INDEPENDENT AUDITORS' REPORT

To The Plan Administrator
Kelley Companies Retirement Plan
Waynesboro, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Kelley Companies Retirement Plan, a 401(k) profit sharing plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and May 31, 2025, and the related statement of changes in net assets available for benefits for the seven months ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kelley Companies Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the seven months ended and year ended December 31, 2025 and May 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements Section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kelley Companies Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kelley Companies Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kelley Companies Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kelley Companies Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of the year) is presented for purposes of additional analysis and is not a required part of the financial statements but is for supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the

financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KELLEY COMPANIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Kelley Companies Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan covering all full-time employees of Kelley Brothers Contractors, Inc., Al-Tom Forest Products, Inc., Local L.P. Gas Company, Inc., EDL Labs, Inc., EDL Medical, LLC and Complete Environmental & Remediation, LLC (the Companies) who have six months of service and are age twenty-one or older. Effective December 1, 2014, the entry date is the earlier of: at least 500 hours in a six month period or at least 1,000 hours in a twelve month period beginning with hire date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each active participant may elect to make tax deferred employee contributions to the Plan up to 15% of compensation. The Companies will contribute an amount equal to 100% of the participant’s contribution, only on the first 3% of compensation deposited as elective contributions.

Participant accounts

Each participant's account is credited with the participant’s contribution, the Companies’ matching contribution and plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service (six or more years).

Investment options

The Plan offers various investment options in which a participant may elect to invest. A participant may change his investment options daily, electronically.

Note 1. Description of The Plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 2.00%. Interest rates ranged from 6.00% to 10.50% at December 31, 2025 and May 31, 2025, respectively. Principal and interest is paid ratably through monthly payroll deductions.

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan payments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded at December 31, 2025 and May 31, 2025.

Payment of benefits

On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of participant's vested interest in his or her account or equal installments over his or her life expectancy. Upon the death of a participant before retirement or termination of employment, the current balance of such participant's individual account shall become payable as soon as practicable following the plan administrator's receipt of proper written notice from the beneficiary. If the beneficiary is the participant's spouse, commencement of distribution may be delayed at the option of the spouse until December 31 of the calendar year in which the participant would have attained age 70½.

Administration

The Plan is administered by Kelley Brothers Contractors, Inc. The plan administrator has overall responsibility for the operation and administration of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and is responsible for approving all distributions, benefit payments, and administrative expenses. Principal Life Insurance Company, trustee of the Plan, pays the distributions and retirement benefits at the direction of the plan administrator and provides custodial and investment management services with respect to the net assets of the Plan.

Forfeitures

Forfeitures are used to reduce future employer contributions or to pay administrative fees. As of December 31, 2025 and May 31, 2025, the forfeiture account balance totaled $4,959 and $498, respectively. For December 31, 2025 and May 31, 2025, the Company used $0 and $16,032 to reduce employer contributions, respectively.

Note 2. Summary of Significant Accounting Policies

Insurance

A fidelity bond insures the Plan for $500,000.

Basis of presentation

The financial statements of the Plan are prepared using the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are maintained by Capital Group as of December 31, 2025 and Principal Life Insurance Company as of May 31, 2025. The Plan provides for a participant directed program.

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pooled separate accounts do not transact at prices available to retail investors nor do they publish daily share values. As such, they are not considered actively traded. Investments in pooled separate accounts and collective investment trust are reported at fair value using net asset value (NAV) as a practical expedient. NAV is provided by the trustee and is generally calculated by using the quoted market prices for the underlying investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Unit values are calculated daily before taking into consideration contributions and payments made on that day. These transactions are then reflected using that day’s new unit value.

Note 2. Summary of Significant Accounting Policies (continued)

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The Plan is sponsored by the Companies. Personnel within the organizations perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. All administrative expenses of the Plan, except charges by Capital Group, are paid by the employers.

Comparative financial statements

The financial statements for May 31, 2025 have been reclassified to conform to the December 31, 2025 presentation. This includes only minor adjustments, if any.

