Independent Auditor's Report

The Plan Administrator
ABARTA, Inc. Deferred Compensation 401(k)
Savings Plan for Non-Union Employees
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ABARTA, Inc. Deferred Compensation 401(k) Savings Plan for Non-Union Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the ABARTA, Inc. Deferred Compensation 401(k) Savings Plan for Non-Union Employees (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering substantially all full-time and certain part-time non-union employees of ABARTA, Inc. and its subsidiaries: The Cleveland Coca-Cola Bottling Company, Inc.; South Jersey Publishing Company; Coca-Cola Bottling Company of the Lehigh Valley; Coatesville Coca-Cola Bottling Works, Inc.; ABARTA Coca-Cola Beverages, LLC; and ABARTA Oil & Gas Company, Inc. (collectively, the Company or Plan Sponsor). The Company is the Plan administrator that controls and manages the operation and administration of the Plan. The Plan investments and participant loans are held by Fidelity Management Trust Company (Fidelity), the trustee.

A full-time employee becomes eligible to participate in the Plan immediately. The Plan includes an automatic enrollment policy for all newly eligible employees. Under this policy, if an employee does not submit a waiver, the employee is automatically enrolled in the Plan at a 5% deferral rate. The deferral rate will be automatically increased by 1% each subsequent year to a maximum rate of 6%.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 60% of their annual eligible compensation to the Plan, subject to certain Internal Revenue Code (IRC) limitations.

In any calendar year in which a participant is age 50 or older, an additional catch-up contribution (limited to $7,500 in 2025) may be made. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan provides for employer matching contributions of 50% of the first 8% of eligible compensation contributed to the Plan.

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

The Company may make discretionary contributions, as determined by the Company's Board of Directors, to the Plan. No discretionary contributions were made in 2025 and 2024.

Participant Accounts

The Plan administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions and with an allocation of Plan earnings. Allocations of Plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions and employer matching contributions and earnings thereon are fully vested at all times.

Company discretionary contributions are subject to a three-year vesting schedule.

Participants automatically become fully vested with respect to employer contributions upon attaining age 55, permanent disability, death, or death while on a leave of absence to perform military service.

Benefits

Upon termination of service due to death, disability, or retirement, or attaining age 59½, participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment distributions in substantially equal amounts over a period of time. If a participant's account balance is less than or equal to $1,000 at the time of termination, the employee will automatically receive a lump-sum payment.

Subject to limitations of the Plan agreement, the Plan participant may apply to the Plan for a hardship withdrawal. A hardship withdrawal may be granted to a Plan participant for an event considered to be an immediate and heavy financial need of the participant, in accordance with the IRC.

At December 31, 2025 and 2024, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their individual vested account balance or $50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. The minimum amount a participant may borrow is $1,000. A participant may not have more than two loans outstanding at any time. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the participant's principal residence. In such instances, repayment can be over a reasonable time period that may not exceed 120 months. Loans are repaid ratably through payroll deductions over the term of the loan. The loans are collateralized by the vested interest in the participants' accounts and bear interest at a rate commensurate with local market rates for similar loans.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to reduce future contributions made by the employer and to offset expenses incurred by the Plan. Forfeitures utilized to reduce employer matching contributions totaled approximately $295,000 in 2025 and $510,000 in 2024. The balance of forfeitures was $3,700 and $2,000 at December 31, 2025 and 2024, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits, the statement of changes in net assets available for benefits, and participant account balances.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the Plan document.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

Plan management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 13, 2026, the date the financial statements were approved and authorized for issue.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – This level consists of quoted prices in active markets for identical assets or liabilities.

Level 2 - This level consists of observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - This level consists of inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There were no transfers between levels during the year ended December 31, 2025.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year-end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The Plan's investment in the Managed Income Portfolio (the Fund) is a public investment vehicle that seeks to preserve capital and to provide income over time. The Fund is valued using the NAV provided by the trustee on the last day of the Plan's year-end, as a practical expedient for fair value. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. and foreign government agency bonds, mortgage securities, and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions. The Plan is required to provide a one-year redemption notice to liquidate its entire share in the Fund. The Plan has no unfunded commitments relating to the Fund at December 31, 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

December 31, 2025

	Level 1	Total
Mutual funds at fair value	$ 118,630,593	$ 118,630,593
Common collective trust measured at NAV	-	1,498,908
Investments at Fair Value	$ 118,630,593	$ 120,129,501

December 31, 2024

	Level 1	Total
Mutual funds at fair value	$ 99,971,818	$ 99,971,818
Common collective trust measured at NAV	-	1,681,029
Investments at Fair Value	$ 99,971,818	$ 101,652,847

4. Certification of Financial Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

5. Related Parties and Exempt Parties-in-interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or their subsidiaries and affiliates.

Participant loan processing fees are paid to Fidelity Workplace Services LLC, by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts.

