INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust's** ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the GPK Products, Inc. 401(k) Cash or Deferred Profit Sharing Trust (the "Plan") provides only general information. Participants should refer to the Defined Contribution Volume Submitter Plan and Trust Plan Document and the Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of GPK Products, Inc. (the "Company"), who have one year of service, are age twenty-one or older and work at least 1,000 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, limited to the maximum allowed under the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions, limited to the maximum amount allowed under the IRC. Participants may also contribute amounts representing contributions from other qualified defined contribution plans. The Company can make a discretionary contribution that is determined on an annual basis. Contributions are subject to certain limitations.

The Plan allows rollover contributions into the Plan from another qualified plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all employee and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts (other than Safe Harbor contributions) plus actual earnings thereon is based on years of continuous service. Participants vest 20.0% per year of service and are 100% vested after five years of credited service. Safe Harbor contributions are fully vested when made, but subject to restrictions on early withdrawal.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the offered investment options. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their funds up to a maximum not to exceed the lesser of (a) $50,000 reduced by the excess, if any, of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made or (b) one-half of the fair market value of a participant's vested account balance built up from employer contributions, voluntary contributions, and rollover contributions.

The term of such loan shall not exceed five years, except in the case of a loan for the purpose of acquiring any house, apartment, condominium, or mobile home (not used on a transient basis) which is used, or is to be used, within a reasonable time as the principal residence of the participant. The term of such loan shall be determined by the employer considering the maturity dates quoted by the representative commercial banks in the local area for a similar loan.

Any loan shall bear interest at a rate of the prime lending rate plus one percentage point on the date the loan is processed. Interest rates range from 4.25% to 9.50%, respectively. The loan agreement shall also provide that the principal and interest payments be made by the means of payroll withholding, on a bi-weekly or semi-monthly basis. The loans are secured by 50.0% of participant's account balance.

The loans will be deemed in default if payment is not received within 90 days of the installment due date, and the entire outstanding loan will be treated as a deemed distribution.

Payment of Benefits

On termination of service due to death, disability or retirement, participants with vested account balances greater than $5,000 may elect to receive (1) a lump-sum amount equal to the value of the participant's vested interest in his or her account, (2) partial withdrawals or (3) annual installments over his or her life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

If, upon termination of service due to death, disability, retirement or any other reason, participants with a vested account balance less than $5,000, then the vested account balance may only be distributed in a single lump-sum payment regardless of whether consent was given.

Upon attainment of 65 years, participants may withdraw all or any portion of their vested account balances. For participants whose age exceeds 73 years the Internal Revenue Service required minimum distribution rules may apply.

Participants may take hardship withdrawals to satisfy an immediate and heavy financial need subject to certain limitations as defined in the Plan.

Administrative Fees

The Plan trustee assesses a per-transaction fee for loans and certain types of distributions. These fees were deducted from the individual participants' account balance and recorded as Plan administration expense. The Plan trustee also assesses a fee for the administration of the Plan. Administrative fees are deducted from individual participants accounts based on account balance and recorded as plan administrative expenses.

Forfeited Accounts

A forfeiture occurs when a participant terminates employment and all or part of the participant's employer non-elective contributions are not vested (these do not include employer matching contributions). There are no forfeited accounts as of December 31, 2025 and 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Measurement of Notes Receivable – from Participants

Notes receivable from participants are measured at the loans' unpaid principal balance plus any accrued interest. Interest income on notes receivable from participants is recognized on an accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management has evaluated subsequent events through the date of the auditor's report, which is the date which the financial statements were available to be issued. Management believes that there have been no significant subsequent events where disclosures are required.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by the Trustee, Bell Bank.

The Plan trustee has certified its statements of accounts as of December 31, 2025 and 2024, and for the year ended December 31, 2025. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of all transactions during the period, including interest income on notes receivable from participants and investment earnings.

NOTE 4 – FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy in accordance with ASC 820 *Fair Value Measurements* are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active or inactive markets and inputs other than quoted prices that are observable for the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common/collective trust funds - Valued at the net asset value ("NAV") of units of a bank common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV of shares held by the plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025

Federated Capital Preservation Fund	1,067,716	692,559	n/a	See below	See below
	$ 11,249,938	$ 9,266,540			

The Federated Capital Preservation Fund seeks stability of principal and high current income. The fund invests in a variety of Guaranteed Investment Contracts (GIC), including traditional GICs, separate account GICs, and synthetic GICs. Participants may redeem units of the fund daily for purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer of the employee's interest in the Plan to another investment election that is a non-competing investment, or paying Trustee fees. Participants may make withdrawals from the fund for other purposes generally only upon 12 months' advance written notice to the Trustee.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, participants are entitled to a distribution of their entire vested benefits.

NOTE 6 – TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended and restated since adopting the prototype. However, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions.

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

GPK Products, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged. Audit fees and Form 5500 preparation fees are paid by GPK Products, Inc. on behalf of the Plan. These fees would otherwise be paid by the Plan.

Fees incurred by the plan to the third party administrator for trustee fees totaled $38,460 for the year ended December 31, 2025.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2025, the Plan had investments of $4,604,981 which were concentrated in two funds.

As of December 31, 2024, the Plan had investments of $2,695,382 which were concentrated in one fund.

NOTE 9 – NONEXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the plan as soon as it is administratively feasible for them to be segregated from the employer's general assets.

During the year ended December 31, 2025, employee deferrals of $127 were withheld and were remitted within the 15-day requirement but not at the earliest day reasonably segregated as defined by the Department of Labor by the Plan Sponsor. These transactions constitute a prohibited transaction as defined by ERISA. The Plan Sponsor has confirmed that all such deferrals have been deposited to the Plan. The Company is in the process of computing lost earnings on the 2025 deposits and subsequently making a contribution for lost earnings.

NOTE 10 – FORM 5500 RECONCILIATION

The following is a reconciliation of amounts shown in the financial statements at December 31 to the From 5500:
