Independent Auditors' Report

To the Trustee of
RHM LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the RHM LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of the RHM LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by RHM LLC (the "Company") covering all employees of the Company who are age 21 or older. An employee is eligible to enter the Plan immediately following completion of the eligibility requirements. Non-resident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 92% of annual eligible compensation as pre-tax or Roth contributions, as defined by the Plan. Participants may also contribute rollover amounts representing distributions from other qualified plans. Participants age 50 or older are allowed to make catch-up contributions, as defined by the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

Each Plan year, the Company makes a matching contribution each pay period, equal to 100% of participant deferrals up to 1% of compensation, plus 50% of participant deferrals above 1%, up to 6% of compensation.

In addition, the Company may make a discretionary profit sharing contribution at the option of the Company. A participant is required to have worked one year with 1,000 hours and to be employed on the last day of the Plan year to receive a discretionary profit sharing contribution. During the year ended December 31, 2025, the Company did not make a discretionary profit sharing contribution to the Plan.

All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Investment Account Options

The Plan currently offers various mutual funds and common collective trusts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's discretionary profit sharing contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of service. Company matching contributions are 100% vested after two years of credited service and discretionary profit sharing contributions are 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 from their accounts, subject to a maximum loan amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loans generally must be repaid within five years, except that a longer repayment period may apply to a loan used to acquire a participant's principal residence. Loans are secured by the participant's vested account balance and bear interest at rates determined by the Plan administrator based on prevailing rates. Principal and interest are generally repaid through payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable, and the participant's vested account will be used to pay the outstanding loan. A participant may have no more than two outstanding loans at one time.

Benefit Payments

Upon termination of employment, death, disability, or retirement, a participant may receive the vested portion of the participant's account in one or more forms permitted by the Plan, including a lump-sum payment, partial payments, installment payments, or an annuity contract.

The Plan permits in-service distributions after a participant attains age 59½, subject to the provisions of the Plan. The Plan also permits hardship distributions from the contribution sources specified in the Plan.

If a terminated participant's vested account balance is less than $5,000, the Plan administrator may direct that the account be distributed in a single-sum payment. Rollover contributions are included in determining the account balance for this purpose.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Forfeited Accounts

At December 31, 2025 and 2024, unallocated forfeited nonvested accounts totaled $7,512 and $785, respectively. Forfeitures of Company matching and profit-sharing contributions may be used to pay appropriate Plan expenses, reduce future Company contributions other than elective deferrals, or be allocated to participants as a Company profit-sharing contribution, or for any combination of those purposes.

During the year ended December 31, 2025, $5,897 of forfeited nonvested accounts was used to pay Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Contributions

Participant contributions and Company matching contributions are recorded in the year in which the participant contributions are withheld from compensation. Rollover contributions are recorded when received by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts permitted under applicable Internal Revenue Service limitations are recorded as liabilities with corresponding reductions to contributions.

The Plan distributed the 2025 excess contributions to the applicable participants before March 15, 2026. The Plan distributed the 2024 excess contributions to the applicable participants before March 15, 2025.

Administrative Expenses

Certain administrative expenses are paid by the Company and are not included in the accompanying financial statements. Expenses paid directly by the Plan are reported as administrative expenses in the Statement of Changes in Net Assets Available for Benefits. Fees related to notes receivable from participants are charged to the applicable participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments, at fair value
- Net appreciation in fair value of investments
- Investment income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, then the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing net asset value reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds publish a daily net asset value and transact at that price.

Common collective trusts: Common collective trusts are valued using the net asset value per unit provided by the trustee as a practical expedient to estimate fair value. Participant purchases and redemptions may occur daily. If the Plan initiates a full redemption, the investment adviser may temporarily delay withdrawal to provide for an orderly liquidation of the underlying investments. Investments measured using the net asset value practical expedient are not classified within the fair value hierarchy.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Total
Mutual funds	$ 2,711,912	$ 2,711,912
Investments measured at NAV practical expedient (a)		2,809,507
Total investments, at fair value		$ 5,521,419

Assets at Fair Value as of December 31, 2024

	Level 1	Total
Mutual funds	$ 2,662,083	$ 2,662,083
Investments measured at NAV practical expedient (a)		2,079,819
Total investments, at fair value		$ 4,741,902

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following tables summarize investments for which fair value is determined using the net asset value ("NAV") per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions applicable to these investments; therefore, the redemption notice period is not applicable to the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Investments	Fair Value 2025	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 2,809,507	$ --	Daily	None
Total	$ 2,809,507	$ --		

Investments	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 2,079,819	$ --	Daily	None
Total	$ 2,079,819	$ --		

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the trustee. Mid Atlantic Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Paychex, Inc. is the recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the recordkeeper by the Plan for the year ended December 31, 2025, totaled approximately $51,800.

Raymond James & Associates, Inc. is the investment advisor of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the investment advisor by the Plan for the year ended December 31, 2025, totaled approximately $28,300.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed an intention to terminate the Plan, the Company has the right to discontinue contributions and terminate the Plan, subject to the provisions of ERISA and the Plan document. Upon termination of the Plan, affected participants would become fully vested in their account balances to the extent required by the Plan and applicable law.

NOTE 7 - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated August 31, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, approximately 40% and 46%, respectively, of the Plan's total investments were invested in two investments.

NOTE 9 - SUBSEQUENT EVENTS

In April 2026, the Plan transitioned to a new recordkeeper and trustee. As a result of the transition, participant records and Plan assets were transferred to the new service providers. Management evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued, and determined that no additional subsequent events occurred that required adjustment to or disclosure in the accompanying financial statements.

