401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Per Mar Security and Research Corp. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Per Mar Security and Research Corp. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103–8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103–5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Notes 2 and 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section–

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.**
- **the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Per Mar Security and Research Corp. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Per Mar Security and Research Corp. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Per Mar Security and Research Corp. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Per Mar Security and Research Corp. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control–related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i –Schedule of Assets (Held at End of Year) and Form 5500, Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- **the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.**

Notes to Financial Statements

December 31, 2025 and 2024

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Per Mar Security and Research Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Per Mar Security and Research Corp. (the "Company") who are age 21 or older and have completed three months of service. Participation in the Plan is voluntary and employees can enroll in the Plan monthly after having met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Bank of America N.A. serves as the custodian of the Plan. The Plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute a percentage eligible compensation in the form of pre–tax or after–tax contributions (subject to federal limitations) through a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch–up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (referred to as rollover contributions). The Company also contributes a discretionary matching amount to the Plan which is based on each eligible participant's contribution. The Plan also provides for a discretionary non–elective contribution by the Company. There were no discretionary non–elective contributions in 2025 and 2024.

Employee contributions, matching employer contributions and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with the participant's withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Forfeited balances of terminated participant's nonvested accounts are reallocated to remaining participant accounts and/or used to reduce employer contributions. Forfeitures included in net assets available for benefits as of December 31, 2025 and 2024, amounted to $–0– and $1,616, respectively. Forfeitures of nonvested participant accounts used to reduce employer contributions amounted to $–0– in 2025 and $27,068 in 2024.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2019, participants are also fully vested in the Company's matching contribution plus actual earnings thereon. Prior to January 1, 2019, vesting in the Company's contribution, plus actual earnings thereon, was based on years of credited service and a participant is 100% vested after five years of credited service.

Participant Loans

Participant loans are permitted under the Plan as of January 1, 2025. Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are for a term which generally cannot exceed five years or a period of time not to exceed ten years for loans used to acquire a principal residence and are secured by the balance in the participant's account. Such loans bear interest at two percent over the prime rate as published by the *Wall Street Journal* at the date of the loan. Principal and interest on the loan is paid ratably through payroll deductions of the participants.

Payment of Benefits

On death, disability or retirement, a participant may elect to receive either a lump–sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments over a fixed period of time, as determined by the participant. A participant is also allowed to make hardship withdrawals in certain circumstances as described in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump–sum distribution.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 8, 2026, which is the date the financial statements were available to be released.

Investment Valuation and Income Recognition

The Plan's investments are held by Bank of America, N.A. (Custodian and Trustee) who allocates Plan assets to the individual accounts of each participant as directed by the participant.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit–responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit–responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade–date basis. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Interest is recorded on the accrual basis and dividends are recorded on the ex–dividend date.

Payment of Benefits and Participant Loans

Benefits are recorded when paid.

Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the delinquent loan balance is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. The Plan distributes any excess contributions to the applicable participants subsequent to year end. There were no excess participant contributions as of December 31, 2025 and 2024.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Contribution Recognition

The Plan recognizes employee and related employer matching contributions based on the period the employee contribution is withheld by the Company from the employee’s compensation.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Company and therefore, are not included in the accompanying statement of changes in net assets available for benefits. Other Plan administration expenses related to member requested services are deducted from the participant's account balance.

(2) Certified Investments

The following information disclosed in the financial statements and supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A. (Trustee and Custodian) as of and for the years ended December 31, 2025 and 2024:

		2025	2024
Cash and money market fund	$	345	268,293
Investments, at fair value:			
Mutual funds		39,428,880	33,231,320
Common investment trust		1,781,838	1,678,203
Total investments, at fair value		41,210,718	34,909,523
Total investments	$	41,211,063	35,177,816
Loans receivable from participants	$	175,290	-
Investment income:			
Net appreciation in fair value of investments	$	3,265,054	1,564,043
Interest and dividend income		1,931,646	1,499,852
Other income, net		41,344	29,297
Total income	$	5,238,044	3,093,192

(3) Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non–active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan only measures fair value using Level 3 inputs when Level 1 or Level 2 inputs are not available. There were no Plan investments requiring the use of Level 3 inputs, no transfers between Levels or changes in methods used to measure fair value in 2025 or 2024.

(3) Fair Value Measurements, continued

The fair value of the Plan's investments has been determined by Bank of America, N.A. and are reported in the accompanying statement of net assets available for benefits as follows:

		Fair Value Measurements Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025:				
Mutual funds	$ 39,428,880	39,428,880	-	-
Common investment trust	1,781,838	-	1,781,838	-
	$ 41,210,718	39,428,880	1,781,838	-
December 31, 2024:				
Mutual funds	$ 33,231,320	33,231,320	-	-
Common investment trust	1,678,203	-	1,678,203	-
	$ 34,909,523	33,231,320	1,678,203	-

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year–end. The mutual funds held by the Plan are open–end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these funds is published daily and transacted at that price; and therefore are considered actively traded.

Level 2 Fair Value Measurements

The common investment trust is a stable value fund which invests in various fixed income investment contracts. The underlying assets of the investment contracts include U.S. Government securities, corporate bonds and mortgage backed securities. The fair value of all these investments are used in determining the net asset value of the collective investment trust, which is not publicly quoted.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(5) Federal Income Taxes

The Plan uses a prototype plan document sponsored by Merrill, Lynch, Pierce, Fenner and Smith, Inc. ("Merrill Lynch"). Merrill Lynch received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2025, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files U.S. Federal informational returns which for years subsequent to 2021 are subject to examination by taxing authorities.

(6) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets and the increase in net assets as of and for the years ended December 31, 2025 and 2024 per the financial statements to the Form 5500:

		2025	2024
Net assets per Form 5500	$	43,129,329	36,790,930
Add receivable adjustments – employee contributions		-	71,885
Net assets per financial statements	$	43,129,329	36,862,815

		2025	2024
Net increase per Form 5500	$	6,338,399	5,380,780
Change in receivable adjustments		(71,885)	30,347
Net increase per financial statements	$	6,266,514	5,411,127

(7) Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect the amounts reported in the financial statements.

(8) Related Party and Party–in–Interest Transactions

The Plan investments are held by Bank of America, N.A. as custodian. Bank of America, N.A. is also the trustee as defined by the Plan, and therefore, these transactions qualify as party–in–interest transactions. Fees paid by the Plan for investment administrative services amounted to $20,432 in 2025 and $19,387 in 2024.

The Plan received servicing rebate credits of $30,950 in 2025 and $22,286 in 2024. The credits are included in other income on the statement of changes in net assets available for benefits.

(9) Recent Developments

On December 29, 2022, the Consolidated Appropriations Act of 2024 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. The Plan Sponsor is working with Bank of America to determine that the Plan document is updated to comply with the provisions of SECURE 2.0 Act.

(10) Economic Impacts

National and worldwide factors have led to significant volatility in financial markets and have affected, and may continue to affect, the market value of the Plan's investments. The potential future impact of these conditions is difficult to assess or predict. The Plan sponsor is not able to estimate the full impact of these conditions on the Plan's financial statements.
