Independent Auditor's Report

To the Plan Committee of
Lion Elastomers LLC 401(k) Plan For Union Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lion Elastomers LLC 401(k) Plan For Union Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lion Elastomers LLC 401(k) Plan For Union Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lion Elastomers LLC 401(k) Plan For Union Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lion Elastomers LLC 401(k) Plan For Union Employees' ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lion Elastomers LLC 401(k) Plan For Union Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lion Elastomers LLC 401(k) Plan For Union Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Lion Elastomers LLC 401(k) Plan for Union Employees ("Plan") provides only general information. Participants should refer to the Plan document and trust agreement for a more complete description of the Plan's provisions.

General
The Plan is intended to be a qualified retirement plan to enable eligible employees to save for retirement. The Plan has been amended as of November 1, 2022, to conform to new tax laws and regulations. The Plan covers all union employees of Lion Elastomers LLC UNION ("Company") who are age 18 or older. There is no service requirement, and eligible employees enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions
Participant may elect to defer up to 75% of their eligible compensation into the Plan as pre-tax contributions. Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who are projected to be the age 50 or older by the end of the taxable year are eligible to make catch-up contributions. Participants can also roll over part or all of an eligible distribution they have received from an eligible retirement plan into this Plan as a rollover contribution.

The Plan includes an automatic enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. Participants may stop or change this automatic contribution at any time.

The Plan provides for a nondiscretionary employer match contribution in the amount of 66.7% of the first 6% of annual compensation with a 4% match maximum. The Plan also provides for an employer basic contribution equal to 3% of pay annually.

In addition, the Company also makes an annual contribution based on the participant’s attained age as of the last day of the prior plan year as follows:

Attained Age	Annual Contribution
Less than 30	$ 50
30-39	$ 100
40-49	$ 250
50-59	$ 500
60 or older	$ 750

Participant Accounts
Each participant’s account is credited with the participant’s contributions, employer contributions, and Plan earnings. Participant accounts are changed with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Participants direct the investment of assets in their account under the Plan into any of the investment securities offered by the Plan. Participants can change their investment allocation among the various investment securities either through direct transfer from one security to another or by changing the percentage allocation of future contributions.

Vesting
Participants are always 100% vested in their contributions, employer contributions, and actual Plan earnings thereon.

Notes Receivable from Participants
Loans have been pre-approved by the Company and are allowed for any purpose. The minimum loan is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. All loans bear a reasonable rate of interest as determined by the Company based on prevailing interest rates. Loan repayments are made through payroll deductions for no more than a five year period unless the loan was for the purchase of the participant's principal residence.

Payment of Benefits
A distribution can be made to a participant due to disability, retirement, or termination of employment. A beneficiary may request a distribution in the event of death. A participant may defer receipt of their distribution if the vested account balance is greater than $7,000. If the vested account balance is $7,000 or less, the Company will direct the trustee that any account exceeding $1,000 be distributed to an Individual Retirement Account or Annuity for their benefit. If the vested account balance is $1,000 or less, the Company will direct the trustee to distribute it as a lump-sum payment to the participant.

If a participant has reached age 59 1/2, then they may elect to withdraw all or a portion of their entire vested account while still employed with the Company. A participant may also apply to withdraw certain contributions to satisfy specific and heavy financial needs as a hardship withdrawal.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

3. Certified Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 23,838,810	$ -	$ -	$ 23,838,810
Money market fund	70,111	-	-	70,111
Investments at fair value	$ 23,908,921	$ -	$ -	$ 23,908,921

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 20,099,157	$ -	$ -	$ 20,099,157
Money market fund	94,128	-	-	94,128
Investments at fair value	$ 20,193,285	$ -	$ -	$ 20,193,285

5. Related Party Transaction and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

In addition, the Plan provides for notes receivable from participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

The Company has no legal or contractual obligation to continue the Plan. The Company reserves the right to terminate the Plan at any time by taking appropriate action as circumstances may dictate. The Company will facilitate the distribution of account balances in single lump-sum payments to each participant in accordance with Plan provisions until all assets have been distributed.

The Company has entered into a Plant Closing Memorandum of Agreement that will cause a significant reduction in workforce effective March 7, 2026. Based on these facts and circumstances, the Company has concluded a partial Plan termination will occur. Because the affected participants are already fully vested in their account balances, the partial Plan termination will not have a material impact on the accompanying financial statements. The Company has amended the Plan to provide that any outstanding loan balance will not be due and payable upon the participant's termination, and that the participant may continue to make payments on their loan after their termination of employment. The Plan will continue in effect for the remaining eligible employees.

7. Tax Status

The Company adopted a pre-approved plan which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated the pre-approved plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2025 and 2024, three investments represented a concentration of greater than 10% of the Plan's net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 25,077,885	$ 21,364,028
Participant contributions receivable	(11,985)	
Employer contribution receivable	(8,951)	
Deemed distributions of participant loans		(55,749)
Net assets available for benefits per the Form 5500	$ 25,056,949	$ 21,308,279

The following is a reconciliation of participants contributions per the financial statements for the year ended December 31, 2025 to Form 5500:

Participants contributions per the financial statements	$ 1,648,089
Less: Participant contributions receivable at December 31, 2025	(11,985)
Participants contributions per Form 5500	$ 1,636,104

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2025 to Form 5500:

Employer contributions per the financial statements	$ 1,221,628
Less: Employer contribution receivable at December 31, 2025	(8,951)
Employers contributions per Form 5500	$ 1,212,677

The following is a reconciliation of benefits paid to participant per the financial statements for the year ended December 31, 2025 to Form 5500:

Benefits paid to participants per the financial statements	$ 2,769,381
Less: Deemed distributions of participant loans at December 31, 2025	(55,749)
Total benefit payments and certain deemed distributions per Form 5500	$ 2,713,632

10. Delinquent Participant Contributions

During 2025, the Company erroneously failed to remit certain participant deferrals to the Plan aggregating $11,985. These deferrals are included in the Plan's receivables at December 31, 2025. The Company will compute lost earnings on these 2025 deferrals and subsequently remit the deferrals and lost earnings to the Plan.

During 2022 and 2021, the Company failed to remit to the Plan's trustee certain participant deferrals totaling $38,635 within the period prescribed by the Department of Labor's regulations. Delays in remitting contributions to the trustee were due to administrative errors. During 2025, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