As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Tax Status

The Plan Sponsor has adopted a pre-approved plan of Fidelity. Fidelity obtained a letter, dated June 30, 2020, in which the Internal Revenue Service stated its opinion that the form of the pre-approved plan of Fidelity is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has since been amended. The Plan administrator, the trustee, and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

December 31,	**2025**	2024
Net assets available for benefits per the financial statements	**$ 122,913,735**	$ 104,100,180

Independent Auditor's Report

The Plan Administrator
ABARTA, Inc. Deferred Compensation 401(k)
Savings Plan for Non-Union Employees
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ABARTA, Inc. Deferred Compensation 401(k) Savings Plan for Non-Union Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the ABARTA, Inc. Deferred Compensation 401(k) Savings Plan for Non-Union Employees (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering substantially all full-time and certain part-time non-union employees of ABARTA, Inc. and its subsidiaries: The Cleveland Coca-Cola Bottling Company, Inc.; South Jersey Publishing Company; Coca-Cola Bottling Company of the Lehigh Valley; Coatesville Coca-Cola Bottling Works, Inc.; ABARTA Coca-Cola Beverages, LLC; and ABARTA Oil & Gas Company, Inc. (collectively, the Company or Plan Sponsor). The Company is the Plan administrator that controls and manages the operation and administration of the Plan. The Plan investments and participant loans are held by Fidelity Management Trust Company (Fidelity), the trustee.

A full-time employee becomes eligible to participate in the Plan immediately. The Plan includes an automatic enrollment policy for all newly eligible employees. Under this policy, if an employee does not submit a waiver, the employee is automatically enrolled in the Plan at a 5% deferral rate. The deferral rate will be automatically increased by 1% each subsequent year to a maximum rate of 6%.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 60% of their annual eligible compensation to the Plan, subject to certain Internal Revenue Code (IRC) limitations.

In any calendar year in which a participant is age 50 or older, an additional catch-up contribution (limited to $7,500 in 2025) may be made. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan provides for employer matching contributions of 50% of the first 8% of eligible compensation contributed to the Plan.

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

The Company may make discretionary contributions, as determined by the Company's Board of Directors, to the Plan. No discretionary contributions were made in 2025 and 2024.

Participant Accounts

The Plan administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions and with an allocation of Plan earnings. Allocations of Plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions and employer matching contributions and earnings thereon are fully vested at all times.

Company discretionary contributions are subject to a three-year vesting schedule.

Participants automatically become fully vested with respect to employer contributions upon attaining age 55, permanent disability, death, or death while on a leave of absence to perform military service.

Benefits

Upon termination of service due to death, disability, or retirement, or attaining age 59½, participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment distributions in substantially equal amounts over a period of time. If a participant's account balance is less than or equal to $1,000 at the time of termination, the employee will automatically receive a lump-sum payment.

Subject to limitations of the Plan agreement, the Plan participant may apply to the Plan for a hardship withdrawal. A hardship withdrawal may be granted to a Plan participant for an event considered to be an immediate and heavy financial need of the participant, in accordance with the IRC.

At December 31, 2025 and 2024, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their individual vested account balance or $50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. The minimum amount a participant may borrow is $1,000. A participant may not have more than two loans outstanding at any time. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the participant's principal residence. In such instances, repayment can be over a reasonable time period that may not exceed 120 months. Loans are repaid ratably through payroll deductions over the term of the loan. The loans are collateralized by the vested interest in the participants' accounts and bear interest at a rate commensurate with local market rates for similar loans.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to reduce future contributions made by the employer and to offset expenses incurred by the Plan. Forfeitures utilized to reduce employer matching contributions totaled approximately $295,000 in 2025 and $510,000 in 2024. The balance of forfeitures was $3,700 and $2,000 at December 31, 2025 and 2024, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits, the statement of changes in net assets available for benefits, and participant account balances.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the Plan document.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

Plan management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 13, 2026, the date the financial statements were approved and authorized for issue.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – This level consists of quoted prices in active markets for identical assets or liabilities.

Level 2 - This level consists of observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - This level consists of inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There were no transfers between levels during the year ended December 31, 2025.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year-end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The Plan's investment in the Managed Income Portfolio (the Fund) is a public investment vehicle that seeks to preserve capital and to provide income over time. The Fund is valued using the NAV provided by the trustee on the last day of the Plan's year-end, as a practical expedient for fair value. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. and foreign government agency bonds, mortgage securities, and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions. The Plan is required to provide a one-year redemption notice to liquidate its entire share in the Fund. The Plan has no unfunded commitments relating to the Fund at December 31, 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

December 31, 2025

	Level 1	Total
Mutual funds at fair value	$ 118,630,593	$ 118,630,593
Common collective trust measured at NAV	-	1,498,908
Investments at Fair Value	$ 118,630,593	$ 120,129,501

December 31, 2024

	Level 1	Total
Mutual funds at fair value	$ 99,971,818	$ 99,971,818
Common collective trust measured at NAV	-	1,681,029
Investments at Fair Value	$ 99,971,818	$ 101,652,847

4. Certification of Financial Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

5. Related Parties and Exempt Parties-in-interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or their subsidiaries and affiliates.

Participant loan processing fees are paid to Fidelity Workplace Services LLC, by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts.

As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Tax Status

The Plan Sponsor has adopted a pre-approved plan of Fidelity. Fidelity obtained a letter, dated June 30, 2020, in which the Internal Revenue Service stated its opinion that the form of the pre-approved plan of Fidelity is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has since been amended. The Plan administrator, the trustee, and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:
