INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Sonsray 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Sonsray 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplementary Schedule Required by ERISA
The supplementary schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Sonsray 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) GENERAL

The Plan is a defined contribution 401(k) plan which covers all full-time employees of TK Services, Inc. and Sonsray Machinery, LLC (collectively the Company) who have completed at least two months of service. The entry dates are January 1, April 1, July 1, or October 1, following the completion of two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 1987. Effective March 1, 2024, the Plan was most recently restated to include (a) automated Fidelity channels where participants can initiate their requests, (b) the pre-approval of most participant withdrawals with the exception of withdrawals subject to spousal consent, hardship withdrawals, protected benefit forms and a Qualified Reservist Distribution and (c) additional services provided by Fidelity such as eCertified Hardship Withdrawal Service, Suspension Tracking Service, Automatic Cash-Out of Small Terminated Participant Balances, Authorization to Process Required Minimum Distributions, DRO Qualification Service, Roth In-Plan Conversion, and an Outstanding Check Service. Additionally, the amendment restated the interest rate for the General Purpose and Primary Residence Loans to be the prime rate plus 2%.

(b) CONTRIBUTIONS

A participant may elect to contribute up to 100% of eligible compensation, subject to IRS regulation limitations. The Company, at its discretion, may make matching contributions each plan year equal to a discretionary percentage of the participant's eligible compensation contributed to the Plan. Participants must have completed at least twelve months of service to be eligible to receive matching contributions. Definition of eligible compensation for matching contributions excludes certain items which are included in the definition of eligible compensation for employee deferral contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

(c) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions and the allocation of Plan earnings thereon. The benefit to which a participant is entitled is the participant's vested account balance.

(d) VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on the years of continuous service and is subject to the graded vesting schedule as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A participant is entitled to 100% of his or her balance upon retirement, death or disability.

(e) NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow up to 50% of their vested account balance subject to a minimum amount of $1,000 and a maximum amount of $50,000. These notes receivable bear interest at a reasonable rate commensurate with local prevailing rates as determined by the plan administrator. Notes receivable must be paid back within five years unless the note receivable is for the purchase of a principal residence. Notes receivable are secured by the participant's vested interest in the Plan. At December 31, 2025, interest rates on loans ranged from 5.25% to 10.50% per annum. Principal and interest are paid through payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

(f) PAYMENT OF BENEFITS

On termination of service, a participant may elect to receive a single lump-sum payment of the vested value of his or her account. In-service distributions of vested account balances are permissible under the Plan if the participant has incurred a financial hardship. If a participant takes a hardship withdrawal, generally all contributions to the Plan will be suspended for six months. Benefits are recorded when paid. There were no benefit claims for participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2025.

(g) FORFEITURES

Forfeitures of terminated participants' non-vested accounts can be used to reduce future employer contributions and administrative expenses. During the year ended December 31, 2025, the Company used $87,932 of forfeitures to reduce employer contributions. Total available forfeitures at December 31, 2025 and 2024 amounted to $120,566 and $64,189 respectively.

(h) ADMINISTRATIVE EXPENSES

The Company absorbs significant costs of the Plan including certain administration and accounting fees. Transaction charges are paid by the participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to use certain estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of additions to and deductions from net assets during the reporting period. Although the plan administrator believes its estimates are appropriate, changes in assumptions utilized in preparing such estimates could cause these estimates to change sometime in the future.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including mutual funds and a money market account. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the financial statements.

(d) INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(f) SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2025 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 9, 2026, the date these financial statements were available to be issued. No such material events or transactions were noted to have occurred.

NOTE 3 - INVESTMENTS

The Plan's funds are maintained by Fidelity Management Trust Company (FMTC). The funds are credited with contributions and actual earnings on the underlying investments and charged for Plan withdrawals. The Plan's funds in the financial statements as of December 31, 2025 and 2024 are the values as reported to the Plan by FMTC.

The following was certified as to being complete and accurate by FMTC:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Supplementary schedule of assets (held at end of year).

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the statements of net assets available for benefits and the statement of changes in net assets available for benefits and the supplementary schedule of assets (held at end of year).

Participants may change their investment options at their discretion.

NOTE 4 - FAIR VALUE MEASUREMENT

The Plan adopted a fair value accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

The three levels of the fair value hierarchy under the standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis at December 31, 2025 and 2024, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

		Fair Value Measurements Using:		
	December 31	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025:				
Mutual Funds	$ 39,741,881	$ 39,741,881	$ -	$ -
Interest-Bearing Cash	1,091,385	1,091,385	-	-
TOTAL INVESTMENTS	$ 40,833,266	$ 40,833,266	$ -	$ -
2024:				
Mutual Funds	$ 34,049,104	$ 34,049,104	$ -	$ -
Interest-Bearing Cash	1,020,836	1,020,836	-	-
TOTAL INVESTMENTS	$ 35,069,940	$ 35,069,940	$ -	$ -

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Mutual Funds:** Valued at the closing price reported on the active market on which the funds are traded.

