INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Nexans USA Inc. 401(k) Retirement Savings Plan
Goose Creek, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Nexans USA Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of Nexans USA Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering substantially all hourly and salary employees of Nexans USA Inc. ("Nexans," the "Sponsor," or the "Employer") and its subsidiaries who have completed at least one full calendar month of service. The Administrative Committee of the board of directors of the Sponsor controls and manages the operation and administration of the Plan. Charles Schwab Trust Bank (the "Trustee" or "Charles Schwab"), formerly known as the Trust Division of Charles Schwab Bank, serves as the trustee/custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 2, 2025, the Sponsor sold AmerCable, Incorporated. Employees of AmerCable, Incorporated were permitted to continue participating in the Plan for a period of one year following the sale.

Contributions

Each year, participants may contribute from 1% to 100% of their pre-tax and after-tax annual compensation, as defined in the Plan documents. Contributions are subject to certain Internal Revenue Code limitations. The matching contribution is discretionary and determined by the Sponsor. The Plan has an auto-enrollment at 3% of employee pay. Participants do have the right to opt-out of auto- enrollment or choose a contribution level lower than 3%. The Sponsor contributes matching contribution 100% of the first 6% of base compensation that a participant contributes to the Plan annually. Additionally, the Sponsor made a mandatory contribution of 6% of total compensation paid to participants for the year ended December 31, 2025. Participants may also elect to contribute from 1% to 100% of their after-tax compensation, as defined in the Plan documents.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the employer's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals, including catch-up contributions and rollover contributions, and earnings thereon. Participants' interests in employer contributions vest in accordance with the provisions of the Plan. Participants become fully vested upon attainment of normal retirement age while employed by the Sponsor or upon termination of employment due to death or disability.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. Forfeitures of non-vested employer contributions may be used in accordance with the provisions of the Plan, including to reduce employer contributions or pay Plan expenses.

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $233 and $10,357, respectively. During the year ended December 31, 2025, forfeitures totaling $12,766 were used to offset employer contributions or pay Plan expenses.

Note 1 – Description of Plan – continued

Investment Options
Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants
Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the participant's account balance and bear interest at reasonable rates commensurate with prevailing market rates, as determined by the Plan Administrator. Principal and interest are paid through payroll deductions, and loans are generally repayable within five years.

Benefits Paid to Participants
Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in the participant's account. Distribution of a deceased participant's account will be made to the designated beneficiary. Participants may also receive distributions under other circumstances permitted by the Plan, including withdrawals from eligible rollover contribution accounts and partial distributions following termination of employment, in accordance with the provisions of the Plan.

Plan Expenses
The Plan's expenses are paid by either the Plan or the Sponsor, as provided by the Plan document. Expenses paid directly by the Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Termination of the Plan
Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan, and all amounts credited to participants' accounts will become 100% vested. The Sponsor will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies – continued

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and changes in unrealized appreciation and depreciation in the fair value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions
Contributions from Plan participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant's note receivable to be in default, the participant's note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Note 3 – Certified Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified, pursuant to 29 CFR 2520.103-5(c), that the information furnished to the Plan Administrator is complete and accurate.

	2025	2024
Investment values	$ 118,393,334	$ 110,421,825
Notes receivable from participants	$ 1,828,454	$ 1,839,843

	Year ended December 31, 2025
Investment income certified:	
Net appreciation in fair value of investments	$ 12,981,230
Dividends	$ 2,516,665
Other Income	$ 414,063
Interest income on notes receivable from participants	$ 149,007

Note 3 – Certified Investments – continued

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common Collective Trust Funds

Common collective trust funds are valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The Putnam Stable Value Fund (the "Fund"), a Common/Collective Trust, seeks to provide safety of principal, adequate liquidity and competitive yield with low return volatility. The Fund is valued at the NAV, as provided by the Trustee, and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the Fund less its liabilities. This practical expedient is not used when it is determined

Note 4 – Fair Value Measurements – continued

to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the Fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust up to twelve months in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund has no unfunded commitments.

Self-directed brokerage accounts

Accounts primarily consist of mutual funds, money market funds and common stocks that are valued on the basis of readily determinable market prices.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2025	2024
Level 1		
Mutual funds	$ 58,289,596	$ 99,589,322
Self-directed brokerage accounts	3,129,990	4,088,412
Total investments in the fair value hierarchy	61,419,586	103,677,734
Investments measured at net asset value	56,973,748	6,744,091
Total investments at fair value	$ 118,393,334	$ 110,421,825

Investment	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	$6,799,986	$6,744,091	-	Daily	One business day
Principal Mid Cap Growth CIT	993,789	-	-	Daily	One business day
T. Rowe Price Retirement Trust Funds	49,179,973	-	-	Daily	One business day
Total investments measured using NAV	**$56,973,748**	**$6,744,091**	-		

During 2025, the Plan changed its target-date investment lineup from mutual funds to collective investment trust funds. Effective November 2025, the Plan replaced the T. Rowe Price Retirement mutual funds with the T. Rowe Price Retirement Tr-H collective investment trusts and added additional target-date vintages to the investment lineup. As a result of this change, a significant portion of Plan assets transitioned from registered investment companies to common collective trust funds measured at net asset value ("NAV") as a practical expedient. This change is reflected in the increase in investments measured using NAV at December 31, 2025 as compared to December 31, 2024.

Note 5 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator ("TPA"), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $175,395 to certain parties-in-interest for administrative and investment advisory fees, as permitted by ERISA. The Plan Sponsor pays directly certain other fees related to the operation of the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the related investments, as such fees are paid using investment earnings rather than through direct payments.

The Plan participates in an expense offset agreement whereby certain third-party expenses are paid with rebates received by the Plan from investment managers. During the year ended December 31, 2025, the Plan received investment manager rebates that were offset against recordkeeping fees. The net rebates are included in other income in the statement of changes in net assets available for benefits.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Tax Status

The Plan Sponsor adopted a pre-approved plan that received a favorable opinion letter, issued to the document provider, from the Internal Revenue Service dated September 21, 2020, which states that the form of the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is required to operate in conformity with the IRC to maintain its qualified status. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 8 – Plan Amendment and Plan Transfer

On January 2, 2025, Nexans USA, Inc. sold AmerCable Incorporated. Employees of AmerCable Incorporated were permitted to continue participating in the Plan for one year following the sale. Effective January 1, 2025, the Plan was amended to operate as a multiple employer plan. The Plan transferred $161,812 during 2025 to the Lynxeo USA, Inc. 401(k) Plan (EIN 82-4984208) for plan assets aggregated to AmerCable, Inc.

The Plan was amended effective January 1, 2025, to include additional matching contribution provisions related to non-safe harbor matching contributions, including catch-up contributions and a true-up contribution to be applied at the discretion of the employer.

Note 9 – Subsequent Events

Management evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued, to determine whether any events or transactions required recognition or disclosure in the financial statements as of December 31, 2025.

Subsequent to December 31, 2025, effective January 1, 2026, the Plan was amended to change its multiple-employer plan status, and AmerCable Incorporated ceased to be an adopting employer of the Plan. In connection with the partial deconversion, approximately $48.4 million of Plan assets were transferred to the Lynxeo USA, Inc. 401(k) Plan during 2026.
