INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Baird Holm LLP Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Baird Holm LLP Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Baird Holm LLP Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baird Holm LLP Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baird Holm LLP Profit Sharing Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baird Holm LLP Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Baird Holm LLP Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan has been amended as of February 15, 2018.

General. The Plan is a defined contribution plan and is administered by Baird Holm LLP (Firm). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan contains both profit sharing and 401(k) components with different eligibility requirements. Under terms of the Profit Sharing Plan, employees, owners or partners of the Firm who have completed at least one (1) year of service with 1,000 hours, received compensation for services as a salary or wage or as earned income, and are at least twenty-one (21) years of age, are eligible to participate in this Plan on the entry date following completion of the eligibility requirements. The entry dates for the profit-sharing component are January 1, April 1, July 1, and October 1. Under terms of the 401(k) Plan, employees, owners or partners of the Firm who have completed one (1) month of service, received compensation for services as a salary or wages or as earned income, and are at least twenty-one (21) years of age, are eligible to participate in the Plan's Section 401(k) arrangement on the first day of the month following one (1) month of service.

Any individual included in a unit of employees covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith bargaining shall not be entitled to participate in this Plan.

The Plan's fiscal year end is December 31. The Plan was established July 1, 1970.

Participant Accounts. Each participant's investment account is credited with the participant's voluntary contribution, employer's contribution and an allocation of Plan earnings. Allocations of earnings for each fund type are pro rata based on the participant's account balance invested in each fund type. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee Contributions. Subject to Internal Revenue Service limitations, participants may reduce compensation by any percentage or dollar amount not exceeding one hundred percent (100%) of compensation, as reduced by applicable employment taxes required to be withheld from the participant's compensation. All participants who are eligible to make salary reduction contributions under this Plan and who have attained age 50 before the close of the Plan Year shall be eligible to make catch-up salary reduction contributions in accordance with, and subject to the limitations of the Code.

Employer Contributions. For the plan year ended December 31, 2025, the Firm contributed an amount equal to the greater of (a) 3% of annual wages for employees who became eligible during the Plan year, or (b) 5.1% of each participant's eligible compensation, subject to an annual compensation limit of $350,000, plus (c) an additional 5% for participants whose income exceeded $140,881.

The Plan was amended, effective January 1, 1987 to allow participants to make salary reduction contributions to the plan pursuant to Section 401(K) of the Code. The Plan was amended, effective February 15, 2018 to allow participants to defer salary amounts after 30 days of employment beginning with the next monthly entrance date. Most recently, the Plan was amended, effective January 1, 2022 to allow partners to contribute based on the New Comparability Formula method. This method allows partners over the age of 40 to contribute up to 13.182% of their earnings and partners under the age of 40 to contribute up to 8% of their earnings. There was no change for any of the employee eligible participants. The Plan was amended January 1, 2025 to remove the ongoing requirement of 1,000 hours worked during a plan year to qualify for the discretionary, non-elective employer contribution. Most recently, the Plan was amended, effective April 1, 2025 to add the Secure 2.0 withdrawal options for natural disasters, domestic abuse, and adoption assistance.

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting. Participants are immediately vested in their rollover or transfer, voluntary contributions plus or minus any earnings or losses thereon. The vested right of a participant to amounts allocated from the employer's contribution or forfeitures, adjusted by subsequent income, losses, appreciation and depreciation thereof, is as follows:

PLAN YEAR IN WHICH THE PLAN IS NOT A TOP HEAVY PLAN

Completed Years of Service	Vested And Non-forfeitable Percentage
Less than three	0%
Three but less than four	20%
Four but less than five	40%
Five but less than six	60%
Six but less than seven	80%
Seven or more	100%

PLAN YEAR IN WHICH THE PLAN IS A TOP HEAVY PLAN

Completed Years of Service	Vested And Non-forfeitable Percentage
Less than two	0%
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

Forfeitures. Forfeitures of non-vested Firm contributions are used to reduce future Firm contributions. During the Plan year ended December 31, 2025, $105,433 of forfeited participant accounts were used to reduce the Firm's 2025 contributions. At December 31, 2025, $100 of forfeited amounts were available to offset future employer contributions. The forfeiture amounts reducing employer contributions are as follows:

Firm employer contributions	$2,346,202
Forfeitures applied	105,433
Total employer contributions	$2,240,769

Administrative Expenses. Costs relating to administrative expense are paid by the Plan as incurred. Some separate costs associated with the Plan audit and certain administrative tasks are paid by the Firm outside of the Plan.

Investment Options. Upon enrollment in the Plan, a participant may direct the investments within their own individual accounts. Investments are required to be made in publicly traded securities. Participants may change their investment options in self-directed accounts at any time.

NOTE A - DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants. Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates for loans made under similar circumstances. Principal and interest are payable bi-weekly or monthly. The interest rates charged range from 4.25% to 9.50% and maturity dates range between January 2026 to August 2030.

Payment of Benefits. Upon termination of service, a participant may elect to receive either a lump sum amount equal to the vested portion of the participant's account or various forms of annuity payments. Upon normal retirement (the day on which the participant attains age 65) or disability, a participant is entitled to their pension benefit as of the first day of the Plan year coinciding with or next following the date of normal retirement or disability. The participant's pension benefit is determined by the vested portion of the participant's account, retirement option selected, and annuity rates in effect at the time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements of the Plan for the employees of the sponsor have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and changes in those net assets in accordance with generally accepted accounting principles.

Use of Estimates. The preparation of the financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value as determined by the Fidelity Management Trust Company at the last reported sales price on the last business day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurement.

Purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit loss has been recorded at December 31, 2025 and 2024. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Contributions. Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits. Benefits are recorded when paid.

Expenses of the Plan. Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Company. Certain administrative fees are paid by the Company.

Date of Management Review. The Plan considered events occurring through October 8, 2026, for recognition or disclosure in the financial statements as subsequent events. That date is the date the financial statements were available to be issued.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified, except for comparing such information certified by the Trust Company to information included in the Plan's financial statements and supplemental schedule.

The following information was certified as complete and accurate by the Custodian:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- The related investment activity related to fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to written notification of all parties concerned and subject to the provisions of ERISA. In the event of Plan termination, participants' account balances will become 100% vested and non-forfeitable.

NOTE E - TAX STATUS

Effective June 1, 2015, the Plan adopted a non-standardized prototype plan sponsored by Fidelity Management & Research Co. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

- *Cash, interest bearing*: Cost approximate fair value due to the short term nature.
- *Individual securities*: Valued at the closing price quoted in the active market in which such security is traded.
- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Corporate bonds*: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.
- *Exchange traded funds*: Valued at the closing price quoted in the active market in which the fund is traded.
- *Stable Value*: The Contracts and securities purchased for the fund are backed solely by the financial resources of the issuers of such Contracts and securities. The stable value fund is valued at fair value by the sum of the market value of the fund's investments.

NOTE F – FAIR VALUE MEASUREMENTS (continued)

- *Annuities*: Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances, and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2025 and 2024, the Plan had cash balances in excess of FDIC insurance limits in the amount of $9,080,016 and $9,121,616, respectively.

NOTE H – PARTY-IN-INTEREST TRANSACTION

Certain Plan investments are shares of money market and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rule. Fees paid by the Plan for services provided by Fidelity Management Trust Company amounted to $27,354 for the year ended December 31, 2025.

NOTE I – INCOME TAXES

Certain exempt organizations are required by Department of Labor regulations to file 990-T tax returns when unrelated business income (UBIT) exceeds $1,000. Fidelity performed a complete review of all benefit plans related to UBIT during the year and determined that there was no income liability for 2025 and 2024.
