INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
Fiesta Restaurant Group, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Fiesta Restaurant Group, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following brief description of the Fiesta Restaurant Group, Inc. Retirement Savings Plan ("the Plan") is provided for general information purposes only.

General. The Plan was established May 8, 2012, and is a defined contribution plan covering substantially all benefit eligible employees of Fiesta Restaurant Group, Inc. ("the Company") and its related subsidiaries who have completed six months of service. Further information about the Plan and the vesting benefit provisions is available from the Company's Benefits Department. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Empower Retirement LLC serves as the recordkeeper of the Plan and Empower Annuity Insurance Company of America and Empower Trust Company, LLC are the trustees and custodians of the Plan (collectively referred to as "Empower").

Contributions. Each year, participants may contribute up to 50% of their annual compensation, as defined in the Plan document, either on a tax-deferred or after-tax basis. Under current tax regulations, individual contributions for which taxes may be deferred were limited to $23,500 in 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions for which taxes may be deferred for up to $7,500 above the annual limit for 2025. Participants ages 60 through 63 are eligible for an enhanced catch-up contribution limit of up to $11,250 in 2025. Participants direct the investment of their contributions into various investment options offered by the Plan.

The matching contribution will be determined by the Company at its sole discretion. Participants who are employed on the last day of the plan year are eligible to receive discretionary matching contribution. For the 2025 plan year, the Company contributed a discretionary matching contribution equal to 50% of the employee's contribution up to a maximum Company contribution of 6% of eligible compensation per participating employee.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, as well as allocations of Company contributions, if any, and Plan investment earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan and Plan investment losses. Allocations are based on compensation, participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their personal contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. Partial vesting occurs as follows:

Years of Service	Vested Percentage
Less than 1	None
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Participants become 100% vested in the Company's contribution at the earliest occurrence of the following:

- Attainment of normal retirement date;
- Death;
- Permanent and total disability; or
- Completion of five years of service.

Forfeited Accounts. Forfeitures of the non-vested portion of terminated participants' accounts are used to offset future employer contributions or pay administrative expenses. Unallocated forfeitures at December 31, 2025 and 2024 were approximately $10,000 and $13,000, respectively. During 2025, unallocated forfeitures of approximately $16,000 were used to partially offset employer contributions. The employer contribution receivables at December 31, 2025 and 2024 are shown net of forfeitures to be applied of approximately $14,000 and $16,000, respectively.

Notes Receivable From Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance; or (b) $50,000, reduced by the highest outstanding loan balance during the previous 12 months. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest is paid ratably through payroll deductions and are generally repaid within five years. All loan fees are paid by the participant initiating a loan.

Payment of Benefits. The Plan provides for normal retirement upon reaching age 65 and has provisions for early retirement, in-service, hardship, disability, death and termination benefits for those participants who are eligible to receive such benefits. Upon termination of service, participants can elect to have a qualified rollover of their vested balance, receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his/her account.

Hardship Withdrawals. A participant may be eligible for a hardship withdrawal if the participant meets any one of the following criteria:

- Expenses previously incurred by or necessary to obtain medical care for the participant or any dependent of the participant;
- Costs directly related to the purchase (excluding mortgage payments) of a principal residence for the participant;
- Payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant or any dependent of the participant;
- Payments necessary to prevent the eviction of the participant from their principal residence or foreclosure on the mortgage of the participant's principal residence;
- Payment of funeral or burial expenses for a participant's deceased parent, spouse, child or dependent;
- Expenses for the repair of damage to the participant's principal residence that would qualify for a casualty loss deduction; or
- Expenses and losses incurred by the participant on account of a disaster declared by Federal Emergency Management Agency (FEMA), provided that the participants principal residence or principal place of employment at the time of the disaster was located in an area designated by FEMA for individual assistance with respect to the disaster.

Separated Participants. The Plan allows participants upon termination, retirement or permanent disability to defer receipt of their account balance if their vested benefit exceeds $7,000 at the termination date or at the time of any prior distribution. If a participant terminates with an account balance of $1,000 or less, and a rollover election is not made, the Plan will make a lump sum distribution to the participant. If a participant terminates with an account balance of more than $1,000 but less than $7,000, and a rollover or lump sum distribution is not elected, the Plan will rollover the account balance to an individual retirement account.

2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Subsequent Events. In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 13, 2026, the date that the financial statements were available to be issued.

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits. Benefit payments are recorded when paid to the participant.

Investment Valuation and Income Recognition. Except for the guaranteed interest account discussed in Note 4, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Fees. The Plan's administrative fees are paid by either the Plan or the Company.

Revenue Credit Account. The Plan has a revenue credit account which is a suspense account funded with excess revenue generated by the Plan. During 2025, the Plan received revenue credits of $22,225, which has been recorded as other income on the statement of changes in net assets available for benefits. These funds may be used to pay Plan expenses or be allocated to each participant who is employed at a set point in time during the Plan year. During 2025, $21,225 was used to pay administrative expenses. The balance in the account as of December 31, 2025 and 2024 was $1,602 and $586, respectively.

3. Fair Value Measurements

The Plan follows the fair value measurement guidance presented by U.S. GAAP for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Other observable market-based inputs or unobservable inputs that are corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs that cannot be corroborated by market data.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Mutual Funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that were measured at fair value as of December 31:

	2025	2024
Level 1:		
Mutual funds	**$15,155,761**	$ 12,944,843

4. Fully Benefit-Responsive Investment Contract

The Plan has a benefit-responsive investment contract which accumulates contributions in a fixed or variable account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. All transactions are at contract value, including the discontinuance of the contract, as such the contract is considered to be fully benefit-responsive.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, and is reviewed on a quarterly basis for resetting. The minimum gross interest credit rate under the contract is 0.05%. The interest crediting rate earned by the Plan for the year ended December 31, 2025 was 1.45%.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan terminations or merger with another Plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the provisions of the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants' accounts will become 100% vested.

NOTES TO FINANCIAL STATEMENTS—(Continued)

6. Tax Status

The Plan adopted a non-standardized pre-approved profit sharing plan provided by Alliant Insurance Services, Inc. (the "non-standardized Plan"). The Internal Revenue Service ("IRS") has determined and informed the non-standardized Plan by a letter dated June 30, 2020, that the non-standardized Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The non-standardized Plan letter has been relied upon by this Plan. The Plan has been amended since the non-standardized Plan received the opinion letter. The Company believes that the Plan is currently designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Certain Plan investments are managed by Empower and related entities and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions as defined by ERISA.

8. Information Certified by Plan Trustees and Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, have provided to the Plan Administrator certifications as to the completeness and accuracy of certain information, as follows:

- Statements of Net Assets Available for Benefits—All items except employer contribution receivable.
- Statement of Changes in Net Assets Available for Benefits—Interest and dividend income, interest on notes receivable from participants, net appreciation in fair value of investments and other investment income.
- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year)—All items.
