Independent Auditors' Report

The Trustee, Participants and Administrator
J.W. Pepper & Son Inc. Group Medical Plan
Exton, Pennsylvania

Opinion

We have audited the financial statements of J.W. Pepper & Son Inc. Group Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 , the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of J.W. Pepper & Son Inc. Group Medical Plan as of December 31, 2025 , and the changes in its net assets available for benefits and plan benefit obligations for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements sections of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

215-441-4600 | fax: 215-672-8224 | www.kmco.com

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of or for the year ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the J.W. Pepper & Son Inc. Group Medical Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2025 and is a self-insured health and welfare benefit plan that provides benefits to employees of J.W. Pepper & Son, Inc. (the Plan Sponsor or the Company) and their covered dependents. The Plan Sponsor contracted with Veris Benefits Consortium to self-fund medical insurance benefits. Accordingly, certain Plan assets are held in a taxable trust and administered by the independent trustee, Veris Benefits Consortium, LLC Trust (the Trust). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

The Plan was amended effective January 1, 2026 to include wrap services for vision and dental.

Benefits

The Plan provides for medical and prescription drug benefits to the full-time employees of the Company (defined as an employee who works at least 30 hours a week) and their eligible dependents. The Plan also provides continuation of certain benefits upon termination of employment through COBRA as defined in the plan document.

All benefits are self-insured and claims are processed through Highmark.

Stop-Loss Coverage

The Plan has stop-loss insurance arrangements in an effort to limit its exposure for self-insured benefits (individual coverage for medical and prescription claims in excess of $50,000 per eligible participant per year and aggregate corridor coverage for claims exceeding 110% of expected claims with an annual aggregate limit of $1,000,000).

Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on the applicable monthly premiums for their respective benefit elections. The Plan Sponsor and the participants share the premiums for the self-funded medical insurance through payroll deductions in accordance with the provisions of the Plan. Participants pay the full cost of COBRA. The Plan Sponsor makes contributions to the Plan to fund claims, net of insurance recoveries, premium expenses, and administrative expenses in excess of participants' contributions. To the extent not recovered by insurance, any deficiency of the Plan's net assets over benefit obligations is funded by the Company. During the year ended December 2025, the Plan structured its insurance products such that contributions to fund claims were 110% of expected claims, and the stop-loss coverage would cover any aggregate claims in excess of the contributions.

(1) Description of Plan, Continued

Self-Insured Benefit

All Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third party claims processors under administrative services agreements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plans trust account. Despite the Plan's utilization of third-party claim's processors, ultimate responsibility for payments to providers is retained by the Plan.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein; claims incurred but not reported; claims payable; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Interest income is recorded on the accrual basis.

Payment of Benefits

Premiums paid by the Trust are recorded as insurance premiums in the accompanying statement of changes in net assets available for benefits. Claim payments are recorded when submitted to the plan by claims processor for reimbursement. Amounts due to claims processors that have been submitted to the plan but not been reimbursed by the Plan are recorded as payables to claims administrators in the accompanying statement of net assets available for benefits. At December 31, 2025, there were no payables to claims administrators.

Continued…

(2) Summary of Significant Accounting Policies, Continued

Stop Loss

The Plan has a stop loss insurance arrangement whereby the stop loss insurance will cover the Plan's obligations for any plan participant's claims in excess of a fixed dollar amount (self-insured retention). The self-insured retention for the Company was $50,000 per covered person for the Plan year end December 31, 2025. In addition, the Plan has an aggregate stop loss insurance arrangement whereby the aggregate stop loss insurance will cover the Plan's obligations if all claims exceed a fixed dollar amount. Premiums for stop loss insurance are included in stop loss insurance premium expense in the accompanying statement of changes in net assets available for benefits. Stop loss refunds totaling $258,965 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits and statement of changes in benefit obligations.

Benefit Obligations

Plan obligations at December 31, 2025 include reported claims which have not yet been submitted to the plan by the claims processor for reimbursement and for claims incurred but not reported (IBNR). IBNR is estimated by the Plan's actuary in accordance with accepted actuarial principals based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. Such estimated amounts are reported in the accompanying statement of benefit obligations. Due to the short-term nature of the reserve liability, there is no discount rate applied to the estimate. Any differences in the amounts estimated and actual amounts will be reported in future years.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Continued…

(3) Fair Value Measurements, Continued

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are held by a bank-administered trust fund. All investments in the Plan are non-participant directed. Investments consist of interest-bearing cash which are considered a level 1 investment in accordance with ASC 820. There have been no changes in the methodologies used at December 31, 2025.

(4) Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, brokers and record-keepers. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan and are excluded from these financial statements.

(5) Tax Status

The Plan is funded through the Trust. The Trust is included on the U.S. Income Tax Return for an S Corporation Form 1120S of the third-party administrator for the Plan. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Continued…

(5) Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to modify the benefits provided to active employees, contributions required of participants and to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Plan Sponsor or be used for purposes other than for the exclusive benefit of the Plan's participants.

(7) Related-Party Transactions

The Plan's interest-bearing cash account is held by UMB Bank, the custodian of the Plan. The Plan has several arrangements with service providers. These transactions qualify as party-in-interest transactions under ERISA.

(8) Risk and Uncertainties

The estimate of benefit obligation is based upon certain assumptions which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions could be material to the financial statements.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Net assets available for benefits per the financial statements	$ 79,843
Less: benefit obligations currently payable	(190,808)
Net deficit available for benefits per the Form 5500	$ (110,965)

The following is a reconciliation of benefits paid per the financial statements to the Form 5500:

Benefits paid to participants per the financial statements	$ 787,301
