## Independent Auditor's Report

To the Plan Administrator of the Pennrose Management Company 401(k) Profit Sharing Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Pennrose Management Company 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) Audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

**Basis for Opinion**

We conducted our audits in accordance with the auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of Plan

The following description of the Pennrose Management Company 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering substantially all employees of The Pennrose Companies LLC (Company) who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is responsible for the oversight of the Plan. The Plan Administrator, based on guidance received from the Plan's investment manager, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

### Contributions

Each year, participants in the Plan may contribute up to 75% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or certain individual retirement accounts. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a Lifecycle Fund based upon the participant's age, until changed by the participant.

The Company may make discretionary matching and profit sharing contributions to the Plan on behalf of eligible participants. For 2025 the discretionary matching contribution was 50% of the first 6% of compensation that an eligible participant contributed to the Plan and there was no profit sharing contribution.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

### Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of investment and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their account, including earnings thereon, is based on years of service and a graduated vesting schedule, with 100% vesting after completion of four years of credited service.

### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a fixed rate of interest based on the prevailing rates at the time the loan was established. Principal and interest are paid ratably through payroll deductions. If a participant with an outstanding loan balance terminates employment, their outstanding loan can continue to be payable in accordance with the provisions of the loan note by the participant. Notwithstanding the foregoing, outstanding loan amounts are immediately due and payable for deceased participants.

### Payment of Benefits

A participant may receive a lump-sum distribution of the vested portion of their account on separation from service with the Company. Partial withdrawals of any portion of a participant's vested balance is also permitted after a participant has terminated employment. A participant whose vested balance is $7,000 or less cannot defer receipt of their distribution. The following in-service withdrawals are permitted, subject to the Plan's provisions:

- Hardship withdrawals
- Withdrawals after age 59½
- Withdrawals after age 70½
- Withdrawals after normal retirement age
- Withdrawals of rollover contributions
- Active Military Distributions
- Emergency expense withdrawal
- Domestic abuse withdrawal
- Qualified disaster distributions
- Qualified birth or adoption distributions

### Forfeited Accounts

There were no forfeited accounts at December 31, 2025 or December 31, 2024. Forfeited accounts are used to reduce future employer contributions. In 2025, employer contributions were reduced by $45,047 from forfeited accounts.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by investment advisers and Fidelity Management Trust Company (Trustee). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees related to benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are included in net appreciation of fair values of investments.

### Subsequent Events

The Plan has evaluated subsequent events through October 10, 2026 the date the financial statements were available to be issued. Based on that evaluation, no events occurred that required disclosure.

## 3. Information Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information included in the accompanying Schedule H, Line 4i, schedule of assets (held at end of year) as of December 31, 2025

## 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

*Money Market Fund and Mutual Funds*: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **December 31, 2025:** | | | | |
| Mutual funds | $20,161,348 | $ - | $ - | $20,161,348 |
| Money market fund | 437,287 | - | - | 437,287 |
| Total | $20,598,635 | $ - | $ - | $20,598,635 |
| **December 31, 2024:** | | | | |
| Mutual funds | $18,110,232 | $ - | $ - | $18,110,232 |
| Money market fund | 357,936 | - | - | 357,936 |
| Total | $18,468,168 | $ - | $ - | $18,468,168 |

## 5. Administration of Plan Assets

The Plan's assets are administered under a service agreement with the Trustee. Contributions are held and managed by the Trustee, who invests cash received, interest and dividend income as directed by participant investment elections. The Trustee also makes distributions. Investment related fees paid on a basis point are deducted from the returns on the investments. Fees paid to the Trustee qualify as party-in-interest transactions. The fees paid to the Trustee were $113,544 in 2025.

The service agreement with the Trustee includes participant revenue credits and revenue credit programs (Revenue Credits). In situations where the recordkeeping revenue received in connection with services exceeds agreed upon compensation, the Trustee can allocate amounts equal to such excess revenue to accounts of eligible participants as negative expenses, participant revenue credit, or deposit amounts equal to such excess revenue in a suspense account, revenue credit program. The total Revenue Credits for 2025 that reduced administrative expenses in the accompanying statement of changes in net assets available for benefits was $9,912. The balance in the revenue credit program suspense account was $14,637 at December 31, 2025 and $4,412 at December 31, 2024. The revenue credit program is used for the payment of administrative expenses.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## 7. Tax Status

The Plan adopted a non-standardized pre-approved profit sharing plan with cash or deferred arrangement, which received a favorable opinion letter from the IRS dated June 30, 2020 indicating that the Plan was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees (Opinion Letter). Although the Plan has been amended since receiving the Opinion Letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the related trust is tax exempt.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investments were concentrated in four holdings, which individually represented 10% or more of the Plan's investments and totaled $10,243,441 at December 31, 2025 and $9,151,122 at December 31, 2024.

## 9. Nonexempt Transactions

As reported on Form 5500, schedule H, line 4a, schedule of delinquent participant contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's (DOL) Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during 2025. Late remittances amounted to $3,522. The Company will make the appropriate correction outside of the DOL's Voluntary Fiduciary Corrective Program.

## 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

| | 2025 | 2024 |
|---|---|---|
| Net assets available for benefits per the financial statements | $21,935,094 | $19,593,738 |
| Less contributions receivable at the end of the year | 805,393 | 600,444 |
| Net assets available for benefits per Schedule H of Form 5500 | $21,129,701 | $18,993,294 |

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Schedule H of Form 5500 for the year ended December 31, 2025:

| | |
|---|---|
| Net increase in net assets available for benefits per the financial statements | $2,341,356 |
| Less contributions receivable at December 31, 2025 | 805,393 |
| Plus contributions receivable at December 31, 2024 | 600,444 |
| Net income per Schedule H of Form 5500 | $2,136,407 |
