INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Investment Committee of
Oxbow Calcining LLC Employees' Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Oxbow Calcining LLC Employees' Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Oxbow Calcining LLC Employees' Retirement and Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oxbow Calcining LLC Employees' Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Oxbow Calcining LLC Employees' Retirement and Savings Plan (formerly known as Oxbow Calcining Salaried Employee's Retirement and Savings Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was formed in February 1992 and is a defined contribution plan covering all eligible employees of a controlled group of corporations consisting of Oxbow Calcining LLC and Oxbow Midwest Calcining LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Investment Committee, which is the Plan Administrator and is comprised of affiliated employees to the Company.

The Plan had contracted with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") to act as trustee and record keeper under the Plan until 2024. Certain assets still remain in a trust held by Principal as these assets could not be transferred to the new trustee until their contract expiration. During January 2024, the trustee of the Plan was changed to Matrix Trust Company ("Matrix") and most investments of the Plan were transferred from Principal to Matrix. During this time, OneAmerica Retirement Services LLC ("OneAmerica") became the record keeper for the Plan.

In January 2025, Voya Financial, Inc. acquired the retirement plan business of OneAmerica Financial, including OneAmerica. OneAmerica continued as recordkeeper until December 5, 2025, when the Plan converted to the Voya platform (the "Conversion"). Voya Institutional Trust Company ("Voya") became trustee and custodian, and Voya Retirement Insurance and Annuity Company ("VRIAC") became recordkeeper. Matrix, OneAmerica, Voya, VRIAC and Principal are each a party in interest to the Plan.

In 2024, the Plan adopted certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2022 ("SECURE 2.0 Act"), which among other changes increased the age for required minimum distributions to 73 and expanded eligibility for long-term, part-time employees. The Plan is evaluating additional optional provisions under the SECURE 2.0 Act for potential future implementation.

Eligibility – Participants are eligible to participate in the Plan without regard to age or service requirements. Employees become eligible to enter the Plan on the first day of the calendar month following their date of hire.

Contributions – Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time. The Company may make both discretionary matching contributions and profit-sharing contributions. During the year ended December 31, 2025 the Company made discretionary matching contributions equal to 50% of each participant's contributions up to 10% of the participant's annual compensation and discretionary profit sharing contributions based on a pay formula, as defined in the plan document. The Company made discretionary contributions totaling $1,284,713 during the year ended December 31, 2025. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in all participant and Company contributions plus earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may obtain up to three loan balances at any given time. The loans are secured by the balance in the participant's account and bear interest at the prevailing rate determined at the loan's origination. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – Distributions are made in the form of a lump sum, partial lump sum, or installments.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Administrative expenses amounted to $14,900 during the year ended December 31, 2025.

Note 2 – Summary of Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and investments. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

Note 3 – Information Certified by Principal, Matrix and Voya

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024.

Matrix, the Plan's trustee prior to the Conversion, has certified to the completeness and accuracy of the investments, other than those held by Principal, and the notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024, and the related investment activity reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period January 1, 2025 through the Conversion.

Voya, the Plan's trustee following the conversion, has certified to the completeness and accuracy of the investments, other than those held by Principal, and the notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2025, the related investment activity reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from the conversion through December 31, 2025, and the related information in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Principal, trustee and custodian for the Plan's investments with Principal Life Insurance Company, has certified to the completeness and accuracy of those investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the related investment activity reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the

year ended December 31, 2025, and the related information in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value under the hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. These assets are classified within Level 1 of the valuation hierarchy.

Collective Trust Fund – The Franklin Stable Value Fund 25BPS invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of maintaining safety of principal while generating a level of current income generally exceeding that of a money market fund. The fair values of participation units in the funds are based upon the daily net asset values of such funds. The net asset value ("NAV") is used as a practical expedient to estimate fair value. The fund maintains cash, internal cash flow and a maturity ladder of investments to offset cash withdrawals. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no notification requirements. The fund's manager may limit withdrawals in order to maintain sufficient liquidity.

