The Plan Administrative Committee of
Pacific Coast Building Products, Inc. 401(k) Savings Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pacific Coast Building Products, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Coast Building Products, Inc. 401(k) Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pacific Coast Building Products, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Coast Building Products, Inc. 401(k) Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pacific Coast Building Products, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Coast Building Products, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Pacific Coast Building Products, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is sponsored by Pacific Coast Building Products, Inc. (Company or Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan which provides for retirement, disability and death benefits for qualified employees of the Employer. Employees become eligible to participate upon completing 30 days of service and attaining the age of 18.

(b) Contributions

Participants may contribute between 0% and 100% of their compensation for the contribution period, limited to the Internal Revenue Services (IRS) maximums. Unless otherwise elected by the participant, each new participant enters the plan with an initial deferral amount of 3% of compensation, increasing by 1% of compensation each year up to a maximum of 10% of compensation. For participants age 50 or older, an additional "catch-up" contribution is allowed up to limits as established by the IRS. The Employer may match a percentage of the participants' contributions after a consecutive twelve months of service. The amount of such matching contribution, if any, will be decided annually by the Employer. During the year ended December 31, 2025, the Employer matched 50% of the first $300 of each employee's contributions.

(c) Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related Employer matching contributions, as well as the participant's share of the Plan's income (loss) and any related administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Employer matching contributions is based on years of service. A participant becomes 100% vested after three years of service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's balance becomes 100% vested.

(e) Forfeitures

Forfeitures consist of the nonvested portion of Plan assets attributable to participants who have withdrawn from the Plan. Forfeitures may be used to pay Plan expenses or offset Employer matching contributions. At December 31, 2025 and 2024, there were forfeitures of $138,000 and $86,000, respectively. For the year ended December 31, 2025, there were no forfeitures used to pay Plan expenses or offset Employer matching contributions.

(f) Investment Options

A participant may direct his or her contributions and the Employer matching contributions into participant directed accounts which may be invested in mutual funds and money market fund currently offered under the Plan. Participants may change their investment options at any time.

(g) Distributions to Participants

Upon retirement, death, disability or termination of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account or a partial withdrawal of a minimum of $1,000, provided such partial withdrawals are made no more than monthly. If a participant's account balance is less than $5,000, the participant is only allowed a lump sum distribution. All distributions are subject to the applicable provisions of the Plan document.

(h) Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts up to the lesser of $50,000 or 50% of their account balance. Loan terms have no minimum duration and generally may not exceed five years except for the purchase of a primary residence. Loan transactions are treated as transfers between the investment fund and the participant loan receivable. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans. As of December 31, 2025, the rates of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through September 2035.

(2) Summary of Significant Accounting Policies

(a) Method of Accounting

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(c) Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

(e) Investment Valuation and Income Recognition

The Plan's mutual fund investments are valued using pricing models maximizing the use of observable inputs for similar securities. Investments in the money market and mutual funds are valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded. Purchases and sales of investments are reported on a trade date basis. Net appreciation (depreciation) includes gains and losses on investments bought and sold, as well as held during the year net of investment management fees.

(f) Fair Value Hierarchy

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, *Fair Value Measurement* provides guidance for measuring the fair value of assets and liabilities. The objective of a fair value measurement is to determine the price that would be received when selling an asset or paid when transferring a liability. The guidance outlines a fair value hierarchy that gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

- Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

- Level 3 - Prices or valuations that require inputs that are both significant to their fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the techniques used for assets measured at fair value at December 31, 2025 and 2024.

(g) Contributions

Employee contributions are recorded in the period during which the Employer makes payroll deductions from the participants' earnings. Employer matching contributions are recorded in the same period.

(h) Benefits

Benefit claims reduce the net assets available for benefits when paid by the Plan.

(i) Plan Administration

The Plan's trustee, Voya Institutional Trust Company, is responsible for the custody and management of the Plan's assets. The Plan's investment advisors, SageView Advisory Group, LLC. (SageView), is responsible for directing the trustee as to investment of the Plan's assets. All other administrative functions are provided by the Employer. Certain administrative expenses are also paid by the Employer on behalf of the Plan.

(j) Date of Management Evaluation

Management has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(4) Income Tax Status

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code. The Plan is utilizing a prototype document and although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan continues to fulfill the requirements of the Internal Revenue Code and ERISA, and that the trust which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes. The Plan was restated as of August 1, 2022, and the Plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Certified Investment Information

Voya Institutional Trust Company (Voya), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Fair value measurements by hierarchy of securities by major security type are as follows:

	Fair Value	Level 1	Level 2	Level 3
At December 31, 2025				
Money market	$ 2,194,000	$ 2,194,000	$ -	$ -
Mutual funds	169,121,000	169,121,000	-	-
	$ 171,315,000	$ 171,315,000	$ -	$ -
At December 31, 2024				
Money market	$ 1,900,000	$ 1,900,000	$ -	$ -
Mutual funds	144,616,000	144,616,000	-	-
	$ 146,516,000	$ 146,516,000	$ -	$ -

(6) Party-In-Interest Transactions

Money market funds held by the Plan are managed by Voya and, as such, transactions in these funds qualify as party-in-interest transactions. Any purchase or sale of these funds are open market transactions at fair market value, and as such, are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan's investment advisor SageView is responsible for directing the trustee as to investment of the Plan's assets. SageView fees are paid by the Plan.

