw funds, subject to Plan restrictions, in the event of a financial hardship.

Forfeited Amounts

At December 31, 2025 and 2024 forfeited nonvested accounts totaled $1,004 and $107, respectively. Forfeited amounts were used to reduce Company matching contributions or to reduce plan expense.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contribution accounts.

Note 2 – Summary of Significant Accounting Policies

Accrual Basis of Accounting

The Plan's management policy is to prepare the Plan's financial statement on the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles.

Investments held by a defined contribution plan are reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan that is attributable to fully benefit responsive investment contracts. The contract value is the amount a participant would receive if they were to initiate permitted transactions

Investment Valuation

The Plan's investments are stated at fair value, except for fully benefit responsive investment contracts which are recorded at cost. Fair value is the price that would be received in the sale of an asset or paid in a transfer of a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as appreciation in investments held during the year.

Payment of Benefits

Benefits are recorded as an expense when paid. Benefits paid to participants during the year were $1,817,251.

Note 2 – Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through September 11, 2026 which was the date of the financial statements were issued.

Note 3 – Tax Status

Diamond Drugs, Inc. has obtained a determination letter from the Internal Revenue Service dated March 31, 2014, that informed the administrator that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was restated for provisions required by the Pension Protection Act since receiving the determination letter. However, the Plan administrator, Trustee, and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC and therefore believe that the Plan is qualified, and the related trust is tax exempt. Effective January 1, 2022, the Plan was restated to conform to the CARES act.

Note 4 – Excess Employee Contributions Payable

Contributions received from participants for 2025 and 2024 exceeded the amount allowable under prescribed statutory nondiscrimination provisions of the Plan by $20,917 and $85,913, respectively. The excess contribution amounts along with applicable plan earnings were distributed to certain active participants in the Plan on or before March 15, 2026 and March 15, 2025, respectively. These amounts are included in the Plan's Statement of Net Assets Available for Benefits as excess employee contributions payable at December 31, 2025 and 2024.

Note 5 – Information Provided by Custodian

Lincoln Financial Group Trust Company, Inc. held the Plan assets and executed transaction therein. The plan administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln Financial Group Trust Company, Inc. has provided the trustee with certified statements regarding the assets held by it for the years ended December 31, 2025 and 2024, and the executed transactions, income and expense items for the schedules of investments and reportable transactions for the years ended December 31, 2025.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, Fair Value Measurements and Disclosures provides the framework for measuring fair value. The framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are:

Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access;

Level 2 – Inputs to the valuation methodology include items such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally form or corroborated by observable market data through correlation or other means;

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2025:

	Level 1	Total
Registered Investment Co-Funds	$ 50,340,705	$ 50,340,705
Insurance Co Annuity Contracts	5,154,375	5,154,375
	$ 55,495,080	$ 55,495,080

The plan did not own any asset that would be classified as Level 2 or Level 3 under the fair value framework. Accordingly, no transfers between levels occurred.

Note 8 – Guaranteed Investment Contract

The Plan entered into a fully benefit responsive guaranteed investment contract with Lincoln Financial Group Trust Company (Lincoln). Lincoln maintains the contributions in a general account which is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified guaranteed interest rate.

Note 8 – Guaranteed Investment Contract (Continued)

The guaranteed investment contract meets the fully benefit responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because it will be the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earning and less participant withdrawals and administration expenses. Participants will ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan documents, changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events, or failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 10 – Party In Interest Transaction

Certain Plan investments are managed by Lincoln Financial group Trust Company, Inc. Lincoln Financial Group is the custodian as defined by the Plan, and therefore these transactions qualify as party in interest transactions. Case Sabatini & Company is the Plan auditor and qualifies as a party in interest.

Note 11 – Reconciliation of Financial Statements to Schedule H of Form 5500