Date of management's review

Subsequent events were evaluated through October 8, 2026, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820, *Fair Value Measurements,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – valuations are based on quoted prices in active markets for identical assets or liabilities,

- Level 2 – valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly, and

- Level 3 – valuations are based on unobservable inputs (assumptions based on the best information available) that are significant to the fair value of the assets or liabilities.

Note 3. Fair Value Measurements (continued)

Mutual Funds − the fair values of mutual funds are based on observable market quotations for identical assets and are priced on a daily basis at the close of business. The mutual funds held by the Plan are deemed to be actively traded.

At May 31, 2025, The Plan had no investments reported at Level 1, 2 or 3 since the investments in pooled separate accounts and collective investment trusts are reported at NAV. As such, they are excluded from the fair value hierarchy in accordance with ASU 2015-07. The Plan had a platform change during the period from May 31, 2025 to December 31, 2025. The investments were changed to individual mutual funds and are reported at Level 1 as of December 31, 2025.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

December 31, 2025	Fair Value	Level 1	Level 3	Total
Mutual funds	$ -	$ 6,405,632	$ -	$6,405,632
Total assets at fair value	$ -	$ 6,405,632	$ -	$6,405,632

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2025:

May 31, 2025	Fair Value	Level 1	Level 3	Total
Pooled separate accounts at NAV	$ 5,514,597	$ -	$ -	$5,514,597
Total assets at fair value	$ 5,514,597	$ -	$ -	$5,514,597

The Form 5500 is filed as a direct filing entity, and therefore per FASB ASC 962-325-50-9, disclosure of the investment's significant investment strategy is not required.

Gains (losses) included in changes in net assets available for benefits are reported in net change in fair value of investments.

Note 3. Fair Value Measurements (continued)

Pooled separate accounts

Pooled separate accounts ("PSAs") are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption or unfunded commitments on these investments.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5. Income Tax Status

In a letter dated July 14, 2009, the Internal Revenue Service informed the Company that the Plan is a Prototype Standardized Profit Sharing Plan and is acceptable under Section 401 of the Internal Revenue Code. The Plan was amended and restated provisions of the Plan became effective June 1, 2013.

The Plan accounts for uncertain tax positions in accordance with ASC 740-10. No penalties or interest were accrued or charged to expenses for the seven months ended December 31, 2025 and the year ended May 31, 2025. Currently, none of the returns in the U.S. federal jurisdiction or the U.S. state jurisdiction are under examination by any taxing authority. The statute of limitations for the U.S. federal jurisdiction, as well as the U.S. state jurisdiction, is three years. The income tax returns prior to fiscal year 2022 are closed.

Note 6. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the third-party administrator of the Plan. During the seven months ended December 31, 2025 and the year ended May 31, 2025, the plan sponsor paid fees for the Plan's annual audit to Rea, Shaw, Giffin & Stuart, LLP. These transactions qualify as party-in-interest transactions.

Note 8. Information Certified by the Trustee

The Plan's investments are held by Capital Group at December 31, 2025 and Principal Life Insurance Company at May 31, 2025. The Plan's financial information, including investment values, investment income, and fees, is included in the financial statements and supplemental schedule based on information certified by Capital Group as of December 31, 2025 and Principal Life Insurance Company as of May 31, 2025 as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The account balances stated at fair value and certified by the trustee at December 31, 2025 and May 31, 2025 totaled $6,405,632 and $5,514,597, respectively.

Note 9. Expenses Paid by the Plan Sponsor

No administrative fees for the Plan were paid by the plan sponsor or the Companies.

Note 10. Withdrawals

As of December 31, 2025 and May 31, 2025, there were no withdrawals that were requested prior to the Plan's year-end but paid in the following year.

Note 11. Platform Change

Effective July 5, 2025, the Plan Sponsor approved a change in the Plan's recordkeeper and trustee from Principal Life Insurance Company to Capital Group. Outstanding participant balances and existing loan assets were systematically mapped and transferred to comparable investment options available under the new Capital Group platform. Management evaluated the transition process and determined that participant account balances and plan assets reconciled completely from Principal Life Insurance Company to Capital Group with no material impact on the net assets available for benefits as of December 31, 2025.