The Company provides certain accounting and administrative services for which no fees are charged.

Report of Independent Auditors

The Plan Administrative Committee of
Pacific Coast Building Products, Inc. 401(k) Savings Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pacific Coast Building Products, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Coast Building Products, Inc. 401(k) Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pacific Coast Building Products, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Coast Building Products, Inc. 401(k) Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pacific Coast Building Products, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Coast Building Products, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Pacific Coast Building Products, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is sponsored by Pacific Coast Building Products, Inc. (Company or Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan which provides for retirement, disability and death benefits for qualified employees of the Employer. Employees become eligible to participate upon completing 30 days of service and attaining the age of 18.

(b) Contributions

Participants may contribute between 0% and 100% of their compensation for the contribution period, limited to the Internal Revenue Services (IRS) maximums. Unless otherwise elected by the participant, each new participant enters the plan with an initial deferral amount of 3% of compensation, increasing by 1% of compensation each year up to a maximum of 10% of compensation. For participants age 50 or older, an additional "catch-up" contribution is allowed up to limits as established by the IRS. The Employer may match a percentage of the participants' contributions after a consecutive twelve months of service. The amount of such matching contribution, if any, will be decided annually by the Employer. During the year ended December 31, 2025, the Employer matched 50% of the first $300 of each employee's contributions.

(c) Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related Employer matching contributions, as well as the participant's share of the Plan's income (loss) and any related administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Employer matching contributions is based on years of service. A participant becomes 100% vested after three years of service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's balance becomes 100% vested.

(e) Forfeitures

Forfeitures consist of the nonvested portion of Plan assets attributable to participants who have withdrawn from the Plan. Forfeitures may be used to pay Plan expenses or offset Employer matching contributions. At December 31, 2025 and 2024, there were forfeitures of $138,000 and $86,000, respectively. For the year ended December 31, 2025, there were no forfeitures used to pay Plan expenses or offset Employer matching contributions.

(f) Investment Options

A participant may direct his or her contributions and the Employer matching contributions into participant directed accounts which may be invested in mutual funds and money market fund currently offered under the Plan. Participants may change their investment options at any time.

(g) Distributions to Participants

Upon retirement, death, disability or termination of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account or a partial withdrawal of a minimum of $1,000, provided such partial withdrawals are made no more than monthly. If a participant's account balance is less than $5,000, the participant is only allowed a lump sum distribution. All distributions are subject to the applicable provisions of the Plan document.

(h) Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts up to the lesser of $50,000 or 50% of their account balance. Loan terms have no minimum duration and generally may not exceed five years except for the purchase of a primary residence. Loan transactions are treated as transfers between the investment fund and the participant loan receivable. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans. As of December 31, 2025, the rates of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through September 2035.

(2) Summary of Significant Accounting Policies

(a) Method of Accounting

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(c) Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

(e) Investment Valuation and Income Recognition

The Plan's mutual fund investments are valued using pricing models maximizing the use of observable inputs for similar securities. Investments in the money market and mutual funds are valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded. Purchases and sales of investments are reported on a trade date basis. Net appreciation (depreciation) includes gains and losses on investments bought and sold, as well as held during the year net of investment management fees.

(f) Fair Value Hierarchy

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, *Fair Value Measurement* provides guidance for measuring the fair value of assets and liabilities. The objective of a fair value measurement is to determine the price that would be received when selling an asset or paid when transferring a liability. The guidance outlines a fair value hierarchy that gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

- Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

- Level 3 - Prices or valuations that require inputs that are both significant to their fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the techniques used for assets measured at fair value at December 31, 2025 and 2024.

(g) Contributions

Employee contributions are recorded in the period during which the Employer makes payroll deductions from the participants' earnings. Employer matching contributions are recorded in the same period.

(h) Benefits

Benefit claims reduce the net assets available for benefits when paid by the Plan.

(i) Plan Administration

The Plan's trustee, Voya Institutional Trust Company, is responsible for the custody and management of the Plan's assets. The Plan's investment advisors, SageView Advisory Group, LLC. (SageView), is responsible for directing the trustee as to investment of the Plan's assets. All other administrative functions are provided by the Employer. Certain administrative expenses are also paid by the Employer on behalf of the Plan.

(j) Date of Management Evaluation

Management has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(4) Income Tax Status

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code. The Plan is utilizing a prototype document and although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan continues to fulfill the requirements of the Internal Revenue Code and ERISA, and that the trust which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes. The Plan was restated as of August 1, 2022, and the Plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Certified Investment Information

Voya Institutional Trust Company (Voya), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Fair value measurements by hierarchy of securities by major security type are as follows:

	Fair Value	Level 1	Level 2	Level 3
At December 31, 2025

(6) Party-In-Interest Transactions

Money market funds held by the Plan are managed by Voya and, as such, transactions in these funds qualify as party-in-interest transactions. Any purchase or sale of these funds are open market transactions at fair market value, and as such, are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan's investment advisor SageView is responsible for directing the trustee as to investment of the Plan's assets. SageView fees are paid by the Plan.

The Company provides certain accounting and administrative services for which no fees are charged.
