Block Real Estate Services LLC 401(k) Savings Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Block Real Estate Services LLC 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Block Real Estate Services LLC 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to benefits provided under the Plan or to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Block Real Estate Services LLC 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Block Real Estate Services LLC 401(k) Savings Plan’s ability to continue as a going concern for one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Block Real Estate Services LLC 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to benefits provided under the Plan or to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Block Real Estate Services LLC 401(k) Savings Plan ("the Plan") provides only general information. Financial statement users should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan available to all employees of Block Real Estate Services, LLC; Block Landscape Solutions, LLC; Block Technology Solutions, LLC; and BRES Partners, LLC, (collectively, the "Employer") who have attained the age of 21 and have completed three months of service. An employee may enter the Plan on the first day following the attainment of the aforementioned eligibility requirements. The Employer serves as sponsor of the Plan and, as such, has the authority to amend or terminate the Plan subject to certain restrictions.

Effective December 1, 2025, Block Maintenance Solutions, LLC, Pinnacle Construction Group, LLC, Block Construction Services, LLC, OCC Investors LLC, Block Hawley Commercial Real Estate Services, LLC, Block St. Louis, LLC, Block Multifamily Group, LLC, and BRES Multifamily, LLC ceased participation in the Plan and established separate defined contribution plans. Participants and related account balances, including outstanding participant loans, attributable to those employers were transferred to the newly established plans.

American United Life Insurance Company ("AUL") served as the custodian of the Plan for the year ended December 31, 2024. On January 14, 2025, Plan assets and participant accounts were transferred to Voya Retirement Insurance and Annuity Company ("Voya"), which thereafter served as the custodian and recordkeeper of the Plan. As custodian, Voya has the authority and responsibility to hold, manage, and protect the assets of the Plan in accordance with the provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute a portion of their annual compensation up to the maximum percentage allowable (100%) but may not exceed dollar amount limits set forth by Internal Revenue Service ("IRS") regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). During the years ended December 31, 2025 and 2024, these limits were $23,500 and $23,000, respectively. Qualifying participants may also contribute limited catch-up deferrals. Employer discretionary matching contributions are equal to 25% of the participants' elective deferral contributions up to 4% of annual pretax salary for both 2025 and 2024. The Employer may also make additional discretionary nonelective contributions to participants. During the years ended December 31, 2025 and 2024, the Employer did not make an additional discretionary nonelective contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contributions and Plan earnings. Participants accounts may be charged with an allocation of administrative expenses, as defined. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options listed in the attached supplemental schedule.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, substantially equal installments, or a direct rollover to another qualified plan or IRA. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. While still employed, a participant may withdraw any part of his or her account any time after reaching age 59 1/2. Hardship distributions are also permitted for current employees.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of service.

Years	< 2	2	3	4	5	6 or more
Vesting Percentage	0%	20%	40%	60%	80%	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts
Forfeited nonvested accounts totaled $6,312 and $841 at December 31, 2025 and 2024, respectively. Participant forfeitures are used by the Plan to pay administrative expenses, reduce employer contributions, reinstate previously forfeited account balances of participants, or be reallocated to participants accounts. During 2025, forfeited balances of $7,420 were used to pay administrative expenses. During 2024, forfeited balances of $15,271 were used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions
Contributions from Plan participants and the Employer contributions are recorded in the year in which the participant contributions are withheld from compensation.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Corrective Distributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions attributable to the 2025 plan year. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Transfer to Successor Plans
During 2025, participant account balances attributable to employees of employers that ceased participation in the Plan were transferred to newly established defined contribution plans. The transferred balances, including outstanding participant loans, totaled $3,938,163. As of December 31, 2025, the Plan held $16,799 of participant contributions, employer contributions, and related investment earnings attributable to participants whose accounts were transferred to successor plans. These amounts were transferred to the successor plans subsequent to year-end.

Subsequent Events
The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

NOTE 3 – CERTIFICATIONS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest income for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya and AUL, custodians of the Plan for 2025 and 2024, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts are valued at net asset value (NAV) practical expedient, which is based on the latest quoted market price of investments held within the fund. In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy because of the NAV practical expedient. As of December 31, 2025 and 2024, investments measured using the NAV practical expedient totaled $2,488,460 and $5,569,871, respectively. For those investments, unfunded commitments are not applicable, the redemption frequency (if currently eligible) is daily, and the redemption notice period is 12 months.

NOTE 5 – GROUP ANNUITY CONTRACTS

The Plan's fully benefit-responsive stable value investment option was maintained in the American United Life Insurance Company ("AUL") general account during 2024 and in the Voya Fixed Account during 2025. These accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed interest investment option issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contracts may be subject to a market value adjustment upon contract termination. Crediting interest rates on the fixed fund portion of the insurance investment contracts are determined periodically by the respective issuers, and are subject to contractual minimum guarantees and other contract provisions. The contract value of these investment contracts was $10,560 and $7,614 as of December 31, 2025 and 2024, respectively.

As described above, because the fixed interest investment option is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed interest investment option. Contract value, as reported to the Plan by the respective issuers, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. In addition, the contracts permit the respective issuers to terminate the contracts under certain conditions. Such termination may result in settlement at an amount other than contract value.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are held in pooled separate accounts and a guaranteed account managed by the Plan's custodians, Voya and AUL, as defined by the Plan. Certain fees totaling $22,821 were paid by the Plan to Voya during 2025 and $16,400 were paid by the Plan to AUL during 2024. These transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Employer has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the IRS dated June 30, 2020. The letter states that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adoption of the prototype plan, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PROHIBITED TRANSACTIONS

During 2024, the Employer remitted certain participant contributions to the Plan late, aggregating $32,913. During 2025, the Employer remitted certain participant contributions to the Plan late, aggregating $17,812. The DOL considers late deposits to be prohibited transactions.
