INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the RCO Engineering, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the RCO Engineering, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the RCO Engineering, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and trust with a qualified cash or deferred 401(k) arrangement covering all eligible employees of RCO Engineering Inc., RCO Technologies, LLC, and RCO Aerospace Products, LLC (collectively the "Company") who have completed one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company is the Plan's trustee. Fidelity Workplace Services LLC provides recordkeeping services to the Plan. The plan administrator has overall responsibility for the operation and administration of the Plan. The Plan's trustee and investment advisor determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (the SECURE Act 2.0) was signed into law December 29, 2022. This law, among other things, includes several required and optional provisions that will impact employee benefit plans that go into effect at various times through 2027. During the plan year ended December 31, 2025, the Plan adopted the required provision allowing for long-term part-time employees with two consecutive 12-month periods of at least 500 hours of service to be eligible to participate in the Plan. The optional provisions that could be implemented during the plan year ended December 31, 2025 were the following: 1) an increase of catch-up contributions to the greater of $10,000 or 50% more than the regular catch-up contribution for individuals aged 60 to 63, and 2) allow employers to treat student loan payments as elective deferrals for purpose of receiving matching contributions

In addition to the required provision, the Plan elected to adopt the catch-up contribution limit increase provision of the Secure Act 2.0 during the 2025 plan year. Additionally, the Plan elected to adopt the optional provision of the Secure Act 1.0, which allows individuals to repay a qualified birth or adoption distribution within three years. The Plan will be amended for any provisions elected in accordance with applicable law and IRS guidance.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, and designate those contributions as either pre-tax or Roth. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, the Plan has a contribution accelerator feature which automatically increases participant deferral rates 1% annually, with a ceiling of 10%, unless a participant opts out. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Effective January 1, 2025, the Plan adopted the "super catch-up" provision under the SECURE 2.0 Act of 2022, which allows Plan participants aged 60 to 63 to make larger catch-up contributions to the Plan, equal to the greater of $10,000 or 150% of the standard catch-up limit ($11,250 for 2025). Participants become eligible to contribute at this higher rate on January 1st of the year they turn 60. Eligibility ends the year they turn 64.

The Company's matching contributions are discretionary and determined as a percentage of participant elected deferrals. For the year ended December 31, 2025, the Company contributed 50% of the first $1,200 of eligible compensation that the participant contributed to the Plan.

Contributions are subject to certain IRS limits. Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of service. After one year of service, a participant becomes 25% vested in employer contributions in the Plan; the vesting increases by 25% each year. A participant is 100% vested after four years of credited service, or upon reaching early plan retirement age of fifty-five and having four years of service, death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Vested Benefits

On termination of service, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump-sum amount or in installments, depending on the size of the participant's account balance at the time of termination. Participants with a vested account balance of $1,000 or less must take a lump-sum distribution. The account of a participant with a vested account balance between $1,000 and $7,000 will have their vested account balance automatically rolled into an individual retirement account in the participant's name. Participants with a vested account balance greater than $7,000 must elect to receive their vested account balance in either a lump-sum distribution or in installments.

In-service distributions are allowed when a participant reaches age 59½. Rollover contributions may be withdrawn at any time. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

If a distribution payment remains outstanding for more than 180 days, the unclaimed checks are deposited back into the Plan and held in a separate account. The plan sponsor takes additional measures to locate the participant and re-issue the checks. The amount of unclaimed funds at December 31, 2025 and 2024 was $90 and $7,018, respectively.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $41,407 and $41,453, respectively. These accounts will be used to pay plan expenses or reduce employer contributions. During the year ended December 31, 2025, forfeited nonvested accounts in the amount of $21,975 were used to pay plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

The Plan receives rebate income (revenue sharing) which is based on a percentage of investments according to the contract. The Plan uses revenue sharing amounts to offset plan related fees.

Subsequent Events

The plan sponsor has performed a review of events subsequent to the statements of net assets available for benefits date through October 13, 2026, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period, except as disclosed in Note 9.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. These funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common/collective trusts: Valued at the NAV of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,603,855	$ -	$ -	$ 23,603,855
Money market fund	38	-	-	38
Total assets in the fair value hierarchy	23,603,893	-	-	23,603,893
Investments measured at net asset value [(a)]	-	-	-	41,048,738
Total assets at fair value	$ 23,603,893	$ -	$ -	$ 64,652,631

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 57,055,862	$ -	$ -	$ 57,055,862
Money market fund	21,444	-	-	21,444
Total assets in the fair value hierarchy	57,077,306	-	-	57,077,306
Investments measured at net asset value [(a)]	-	-	-	3,446,827
Total assets at fair value	$ 57,077,306	$ -	$ -	$ 60,524,133

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share:

Investment	Estimated fair value at December 31, 2025	Estimated fair value at December 31, 2024	Redemption Frequency (if currently eligible)	Redemption Notice Period

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2025, there were direct fees of $69,048, and there were transactions involving the investment of plan assets in investment funds maintained by Fidelity Management Trust Company, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

The Plan is subject to examination by the Internal Revenue Service for the statutory period.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Effective January 1, 2026, the Plan implemented the required provision of the SECURE Act 2.0 related to the re-characterization of catch-up contributions as Roth for participants with FICA wages over the required limit.

Subsequent to December 31, 2025, the Plan was amended to formally adopt the provisions of SECURE Act 2.0 that has been previously implemented by the Plan.
