Independent Auditor's Report

To the Plan Administrator
Capitol City Produce 401(k) Savings Plan
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Capitol City Produce 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Plan management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

Note 1 - Description of Plan -

The following brief description of the Capitol City Produce 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

Description of Plan

The Plan is a defined contribution plan covering all eligible employees of Capitol City Produce Company, LLC, Capitol City Produce of the Gulf Coast, LLC, and Double F Logistics, LLC (collectively, the Company) who are age eighteen or older and have completed six months of service, as well as part-time employees of the Company who are age eighteen or older and have completed 1,000 hours of service in a given year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's 401(k) Committee and management oversee the governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitor investment performance.

Contributions

Each year, participants may contribute compensation as defined by the Plan not to exceed limits set by the Internal Revenue Code (IRC). The Plan also allows participants to make after-tax (Roth) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmably elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, with annual increases to a maximum of 6% after 5 or more years. These contributions are invested in a designated balanced fund until changed by the participant. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions equal to the sum of 100% of the participant's elective deferrals that do not exceed 1% of the participant's compensation, plus 50% of the participant's elective deferrals that exceed 1% up to 6% of the participant's compensation. For the year ended December 31, 2025, the Company made safe harbor matching contributions totaling $482,435. The Company may also make discretionary profit-sharing contributions to the Plan. There were no discretionary profit-sharing contributions made during the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is vested in the Company's safe harbor matching contribution portion of their accounts plus actual earnings thereon after two years of continuous service as further described in the Plan document. Vesting in the Company's profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or periodic installments over various periods stipulated in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures

At December 31, 2025 and 2024, the balance in the forfeited nonvested account totaled $749 and $-0-, respectively. These accounts are used to pay plan expenses or to reduce Company contributions. During the year ended December 31, 2025, $25,431 from forfeited nonvested accounts were used to reduce Company safe harbor matching contributions.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. At December 31, 2025 and 2024, all assets are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2025 and 2024, the Plan had no fully benefit responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the plan sponsor determines the Plan's valuation policies utilizing information provided by the Plan's custodian. See Note 5 to these financial statements for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net Appreciation in Fair Value of Investments includes the Plan's gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected funds held by the custodian. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and excluded from these financial statements. Fees for certain transactions, such as withdrawals, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in Net Appreciation in Fair Value of Investments.

Reclassifications

Certain items in the 2024 financial statements may have been reclassified to conform with the presentation in the current year financial statements. Such reclassifications had no effect on the previously reported change in net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 13, 2026, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4 - Tax Status -

The Internal Revenue Service has determined and informed the Company by a determination letter that the prototype used by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC), and is, therefore, not subject to tax under the present income tax law. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 5 - Fair Value Measurements -

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts - Each pooled separate account invests its assets solely in the shares or units of an underlying mutual fund, and the investment objective of each subaccount corresponds to the investment objective of the underlying fund. The value of each pooled separate account is determined using various inputs, such as the net asset value (NAV) of the shares of the underlying mutual fund held at year end adjusted for administrative expenses and other charges. As of December 31, 2025 and 2024, there are no unfunded commitments related to these investments and the investor may redeem these assets daily.

Stable asset fund - A stable asset fund is composed primarily of fully benefit- responsive investment contracts and is valued at the net asset value of the underlying units. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset

value. Participant transactions (purchases and sales) may occur daily. As of December 31, 2025 and 2024, there are no unfunded commitments.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured Using Net Asset Value Per Share Practical Expedient*				9,029,022
Total Investments at Fair Value				$ 9,029,022

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured Using Net Asset Value Per Share Practical Expedient*				8,561,448
Total Investments at Fair Value				$ 8,561,448

* Certain investments that were measured at net asset value per share (NAV) practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits. These accounts, as disclosed by the custodian, file Form 5500s as direct filing entities with the Department of Labor.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in Net Appreciation in Fair Value of Investments.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian, the Standard Insurance Company.

	2025	2024
Investments at Fair Value:		
Pooled Separate Accounts	$ 8,442,638	$ 8,292,895
Stable Asset Fund	586,384	268,553
	$ 9,029,022	$ 8,561,448
Investment Income	$ 1,132,863	

Note 7 - Party-in-Interest Transactions -

The Plan's investments are managed by the Standard Insurance Company (the Standard). The Standard is a qualified institution as defined by ERISA for the Plan and, therefore transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for the investment management services are included in Net Appreciation in Fair Value of Investments, as they are paid through revenue sharing, rather than a direct payment. The Company, a related party, also pays administrative and other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500 -

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 9,006,607	$ 8,561,448
Add: Other Liabilities	22,415	-
Net Assets Available for Benefits per Schedule H of Form 5500	$ 9,029,022	$ 8,561,448

The following is a reconciliation of total additions to net assets per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Total Additions to Net Assets per the Financial Statements	$ 2,728,667
Less: Other Liabilities	22,415
Total Additions per Schedule H of Form 5500	$ 2,751,082

The other liabilities relates to 2026 employee and employer contributions which were deposited into the plan on December 31, 2025. The contribution payable was accrued to properly reflect Contributions and Net Assets as of and for the year ended December 31, 2025.

Note 9 - Delinquent Participant Contributions -

For the year ended December 31, 2024, employee deferrals of $35,963 were not timely remitted to the Plan in accordance with the requirements of the Department of Labor. The contributions were remitted to the Plan upon discovery of the error. The Company computed lost earnings and filed the required Form 5330 in 2026.
