INDEPENDENT AUDITORS' REPORT

To the Trustees of
Allegheny Millwork 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Allegheny Millwork 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of Allegheny Millwork 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and adoption agreement for a more complete description of the Plan's provisions.

General - The Plan, established effective January 1, 2004, and restated effective January 1, 2022, is a defined contribution plan which covers substantially all employees of Allegheny Diversified Holding Company and Subsidiaries (the "Sponsor"). Employees are eligible to participate upon completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2026, employees of Ascent Custom Millwork, LLC, a subsidiary of the Sponsor, began participating in the Plan. Prior to that date, those employees participated in the Ascent Custom Millwork LLC 401(k) Profit Sharing Plan & Trust ("Ascent 401(k)") and were not eligible to participate in the Plan. The Sponsor has approved the merger of Ascent 401(k) into the Plan, with the Plan intended to be the surviving plan. As of the date the financial statements were available to be issued, the related transfer of net assets from Ascent 401(k) to the Plan had not yet been completed and is expected to occur before December 31, 2026.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets during the reporting periods. Actual results could differ from those estimates.

Contributions - The Company deposits cash to the Plan based on withholdings from the employees' pretax and/or after-tax earnings. Participants may elect to contribute to the Plan up to the limit established by the Internal Revenue Service.

Effective January 1, 2025, the Plan implemented the optional SECURE 2.0 Act provision permitting eligible participants who attain age 60 to 63 during the contribution year to make catch-up contributions up to an increased statutory limit. The Plan has not been formally amended to reflect this provision; however, management expects the Plan to be amended by December 31, 2026.

The Plan provides for employer matching contributions at 50% of the first $10 of participant salary deferrals per pay period, and 20% of any participant salary deferrals beyond the first $10 per pay period. Total matching contributions were $224,209 and $182,324 for the years ended December 31, 2025 and 2024, respectively.

The Plan also provides for discretionary non-elective profit sharing contributions, for which hourly employees are eligible upon completion of six consecutive months of service and 1,000 hours of service, based on a percentage of their gross pay, according to the following schedule:

Years of Service	Percentage
4 or less	2%
5 through 8	3%
9 through 12	4%
More than 12	5%

Employees must be employed as of the end of the plan year to receive a non-elective profit sharing contribution. Total discretionary non-elective profit sharing contributions were $316,957 and $299,158 for the years ended December 31, 2025 and 2024, respectively, which were reflected as employer contributions receivable at December 31, 2025 and 2024.

Participant Rollovers - Participant rollovers represent nonforfeitable transfers from other qualified plans.

Participant Accounts - Each participant's account is credited with the employee and applicable employer contributions and an allocation of the Plan's earnings. Allocations of plan earnings are based on a participant's account balance as a percentage of the total account balances for the applicable investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct their contributions as well as their share of employer contributions and any related earnings into various investment options. The Plan is invested in various funds maintained by Transamerica Life Insurance Company (Transamerica).

Vesting - Participants are immediately vested in their voluntary contributions, employer matching contributions, and investment income thereon. Employer non-elective profit sharing contributions vest according to the following schedule:

Years of Service	Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account is invested in the Stable Value Core Fund and utilized to reduce future employer contributions or pay plan expenses. Available forfeitures were $3,160 and $5,476 at December 31, 2025 and 2024, respectively.

Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, and subject to certain restrictions, a participant or designated beneficiary may elect to receive an amount equal to the value of the vested interest in his or her account, subject to applicable tax withholding requirements. If a participant's vested account balance exceeds $7,000, he or she may elect to receive a distribution in a lump-sum payment or IRA rollover. If a participant's vested account balance is less than $7,000, his or her account will be automatically distributed.

Notes Receivable from Participants - Participants may borrow a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on outstanding loans at December 31, 2025 ranged from 5.00% to 9.50%. Interest rates on outstanding loans at December 31, 2024 ranged from 4.25% to 9.50%. Repayment is required within five years unless the purpose of the loan is to purchase a principal residence. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Cash and Cash Equivalents - The Plan considers all highly liquid debt securities with original maturities of three months or less to be cash equivalents. Cash and cash equivalents are categorized with investments in the statements of assets available for benefits and represent revenue sharing which may be used to pay the Plan's administrative expenses. For the years ended December 31, 2025 and 2024, revenue sharing income credited was $37,496 and $58,880, respectively, and administrative expenses paid out of this account were $71,280 and $36,524, respectively. Other activity in the account consisted of interest income. The revenue sharing income and interest income are both presented with net appreciation in fair value of investments in the statements of changes in assets available for benefits.

Administrative Expenses - The Plan's expenses are paid by the Company or the Plan as provided by the plan document.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Pooled Separate Accounts: The pooled separate accounts are proprietary Transamerica separate account investments that are unitized based on the fair value of the underlying investments. The pooled separate accounts held by the Plan primarily invest in mutual funds valued using publicly quoted market prices. Transamerica calculates daily unit values, which are available to current investors and are the basis for participant transactions. Based on the nature of the underlying investments and Transamerica's fair value hierarchy information, the pooled separate accounts are classified as Level 1 investments.

Stable Value Core Fund: Fully benefit-responsive group annuity contract valued at contract value, which Transamerica has determined is equal to fair value (Level 2 measurement).

The methods described above may produce fair value calculations that may not be indicative of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting dates.

Risks and Uncertainties - Plan assets are composed of various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably

possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and the statements of changes in assets available for benefits.

Subsequent Events - The Sponsor has analyzed subsequent events for recognition and disclosure purposes through October 8, 2026, the date which the financial statements were available to be issued.

2. INVESTMENTS

A summary of the Plan's investments held by Transamerica at December 31, 2025 and 2024 is as follows:

	2025	2024
Investments:		
Pooled separate accounts	$ 17,330,987	$ 14,660,707
Stable Value Core Fund	910,342	940,289
Cash and cash equivalents	20,052	53,378
Total	$ 18,261,381	$ 15,654,374

The Stable Value Core Fund maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is financially obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

Because the Stable Value Core Fund is fully benefit-responsive, contract value is the relevant measurement attribute. Transamerica has determined that contract value equals fair value and classifies the investment as Level 2 within the fair value hierarchy (see Note 1). If an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, such as plan termination, a significant decline in creditworthiness of Transamerica, etc., the Stable Value Core Fund investment choice may no longer be considered fully benefit-responsive. However, the occurrence of such events is not considered to be probable.

3. PLAN TERMINATION

The Sponsor anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The assets of the Plan will be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan with a cash or deferral arrangement. The Internal Revenue Service issued an opinion dated

June 30, 2020 stating that the form of the pre-approved plan, as then designed, is acceptable for use by employers under Internal Revenue Code (IRC) Section 401. The Plan has been amended since the date of the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management believes that there is no liability related to uncertain tax positions at December 31, 2025 or 2024. The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for tax years before 2022.

5. CERTIFIED FINANCIAL INFORMATION

Transamerica, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2025 and 2024.

- Net investment income, as shown in the statements of changes in assets available for benefits for the years ended December 31, 2025 and 2024.

- The schedule of assets held for investment purposes at December 31, 2025, as shown on the accompanying schedule.

6. RELATED PARTIES AND PARTIES-IN-INTEREST

Transamerica serves as custodian of the Plan and is the issuer of the pooled separate accounts and Stable Value Core Fund.

Neither the Sponsor nor the employees of the Sponsor involved in administering the Plan receive any compensation from the Plan.
