Independent Auditor's Report

To the Pension Committee
The 401(k) Plan for the Employees of Precious Plate

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of The 401(k) Plan for the Employees of Precious Plate, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The 401(k) Plan for the Employees of Precious Plate's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The 401(k) Plan for the Employees of Precious Plate and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Plan for the Employees of Precious Plate's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The 401(k) Plan for the Employees of Precious Plate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Plan for the Employees of Precious Plate's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) – modified cash basis is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of The 401(k) Plan for the Employees of Precious Plate (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete descriptions of the Plan's provisions.

General

The Plan is a defined contribution plan which became effective January 1, 1986 and allows 401(k) salary reduction. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is Precious Plate, Inc. The Pension Committee is responsible for oversight of the Plan. Participants are employees of Precious Plate, Inc. and EnerPlate LLC, who have completed 6 months of service and have attained age 19, except for union and leased employees.

Contributions

Each year, participants may contribute up to 100 percent of eligible compensation, as defined in the Plan, through pre-tax, Roth, or after-tax (post-tax) contributions, up to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor matches 100 percent of the employee contribution to a maximum of 2 percent of compensation plus an additional 50 percent of the employee contribution up to 6 percent of plan compensation. The Plan Sponsor may also make a discretionary contribution to participants who have completed a year of service and are actively employed at the end of the Plan year. Participants direct the investment of contributions into various investment options offered by the Plan.

On the participant's eligibility date, a participant is automatically enrolled at 4 percent of pretax annual compensation, as defined by the Plan, into the default investment option if the participant does not indicate to the Plan Sponsor that the participant does not wish to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 percent of their vested account balance. No participant may have more than one loan outstanding at any time. Principal and interest are collected ratably through payroll deductions. The loan is secured by the balance in the participant's account and bear interest at the prime rate plus one percent on the date the loan was taken out (the prime rate was 6.75 percent as of December 31, 2025).

1. Description of the Plan (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the participant's account, or annual installments only with respect to the lifetime required minimum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are provided for normal retirement at attained age 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon specific hardship or attainment of age 59½.

Forfeitures

Forfeited non-vested accounts are used to reduce future Plan Sponsor contributions or administrative expenses. At December 31, 2025 and December 31, 2024, forfeited non-vested accounts totaled $16,253 and $7,569, respectively. For the year ended December 31, 2025, administrative expenses were reduced by $51 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is an accepted method under the Department of Labor's Rules and Regulations and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting differs from U.S. GAAP primarily because certain revenue and related assets have been recognized when received rather than when earned and certain expenses and related liabilities have been recognized when paid rather than when the obligations were incurred. This modified cash basis of accounting resulted in the recording of participant loans at cost plus accrued interest and investments at fair value on the statements of net assets available for plan benefits. Investment income, contributions and other plan income are recognized when received and disbursements, benefit payments and other plan expenses are recognized when paid. The financial statements are not intended to present the net assets available for plan benefits and changes in net assets available for plan benefits in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for uncollectible notes receivable has been recorded as of December 31, 2025 and December 31, 2024.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as certified by the custodians, Empower Trust Company, LLC and Massachusetts Mutual Life Insurance Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Earnings on investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are borne by the borrower and are included as part of the note receivable to be repaid by the participant. Requests for distributions are charged directly to the participant's account and are included as part of benefits paid to participants. Quarterly asset fees and contract administration fees are included in administrative expenses. Other investment related expenses, including investment advisory fees, are included in net appreciation/depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated for subsequent events through September 30, 2026, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the unit value of the account. Deposits are used to purchase units, and units are sold for withdrawals. Investment return is reflected in the change in value of those units. Unit values are determined daily to reflect investment income and any realized or unrealized capital appreciation or depreciation of the investments of each portfolio. Unit values fluctuate based on the performance of the underlying assets.

There have been no changes in the methodologies used at December 31, 2025 and December 31, 2024.

3. Fair Value Measurement (Continued)

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the investments measured at fair value on a recurring basis as of December 31, 2025 and December 31, 2024, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

4. Insurance Company General Accounts

The Plan holds a benefit-responsive group annuity investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value at December 31, 2025 and December 31, 2024, was $1,173,941 and $2,009,702, respectively.

The Plan's ability to receive amounts due is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2025 and December 31, 2024 was $1,173,941 and $2,009,702, respectively. The guaranteed interest account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets of the portion of the Massachusetts Mutual Life Insurance Company general account that is used to determine the Guaranteed Interest Account's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting interest rate is reset at least annually and no more frequently than quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence, (2) change in position or other occurrence qualifying as a temporary break in service under the Plan, (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the Plan Sponsor (4) cessation of employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business, (5) removal from the Plan of one or more groups or classifications or participants, (6) partial or complete plan termination, or (7) Plan disqualification. The Plan Sponsor does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certifications of certain financial information by Empower Trust Company, LLC and Massachusetts Mutual Life Insurance Company in compliance with the audit requirements of the Act.

5. Financial Certification (Unaudited) (Continued)

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by Empower Trust Company, LLC and Massachusetts Mutual Life Insurance Company. The Plan has obtained a certification from Empower Trust Company, LLC and Massachusetts Mutual Life Insurance Company that such information is complete and accurate as of December 31, 2025 and December 31, 2024 and for the year ended December 31, 2025.

	December 31, 2025	December 31, 2024
Assets as of		
Mutual funds (at fair value)	$ 4,268,484	$ 3,390,023
Pooled separate accounts (at fair value)	8,645,121	8,085,450
Insurance company general accounts (at contract value)	1,173,941	2,009,702
Transactions for the year ended		
Notes receivable interest	$ 24,186	
Investment earnings	1,844,398	

6. Related Party and Party-in-Interest Transactions

Certain plan investments are managed by Empower Trust Company, LLC, Massachusetts Mutual Life Insurance Company and Empower Life & Annuity Insurance Company of New York, who are the custodians and recordkeepers for the Plan. In addition, the Plan uses Global Retirement Partners, LLC for investment advisory services and PPS Pension & Financial Services Inc. for administration services. Transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan for administrative, recordkeeping and custodial services amounted to $66,247 for the year ended December 31, 2025. Fees paid by the Plan for other investment management services are included in the net appreciation in fair value of the investments as they are paid through revenue share rather than a direct payment. The Plan Sponsor pays directly any other expenses related to the Plan's operations.

Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA. Interest earned on notes receivable from participants amounted to $24,186 for the year ended December 31, 2025.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of the participant's account.

8. Tax Status

The Plan uses a prototype plan document sponsored by PPS Pension & Financial Services Inc. PPS Pension & Financial Services Inc. received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received an opinion letter from the IRS. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
