Independent Auditor's Report

To the Board of Trustees
ATL Technology LLC 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of **ATL Technology LLC 401(k) Profit Sharing Plan and Trust** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raises substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

ATL Technology LLC 401(k) Profit Sharing Plan and Trust (the "Plan")'s financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments in mutual funds are stated at fair value. The common collective trusts funds are valued at net asset value which is used as a practical expedient to estimate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

In general, these securities are exposed to various risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Notes Receivable from Participants

The notes receivable from participants are valued at their outstanding balances plus any accrued but unpaid interest, which approximate fair value. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

Contributions Receivable and Allowance for Credit Losses

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for credit losses is not considered necessary.

Operating Expenses

Administration costs were paid for by the plan for the year ended December 31, 2025.

2. DESCRIPTION OF THE PLAN

The following description of the ATL Technology LLC (the "Company" or the "Employer") 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees who are age 21 or older and who have performed 1 month of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, plan participants may contribute any amount up to Internal Revenue Service ("IRS") limits of pretax annual compensation, as defined in the Plan. In addition, participants over age 50 may contribute an additional amount as specified by IRS guidelines. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company contributes 401(k) Safe Harbor matching contributions of 100% of elective employee deferrals up to 5% of compensation. Contributions are subject to certain IRS limitations.

Vesting

Participants are vested immediately in their contributions, rollovers from other plans, and safe harbor contributions. Participants are vested in the employer contribution portion of their accounts based on years of continuing service. A participant is 100% vested after five years of credited service. A year of credited service is any year in which an employee has at least 1,000 hours of service. The account vests equally over five years.

Participant Accounts

Each participant's account is credited with the (a) participant's contribution and (b) allocations of the Company's contribution. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable From Participants

Participants may borrow from their accounts the lesser of (a) $50,000 reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or (b) the greater of (1) or (2), reduced by (3) below: (1) One-half of the Member's Vested Account, (2) $10,000, (3) Any outstanding loan balance on the date the new loan is made. The amount of such loan cannot exceed 50% of the amount of the Member's Vested Account reduced by any outstanding loan balance on the date the new loan is made. The minimum amount of any loan is $1,000.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are exempt party-in-interest transactions.

2. DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

On termination of service, disability, retirement, or death, a participant will receive a lumpsum amount equal to the vested value of his or her account on the distribution date. This amount can be paid directly to an account of the participant's choice or rolled over to an eligible retirement plan. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to occurrence of the events. The Plan administrator determines financial hardship.

Forfeitures

During the year ended December 31, 2025, there were forfeitures in the amount of $1,081. During the plan year ended December 31, 2025, forfeitures in the amount of $13,541 were used to pay plan expenses and $0 were used to offset employer contributions. The ending forfeiture account balance as of December 31, 2025 and 2024 was **$0** and $12,515, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

3. TAX STATUS

The Plan is set up as a prototype plan, which the IRS has advised qualifies under Section 401(k) of the Internal Revenue Code and is, therefore, exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination for years prior to 2022.

4. INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2025 and 2024 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Ascensus Trust Company, the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes:

- Total investments
- Participant loans
- Investment income

Stable Value Collective Trust Fund

A stable value fund is a form of common collective trust funds, which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value ("NAV") of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth disclosures of certain attributes in entities that calculate a NAV per share (or its equivalent) and do not have a readily determinable fair value as of December 31, 2025 and 2024:

	Fair Value Measurements at Reporting Date:				
December 31, 2025	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency**	**Other Redemption Restrictions**	**Redemption Notice Period**
Collective investment trust	**$ 647,011**	**$ -**	Daily	None	12 months
Total	**$ 647,011**	**$ -**			
December 31, 2024					
Collective investment trust	$ 271,414	$ -	Daily	None	12 months
Total	$ 271,414	$ -			

4. INVESTMENTS (Continued)

Mutual Funds

The Plan invests in mutual funds that are valued at the daily closing price. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair Value Measurements

FASB Accounting Standards Codification (ASC 820) Fair Value Measurements and Disclosures establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value of a financial instrument is the amount that would be received to see an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Accordingly, when market observable data is not readily available, the Plan's own assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Financial assets and financial liabilities recorded in the statement of net assets at fair value are categorized based on the reliability of inputs to the valuation techniques as follows:

> **Level 1** – Financial assets and financial liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access. Examples include prices derived from NYSE, NASDAQ, Chicago Board of Trade, and Pink Sheets.
>
> **Level 2** – Financial assets and financial liabilities whose values are based on (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in non-active markets, or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability. Examples include matrix pricing, market corroborated pricing, and inputs such as yield curves and indices.
>
> **Level 3** – Financial assets and financial liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the Plan's estimates of the assumptions that market participants would use in valuing financial assets and financial liabilities. Examples include investment manager pricing for price placements, private equities, hedge funds, etc.

The Plan uses prices and inputs that are current as of the measurement date, including during periods of market disruption. In period of market disruption, the ability to observe prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

4. INVESTMENTS (Continued)

Fair values of investments measured on a recurring basis at December 31, 2025 and 2024 are as follows:

		Fair Value Measurements at Reporting Date		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025				
Mutual funds	**$ 13,816,463**	**$ 13,816,463**	**$ -**	**$ -**
Total	**$ 13,816,463**	**$ 13,816,463**	**$ -**	**$ -**
December 31, 2024				
Mutual funds	$ 13,559,019	$ 13,559,019	$ -	$ -
Total	$ 13,559,019	$ 13,559,019	$ -	$ -

5. RELATED PARTY TRANSACTIONS

The Company provides administrative services to the Plan. Administrative expenses, including audit fees, were paid for by the Plan for the year ended December 31, 2025. The Plan Sponsor is a party-in-interest. Participant loans are also party-in-interest transactions.

6. NONEXEMPT TRANSACTIONS

During the plan year ended December 31, 2025, employee contributions and loan repayments which totaled $53,844 were considered as late contributions in accordance with the prescribed timeframe by the Department of Labor (“DOL”) under ERISA regulations. As of December 31, 2025, these contributions and loan repayments have been remitted to the Plan trust, and the Company intends to calculate and pay for the lost earnings.

7. CORRECTIVE CONTRIBUTIONS

During the plan year ended December 31, 2025, the Company determined that employer contributions for one (1) employee were not transferred for nine (9) payroll periods from August 20, 2025, through December 19, 2025. The Company also determined that employee and employer contributions for one (1) employee were not transferred for the payroll dates of March 5, 2025, and June 5, 2025. As of December 31, 2025, the Company was in the process of calculating and making the corrective contributions related to these payroll periods.

8. MANAGEMENT’S EVALUATION OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditor’s report, which is the date the financial statements were available to be issued.