- **Interest-Bearing Cash:** Valued at carrying amount which approximates its fair value at year-end.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investment instruments are managed by FMTC. FMTC is a trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event the Plan is terminated, all assets shall become 100% vested and the assets will be allocated to each participant in the proportion each account balance bears to the total of all account balances.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits as of December 31 per the financial statements to the Form 5500:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 42,578,936	$ 36,856,454
Less: Employer Contributions Receivable	(652,527)	(825,565)
NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500	$ 41,926,409	$ 36,030,889

The following is a reconciliation of net increase in net assets available for benefits for the year ended December 31, 2025 per the financial statements to the Form 5500:

	Amounts
Net Increase in Net Assets Available for Benefits per the Financial Statements	$ 5,722,482
Add: Contributions Receivable at December 31, 2024	825,565
Less: Contributions Receivable at December 31, 2025	(652,527)
NET INCREASE IN NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500	$ 5,895,520

Contributions are recorded when received on the Form 5500.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Sonsray 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Sonsray 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplementary Schedule Required by ERISA
The supplementary schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Sonsray 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) GENERAL

The Plan is a defined contribution 401(k) plan which covers all full-time employees of TK Services, Inc. and Sonsray Machinery, LLC (collectively the Company) who have completed at least two months of service. The entry dates are January 1, April 1, July 1, or October 1, following the completion of two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 1987. Effective March 1, 2024, the Plan was most recently restated to include (a) automated Fidelity channels where participants can initiate their requests, (b) the pre-approval of most participant withdrawals with the exception of withdrawals subject to spousal consent, hardship withdrawals, protected benefit forms and a Qualified Reservist Distribution and (c) additional services provided by Fidelity such as eCertified Hardship Withdrawal Service, Suspension Tracking Service, Automatic Cash-Out of Small Terminated Participant Balances, Authorization to Process Required Minimum Distributions, DRO Qualification Service, Roth In-Plan Conversion, and an Outstanding Check Service. Additionally, the amendment restated the interest rate for the General Purpose and Primary Residence Loans to be the prime rate plus 2%.

(b) CONTRIBUTIONS

A participant may elect to contribute up to 100% of eligible compensation, subject to IRS regulation limitations. The Company, at its discretion, may make matching contributions each plan year equal to a discretionary percentage of the participant's eligible compensation contributed to the Plan. Participants must have completed at least twelve months of service to be eligible to receive matching contributions. Definition of eligible compensation for matching contributions excludes certain items which are included in the definition of eligible compensation for employee deferral contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

(c) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions and the allocation of Plan earnings thereon. The benefit to which a participant is entitled is the participant's vested account balance.

(d) VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on the years of continuous service and is subject to the graded vesting schedule as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A participant is entitled to 100% of his or her balance upon retirement, death or disability.

(e) NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow up to 50% of their vested account balance subject to a minimum amount of $1,000 and a maximum amount of $50,000. These notes receivable bear interest at a reasonable rate commensurate with local prevailing rates as determined by the plan administrator. Notes receivable must be paid back within five years unless the note receivable is for the purchase of a principal residence. Notes receivable are secured by the participant's vested interest in the Plan. At December 31, 2025, interest rates on loans ranged from 5.25% to 10.50% per annum. Principal and interest are paid through payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

(f) PAYMENT OF BENEFITS

On termination of service, a participant may elect to receive a single lump-sum payment of the vested value of his or her account. In-service distributions of vested account balances are permissible under the Plan if the participant has incurred a financial hardship. If a participant takes a hardship withdrawal, generally all contributions to the Plan will be suspended for six months. Benefits are recorded when paid. There were no benefit claims for participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2025.

(g) FORFEITURES

Forfeitures of terminated participants' non-vested accounts can be used to reduce future employer contributions and administrative expenses. During the year ended December 31, 2025, the Company used $87,932 of forfeitures to reduce employer contributions. Total available forfeitures at December 31, 2025 and 2024 amounted to $120,566 and $64,189 respectively.

(h) ADMINISTRATIVE EXPENSES

The Company absorbs significant costs of the Plan including certain administration and accounting fees. Transaction charges are paid by the participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to use certain estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of additions to and deductions from net assets during the reporting period. Although the plan administrator believes its estimates are appropriate, changes in assumptions utilized in preparing such estimates could cause these estimates to change sometime in the future.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including mutual funds and a money market account. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the financial statements.

(d) INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(f) SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2025 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 9, 2026, the date these financial statements were available to be issued. No such material events or transactions were noted to have occurred.

NOTE 3 - INVESTMENTS

The Plan's funds are maintained by Fidelity Management Trust Company (FMTC). The funds are credited with contributions and actual earnings on the underlying investments and charged for Plan withdrawals. The Plan's funds in the financial statements as of December 31, 2025 and 2024 are the values as reported to the Plan by FMTC.

The following was certified as to being complete and accurate by FMTC:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Supplementary schedule of assets (held at end of year).

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the statements of net assets available for benefits and the statement of changes in net assets available for benefits and the supplementary schedule of assets (held at end of year).

Participants may change their investment options at their discretion.

NOTE 4 - FAIR VALUE MEASUREMENT

The Plan adopted a fair value accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

The three levels of the fair value hierarchy under the standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis at December 31, 2025 and 2024, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

		Fair Value Measurements Using:		
	December 31	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025:				
Mutual Funds	$ 39,741,881	$ 39,741,881	$ -	$ -
Interest-Bearing Cash	1,091,385	1,091,385	-	-

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Mutual Funds:** Valued at the closing price reported on the active market on which the funds are traded.

- **Interest-Bearing Cash:** Valued at carrying amount which approximates its fair value at year-end.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investment instruments are managed by FMTC. FMTC is a trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event the Plan is terminated, all assets shall become 100% vested and the assets will be allocated to each participant in the proportion each account balance bears to the total of all account balances.
