Independent Auditor's Report

Retirement Committee
American Fidelity Companies Employee Savings Plan
Oklahoma City, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Fidelity Companies Employee Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of American Fidelity Companies Employee Savings Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by American Fidelity Companies and its related employers (collectively, Company or American Fidelity) for the benefit of its employees who have at least one month of service.

The Plan is administered by the Company's Retirement Committee (Committee), which is a committee of certain employees of the Company. The Committee has overall fiduciary responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Delaware Charter Guarantee & trust Company d/b/a Principal Trust Company (Principal) is responsible for maintaining custody of the plan assets and payment of benefits to participants at the discretion of the plan administrator.

Contributions

Participants may contribute a minimum of 1% of eligible compensation up to 75% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes various employee match formulas; certain companies' matching formulas are highlighted below:

- *Formula A* – Certain related employers match 100% of participant contributions up to 2% of compensation plus an additional amount equal to 50% of an employee's contribution, in excess of 2% but not exceeding 6% of compensation, not to exceed 4% of an employee's eligible compensation.
- *Formula B* – Certain related employers match 100% of participant contributions up to 2% of compensation plus an additional amount equal to 50% of an employee's contribution, in excess of 2% but not exceeding 6% of compensation, not to exceed 4% of an employee's eligible compensation.
- *Formula C* – Certain related employers match 100% of participant contributions up to 4% of compensation plus an additional amount equal to 50% of an employee's contribution, between 4% and 6%, not to exceed 5% of an employee's eligible compensation.
- *Formula D* – Certain related employers match 100% of participant contributions up to 6% of compensation plus an additional amount equal to 50% of an employee's contribution, between 6% and 10%, not to exceed 8% of an employee's eligible compensation.
- *Formula E*
    - For certain employees who have accrued less than five years of credited service, certain related employers match 100% of participant contributions up to 4% of compensation plus an additional amount equal to 50% of an employee's contribution, between 4% and 6%, not to exceed 5% of an employee's eligible compensation.
    - For certain employees who have accrued five years or more of credited service and who are currently employed by the certain employers, certain related employers match 100% of participant contributions, not to exceed 7% of an employee's eligible compensation.

- *Formula F*
  - For certain employees hired on or before December 31, 2018, American Fidelity matches 100% of the first 2% of employee contributions and 50% of employee contributions, between 2% and 6%, not to exceed 4% of an employee's eligible compensation.
  - For employees hired on or after January 1, 2019 with 0 to 5 years of credited service, the participating employers match 100% of employee contributions, not to exceed 6% of an employee's eligible compensation. After five years of credited service for a given employee, the participating employers match an additional 50% of an employee's contributions between 6% and 10%. Additional matching contributions shall in no event exceed 2% of employee eligible compensation.

Discretionary contributions made by the Company are from current and accumulated profits of the Company and are determined at the sole discretion of the Company's Board of Directors. Company discretionary contributions were approximately $5,433,000 and $5,175,000 for the years ended December 31, 2025 and 2024, respectively. Contributions are subject to certain limitations.

Participant Investment Account Options

The Plan has shares of various mutual funds, common collective trusts, a common collective trust stable value fund, a pooled separate account, and a self-directed brokerage account option. Each participant has the option of directing all contributions to their account into any of these separate investment accounts. Participants may change their allocation daily.

The Plan includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The maximum automatic deferral amount is 10%.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions plus earnings thereon. Participants are 100% vested in the Company's contribution portion of their accounts plus earnings thereon after two years of credited service. The nonvested balance is forfeited upon distribution or a five-year break in service but is subject to reinstatement upon return to the Company within five years.

Notes Receivable From Participants

Participants may borrow a portion of their contributions at the prime interest rate plus 2%, as defined in the Plan's agreement. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. The loans are secured by the balance in the participant's account. All loans are covered by demand notes and generally are repayable over a period not to exceed five years through payroll withholdings unless the participant is paying the loan in full.

Payment of Benefits

On termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive the value of their account as allowed for under the Plan.

Forfeited Accounts

Upon termination of service, the nonvested Company contributions (forfeitures) are available to be applied by the Plan to fund future Company contributions. To the extent the forfeitures are not used to fund future Company contributions, the funds may be used to reduce reasonable administrative expenses of the Plan. Forfeitures are reinstated if the participant resumes employment within five years of termination. Forfeitures of nonvested portions of participants' accounts available to reduce future Company contributions as of December 31, 2025 and 2024 were approximately $400,000 and $203,000, respectively. Also, in 2025 and 2024, employer contributions were reduced by approximately $552,000 and $769,000, respectively.

Revisions

Certain immaterial revisions have been made to the 2024 financial statements to reclassify amounts previously reported in "other" to the "net appreciation in fair value of investments" and "interest and dividends" line items. These revisions did not have a significant impact on the financial statements and had no impact on previously reported net increase.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. Pooled separate accounts are valued at estimated fair value, as provided by Principal. The Plan's interest in the common collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fully benefit-responsive investment contracts, which include universal life insurance policies, are valued at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3. Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified the following investment information included in the financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024 except for universal life insurance policies
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024 except for investment activity of universal life insurance policies
- Investment information and notes receivable from participants included in the schedule of assets (held at end of year) as of December 31, 2025 except for universal life insurance policies

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

For the years ended December 31, 2025 and 2024, the Company provided certain administrative services at no cost to the Plan. Fees incurred by the Plan for the investment management services are included in net

appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company directly pays recordkeeping fees to Principal and other fees related to the Plan's operations.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025				
Common collective trusts	$ 71,765,914	$ -	$ 71,765,914	$ -
Self-directed brokerage accounts	29,217,238	29,217,238	-	-

Investments measured at net asset value[(A)]	804,228,882			
Investments, at fair value	$ 1,001,684,145			

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2024				
Common collective trusts	$ 77,422,446	$ -	$ 77,422,446	$ -
Self-directed brokerage accounts	22,144,295	22,144,295	-	-
Pooled separate accounts	1,319,437	-	1,319,437	-
Mutual funds	82,759,194	82,759,194	-	-
Total investments in the fair value hierarchy	183,645,372	$ 104,903,489	$ 78,741,883	$ -
Investments measured at net asset value[(A)]	668,693,136			
Investments, at fair value	$ 852,338,508			

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds and self-directed brokerage accounts. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. Level 2 investments include certain common collective trusts and pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. There were no Level 3 investments at December 31, 2025 or 2024.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their company contributions.

Note 7. Tax Status

The Plan obtained its latest determination letter dated March 20, 2014, in which the IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Nonexempt Transactions

Defined contribution plans are required to remit participant loan payments and participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets but no later than the 15th business day of the month following the month in which the loan payments and participant contributions are withheld by the employer. Once the Plan has determined it has remitted loan payments and participant contributions late to the Plan, the Plan is required to compute lost earnings on those payments and allocate lost earnings to the participants impacted in an equitable manner.

While all participant contributions were remitted to the Plan during 2025 and 2024, participant contributions and loan payments of $0 and $4,130 were not remitted within the required time period for the years ended December 31, 2025 and 2024, respectively. The late remittances to the Plan were corrected during 2024.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 7, 2026, which is the date the financial statements were available to be issued.
