INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Southern Orthopedic Associates 401(k) Profit Sharing Plan
Herrin, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Southern Orthopedic Associates 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Southern Orthopedic Associates 401(k) Profit Sharing Plan (the Plan) is provided for general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a 40l(k) defined contribution plan covering all eligible employees of Southern Orthopedic Associates, S.C. and Southern Illinois Orthopedic Center, LLC (the Company) who are at least 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Empower Trust Company, LLC and Empower Annuity Insurance Company are the custodians for all assets and have authority to purchase and sell investments in the Plan subject to participant elections in accordance with the provisions of the Plan agreement.

Highly compensated participants may elect to maintain participant-directed brokerage accounts with Wells Fargo Securities. Empower Trust Company, LLC and Empower Annuity Insurance Company act as the custodian for the individual participants' Plan assets and Wells Fargo Advisors executes investment transactions for the participants at their direction.

Contributions – All participants may make tax deferred cash contributions (subject to limitations imposed under the Internal Revenue Code (IRC)) under a salary deferral agreement into accounts administrated by Benefit Plans Plus (the Plan Administrator) or participant directed investment accounts. Participants may also make contributions to a Roth account (after-tax contributions) subject to IRC limitations. The Company may make matching contributions equal to a discretionary percentage of each participant's elective deferrals. In 2025 and 2024, the Company elected not to make any matching contributions.

The Company elected to make safe harbor contributions to eligible participants equal to 3% and 3% of compensation for 2025 and 2024, respectively. Profit sharing contributions were equal to 2% and 2% of wages for non-owners, and 10.33% and 10.33% of wages for owners (subject to limitations imposed under the IRS) for 2025 and 2024, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's matching, safe harbor, and profit-sharing contributions and the earnings on the individuals' investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The contributions to the Plan, both employee and employer, are allocated to the various investments at the direction of the participant. Participants should refer to each mutual fund's prospectus for a description of the fund's investment objectives or other information readily available for non-mutual fund investments.

Notes Receivable from Participants - Participants may borrow from their fund accounts an amount greater than $1,000 but less than 50% of the participant's vested account balance. In no event can the participant borrow more than $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25%-9.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan transfers are treated as a transfer to/from the investment fund from/to the participant loans. If a participant fails to make a required loan payment by the end of the calendar quarter following the calendar quarter in which the loan payment is due, they will be in default and the entire amount of the outstanding loan (plus accrued interest) will be taxed as a distribution.

NOTE 1 - DESCRIPTION OF PLAN - continued

Vesting – Participants are vested immediately in their contributions, safe harbor contributions, employer matching contributions, and actual earnings thereon. Participants vest in profit sharing contributions and actual earnings thereon as follows:

Years of Service	Vesting
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – In the case of normal retirement, retirement due to permanent disability, death, or termination of employment, participants receive the value of their vested plan benefits in accordance with the provisions of the Plan in a lump-sum distribution. A participant may withdraw from the Plan that portion of their account resulting from their elective deferrals in the event of undue hardship, as defined in the Plan.

Participant Investment Rollovers – Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Forfeited Accounts - Forfeitures of nonvested Company contributions may be used to reduce Company contributions or pay Plan expenses. During 2025 and 2024, $5,546 and $1,225 of forfeitures were used to pay Plan expenses or reduce employer contribuations, respectively. As of December 31, 2025 and 2024, the Plan had $25,499 and $10,152, respectively of forfeitures available to reduce future expenses.

ERISA Account – The Company has entered into an agreement with Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the trustees of the plan, to create a Plan expense account (ERISA Account) to hold revenue sharing funds the Plan receives. These funds are available to pay qualified Plan administrative expenses or may be reallocated to Plan participants. The amount credited to the ERISA Account is determined on a quarterly basis and is reported as other income on the statement of changes in net assets available for benefits. At December 31, 2025 and 2024, the ERISA Account balance was $8,672 and $8,550, respectively. The ERISA Account was used to pay Plan expenses totaling $2,784 and $0 during the years ended December 31, 2025 and 2024, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for unallocated insurance contracts, which are reported at contract value. Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participants' contributions are recorded by the Plan as of the date such participants' elected contributions are withheld by the Company. Sponsor contributions are recorded by the Plan when committed by the Sponsor.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans to participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for administration are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review

Subsequent events were evaluated through September 11, 2026, which is the date the financial statements were available to be issued and concluded there were no subsequent events to report that would have a material impact on the financial statements.

NOTE 3 - UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the trustees of the Plan. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Accounts consist of common and preferred stock (equity investments), corporate bonds, government bonds and mutual funds. Mutual funds are valued at the net asset value ("NAV") of shares held by the account at year end. Assets are valued using the observable inputs set forth by major debt and equity markets upon daily settlement.

The following table sets forth the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 25,027,489	$ -	$ -	$ 25,027,489
Investments at fair value	$ 25,027,489	$ -	$ -	$ 25,027,489

	Assets at Fair Value as of December 31, 2024			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 22,176,895	$ -	$ -	$ 22,176,895
Investments at fair value	$ 22,176,895	$ -	$ -	$ 22,176,895

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company (Insurer) totaling $74,537 and $49,511 at December 31, 2025 and 2024, respectively. The crediting interest rate was 1.50% and 1.45% during 2025 and 2024, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (S) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain administrative expenses, indirect fees, and costs of the Plan are paid to Empower Trust Company, LLC and Empower Annuity Insurance Company of America. Empower Trust Company, LLC and Empower Annuity Insurance Company of America are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various participant-directed investment options, which are exposed to various risks, such as interest rate, credit risks and market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 9 - INCOME TAX STATUS

The Plan constitutes a prototype non-standardized safe harbor cash or deferred profit sharing and 40l(k) plan whose basic design was approved by the Internal Revenue Service as of November 14, 2022, as satisfying the requirements of ERISA. The approval of the general form of the prototype plan by the Internal Revenue Service does not constitute a determination letter or ruling as to whether the actual Plan qualifies under the Internal Revenue Code Section 40l(a). The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan, as designed, is qualified and tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has analyzed its tax positions taken and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations generally for three years after filing.