Independent Auditors' Report

To the Trustee of
RHM LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the RHM LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of the RHM LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by RHM LLC (the "Company") covering all employees of the Company who are age 21 or older. An employee is eligible to enter the Plan immediately following completion of the eligibility requirements. Non-resident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 92% of annual eligible compensation as pre-tax or Roth contributions, as defined by the Plan. Participants may also contribute rollover amounts representing distributions from other qualified plans. Participants age 50 or older are allowed to make catch-up contributions, as defined by the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

Each Plan year, the Company makes a matching contribution each pay period, equal to 100% of participant deferrals up to 1% of compensation, plus 50% of participant deferrals above 1%, up to 6% of compensation.

In addition, the Company may make a discretionary profit sharing contribution at the option of the Company. A participant is required to have worked one year with 1,000 hours and to be employed on the last day of the Plan year to receive a discretionary profit sharing contribution. During the year ended December 31, 2025, the Company did not make a discretionary profit sharing contribution to the Plan.

All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Investment Account Options

The Plan currently offers various mutual funds and common collective trusts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's discretionary profit sharing contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of service. Company matching contributions are 100% vested after two years of credited service and discretionary profit sharing contributions are 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 from their accounts, subject to a maximum loan amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loans generally must be repaid within five years, except that a longer repayment period may apply to a loan used to acquire a participant's principal residence. Loans are secured by the participant's vested account balance and bear interest at rates determined by the Plan administrator based on prevailing rates. Principal and interest are generally repaid through payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable, and the participant's vested account will be used to pay the outstanding loan. A participant may have no more than two outstanding loans at one time.

Benefit Payments

Upon termination of employment, death, disability, or retirement, a participant may receive the vested portion of the participant's account in one or more forms permitted by the Plan, including a lump-sum payment, partial payments, installment payments, or an annuity contract.

The Plan permits in-service distributions after a participant attains age 59½, subject to the provisions of the Plan. The Plan also permits hardship distributions from the contribution sources specified in the Plan.

If a terminated participant's vested account balance is less than $5,000, the Plan administrator may direct that the account be distributed in a single-sum payment. Rollover contributions are included in determining the account balance for this purpose.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Forfeited Accounts

At December 31, 2025 and 2024, unallocated forfeited nonvested accounts totaled $7,512 and $785, respectively. Forfeitures of Company matching and profit-sharing contributions may be used to pay appropriate Plan expenses, reduce future Company contributions other than elective deferrals, or be allocated to participants as a Company profit-sharing contribution, or for any combination of those purposes.

During the year ended December 31, 2025, $5,897 of forfeited nonvested accounts was used to pay Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Contributions

Participant contributions and Company matching contributions are recorded in the year in which the participant contributions are withheld from compensation. Rollover contributions are recorded when received by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts permitted under applicable Internal Revenue Service limitations are recorded as liabilities with corresponding reductions to contributions.

The Plan distributed the 2025 excess contributions to the applicable participants before March 15, 2026. The Plan distributed the 2024 excess contributions to the applicable participants before March 15, 2025.

Administrative Expenses

Certain administrative expenses are paid by the Company and are not included in the accompanying financial statements. Expenses paid directly by the Plan are reported as administrative expenses in the Statement of Changes in Net Assets Available for Benefits. Fees related to notes receivable from participants are charged to the applicable participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments, at fair value
- Net appreciation in fair value of investments
- Investment income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, then the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing net asset value reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds publish a daily net asset value and transact at that price.

Common collective trusts: Common collective trusts are valued using the net asset value per unit provided by the trustee as a practical expedient to estimate fair value. Participant purchases and redemptions may occur daily. If the Plan initiates a full redemption, the investment adviser may temporarily delay withdrawal to provide for an orderly liquidation of the underlying investments. Investments measured using the net asset value practical expedient are not classified within the fair value hierarchy.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Total
Mutual funds	$ 2,711,912	$ 2,711,912
Investments measured at NAV practical expedient (a)		2,809,507
Total investments, at fair value		$ 5,521,419

Assets at Fair Value as of December 31, 2024

	Level 1	Total
Mutual funds	$ 2,662,083	$ 2,662,083
Investments measured at NAV practical expedient (a)		2,079,819
Total investments, at fair value		$ 4,741,902

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following tables summarize investments for which fair value is determined using the net asset value ("NAV") per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions applicable to these investments; therefore, the redemption notice period is not applicable to the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Investments	Fair Value 2025	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 2,809,507	$ --	Daily	None
Total	$ 2,809,507	$ --		

Investments	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 2,079,819	$ --	Daily	None
Total	$ 2,079,819	$ --		

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the trustee. Mid Atlantic Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Paychex, Inc. is the recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the recordkeeper by the Plan for the year ended December 31, 2025, totaled approximately $51,800.

Raymond James & Associates, Inc. is the investment advisor of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the investment advisor by the Plan for the year ended December 31, 2025, totaled approximately $28,300.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed an intention to terminate the Plan, the Company has the right to discontinue contributions and terminate the Plan, subject to the provisions of ERISA and the Plan document. Upon termination of the Plan, affected participants would become fully vested in their account balances to the extent required by the Plan and applicable law.

NOTE 7 - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated August 31, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, approximately 40% and 46%, respectively, of the Plan's total investments were invested in two investments.

NOTE 9 - SUBSEQUENT EVENTS

In April 2026, the Plan transitioned to a new recordkeeper and trustee. As a result of the transition, participant records and Plan assets were transferred to the new service providers. Management evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued, and determined that no additional subsequent events occurred that required adjustment to or disclosure in the accompanying financial statements.