Money Market Fund – Valued at amortized cost, which approximates current market value. These assets are classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts – Investments in pooled separate accounts are valued at the fair value per share (unit) based upon the number of shares held by the Plan at year end as reported by the fund managers and are classified in Level 1 in the fair value hierarchy. The Plan considers the fair value per share (unit) to be a readily determinable fair value which is disclosed and used as the basis for current transactions.

Guaranteed Interest Accounts – Fair value is the amount the Plan's participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates; only to the extent such market rates exceed crediting rates. These assets are classified within Level 3 of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 27,925,466	$ -	$ -	$ 27,925,466
Money Market Fund	78,362	-	-	78,362
Guaranteed Interest Accounts	-	-	233,003	233,003
Total in Fair Value Hierarchy	$ 28,003,828	$ -	$ 233,003	28,236,831
Investments measured at NAV(a)				70,300
Total Investments, at fair value				$ 28,307,131

	Fair Value Measurements at December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 26,132,867	$ -	$ -	$ 26,132,867
Money Market Fund	75,377	-	-	75,377
Pooled Separate Accounts	315,807	-	-	315,807
Guaranteed Interest Accounts	-	-	679,836	679,836
Total in Fair Value Hierarchy	$ 26,524,051	$ -	$ 679,836	27,203,887
Investments measured at NAV(a)				211,066
Total Investments, at fair value				$ 27,414,953

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The tables below set forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2025:

	Guaranteed Interest Accounts
Balance, Beginning of Year	$ 679,836
Total Gains or (Losses)	20,031
Interest Credited	16,221
Purchases	34,566
Settlements	(517,651)
Balance, End of Year	$ 233,003

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed Interest Accounts	$ 233,003	Assumed proceeds at discontinuance	Composite Guaranteed Rate	3.98%
			Current Rate on 12/31/2025	0.97% – 4.55%

Note 5 – Transfers into Other Defined Contribution Plan

During the year ended December 31, 2025, $3,397,945 were transferred from the Plan into the Oxbow Affiliated Companies Retirement Plan, a plan sponsored by an affiliate of the Company.

Note 6 – Related Party and Party-in-Interest Transactions

Matrix and OneAmerica, the Plan's trustee and recordkeeper through the Conversion, and Voya and VRIAC, the Plan's trustee and recordkeeper following the Conversion, provided trustee, custodial, recordkeeping and other services to the Plan; these transactions qualify as party-in-interest transactions. The Plan also holds guaranteed interest contracts issued by Principal Life Insurance Company, for which Principal serves as trustee and custodian; these investments also qualify as party-in-interest transactions.

Certain participants of the Plan have outstanding notes receivable with the Plan. These notes are considered party-in-interest transactions according to the DOL guidelines. Total outstanding notes receivable from participants as of December 31, 2025 and 2024 were $1,358,778 and $1,100,997, respectively.

Note 7 – Tax Status

The Plan was restated effective February 1, 2024 on a nonstandardized pre-approved profit sharing plan with CODA document. The pre-approved plan received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the form of the plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In June 2026, the Plan Administrator identified that, during the transition of the Plan's recordkeeping to Voya, certain loan repayments for participants with multiple outstanding loans were not properly applied by the recordkeeper, including repayments allocated to the incorrect loan or in amounts that differed from the payroll deductions remitted. Upon identification, the Plan Administrator, with the assistance of ERISA counsel and the recordkeeper, reviewed participant loan activity and corrected the affected loans in 2026, including bringing loans current and, where appropriate, re-amortizing outstanding balances, in accordance with the Employee Plans Compliance Resolution System. The Plan Administrator believes the corrective actions resolved the matter and that it does not affect the qualified status of the Plan.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 30,542,885	$ 29,323,974
Less: Contributions receivable from participants	(66,815)	-
Less: Contributions receivable from employer	(619,984)	-
Net assets per the Form 5500	$ 29,856,086	$ 29,323,974

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

	2025
Net increase per the financial statements	$ 4,616,856
Less: Contributions receivable – current year	(686,799)
Net income per the Form 5500	$ 3,930,057
