To Plan Management
TRI 3, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the TRI 3, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ending December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the TRI 3, Inc. 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions. Plan management is responsible for oversight of the Plan, determination of the appropriateness of the Plan's investments offerings and monitors investment performance.

Eligibility - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), covering all employees other than part-time and seasonal employees of TRI 3, Inc. (Company). Employees become eligible to participate in the Plan when they have completed three months of employment. Employees are treated as participants on the first day of the quarter following the date on which eligibility requirements are met.

Contributions - The Plan provides that active participants may contribute on a pre-tax basis, after-tax basis, or a combination thereof to the Plan, up to the maximum allowed by the Internal Revenue Code ($23,500 for 2025) as adjusted for applicable percentages of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($7,500 for 2025). Participants may also contribute amounts representing distributions from other qualified pre-tax defined benefit or defined contribution plans. Employees are eligible for safe harbor employer matching contributions beginning on the first day of the quarter following three months of service. The safe harbor employer matching contribution equals 100% of the participant's eligible contribution not exceeding 1% of total compensation, plus 50% of the participant's eligible contributions in excess of 1% but not in excess of 6 % of total compensation. The Company may elect to make a discretionary contribution. Employees are eligible for discretionary employer matching contributions beginning on the first day of the quarter following one year of eligible service. No discretionary contributions were made for 2025. Participants may direct the investment of their contributions into various investment options offered by the Plan.

The Plan utilizes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 6% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Participant Accounts - Participants' accounts are credited with each participant's contribution and allocations of the Company's contribution, plan earnings and administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. A participant is fully vested in the Company's matching contributions after five years of credited service or upon early or normal retirement age, disability, or death. A participant is fully vested in the Company's safe harbor matching contributions after two years of credited service or upon early or normal retirement age, disability, or death.

1. DESCRIPTION OF PLAN (CONTINUED)

Retirement Age - Early retirement age is 55 years of age, Normal retirement age is 65 years of age.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments for required minimum distributions only. Distributions to participants whose vested accounts do not exceed $7,000 shall be made upon termination of services in a lump-sum payment.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as of the date of the note. Principal and interest are paid ratably through regular payroll deductions. Notes receivable may not exceed five years.

Forfeitures - Forfeitures are used to reduce the Plan's reasonable administrative expenses or to reduce the Company's matching contribution. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $5 and $14, respectively. Forfeitures of $9,086 were used to reduce the Company's matching contributions the during the year ending December 31, 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and the Use of Estimates - The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian, Empower Annuity Insurance Company of America and Empower Trust Company, LLC. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions from plan participants and the Company discretionary match are recorded in the year in which the participant contributions are withheld from compensation.

Contributions Receivable - Contributions receivable are recorded for amounts due from employers and participants in accordance with the terms of the Plan. These receivables are

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

reported net of an allowance for credit losses, which is based on historical collection experience, current conditions, and other relevant factors. Management has elected an accounting policy to consider subsequent collection activity when estimating expected credit losses. Accordingly, the allowance for credit loss is zero for outstanding balances that were collected prior to the date these financial statements were available to be issued.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses may be included in net change in fair value of investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deemed the participant loan to be in default, the participant loan balance is reduced, and a benefit payment recorded. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Subsequent Events - These financial statements considered subsequent events through October 13, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY EMPOWER TRUST COMPANY, LLC AND EMPOWER ANNUITY INSURANCE COMPANY OF AMERICA (UNAUDITED)

The following is a summary of the information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Empower that information provided to the Plan Administrator by Empower is related to the following are complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedule related to the following:

3. INFORMATION CERTIFIED BY EMPOWER TRUST COMPANY, LLC AND EMPOWER ANNUITY INSURANCE COMPANY OF AMERICA (UNAUDITED) (CONTINUED)

	2025	2024
Investments at fair value:		
Mutual funds	$ 1,669,150	$ 613,816
Common collective trust fund	2,644,881	3,115,865
Investments at contract value	222,734	35,286
	$ 4,536,765	$ 3,764,967
Notes receivable from participants	$ 13,038	$ 6,866

Empower also certified to the completeness and accuracy of $530,181 of net change in fair value of investments and dividends and interest income of $61,263 related to the aforementioned plan assets for the year ended December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The guidance describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments are valued using a quoted price in an active market.

Collective Trust Fund - This investment is valued using Net Asset Value (NAV). The NAV, as provided by Empower, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales)

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The fair value at December 31, 2025 and 2024, of the Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy, as provided by Empower, is as follows (there are no Level 2 or 3 investments):

	Fair Value at December 31, 2025		
	Level 1	Not Classified	(Unaudited) Fair Value
Investments in fair value hierarchy:			
Mutual funds	$ 1,669,150	$ --	$ 1,669,150
Investments measured at net asset value[(a)]:			
Collective trust fund	--	2,644,881	2,644,881
Investments at fair value	$ 1,669,150	$ 2,644,881	$ 4,314,031

	Fair Value at December 31, 2024		
	Level 1	Not Classified	(Unaudited) Fair Value
Investments in fair value hierarchy:			
Mutual funds	$ 613,816	$ --	$ 613,816
Investments measured at net asset value[(a)]:			
Collective trust fund	--	3,115,865	3,115,865
Investments at fair value	$ 613,816	$ 3,115,865	$ 3,729,681

(a) Certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, as allowed by U.S. accounting policies. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV as of December 31, 2025 and 2024, respectively.

	December 31, 2025			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust fund	$ 2,644,881	$ --	Daily	None

	December 31, 2024			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust fund	$ 3,115,865	$ --	Daily	None

5. GUARANTEED INVESTMENT CONTRACTS (UNAUDITED)

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Empower totaling $222,734 and $35,286 at December 31, 2025 and 2024, respectively. Contributions are maintained in a general account. The account is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The credited interest rate is reset quarterly and shall never be less than 0%. The contract may terminate with at least 75 days advance written notice to the other party.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Empower (party-in-interest) and therefore, these transactions qualify as party-in-interest transactions. The various funds' operating expense ratios ranged from 0.03% to 0.91% percent, as of December 31, 2025. The Plan paid $38,621 for administrative expenses for the year ended December 31, 2025.

7. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination and Empower shall liquidate all assets of the Plan and continue to administer the Plan in accordance with its provisions until all obligations have been satisfied.

8. TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Profit-Sharing Plan (Prototype Plan) designed to qualify under Section 401 of the Internal Revenue Code (IRC). The Plan has obtained a copy of a favorable opinion letter for the Prototype Plan dated November 14, 2022, of which the Plan is relying upon, that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
