INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Niles Bolton Associates, Inc. Incentive Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Niles Bolton Associates, Inc. Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Niles Bolton Associates, Inc. Incentive Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Niles Bolton Associates, Inc. Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Niles Bolton Associates, Inc. Incentive Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Niles Bolton Associates, Inc. Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Niles Bolton Associates, Inc. Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NILES BOLTON ASSOCIATES, INC. INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following brief description of the Niles Bolton Associates, Inc. Incentive Savings Plan (the "Plan") is provided for general information purposes only. Participants or other interested parties should refer to the Plan Agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all eligible employees of Niles Bolton Associates, Inc. (the "Company"). The Plan was effective April 1, 1987, and is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has been amended over the years to comply with tax regulations.

The Company's Chief Executive Officer is the Plan administrator and trustee. The custodians of the Plan's assets are Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Custodians"). The Company and the Plan administrator are responsible for the oversight of the Plan. The Plan administrator, utilizing the recommendations of advisors, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Eligibility

Eligible employees can participate in the Plan for purposes of salary deferrals, matching contributions, and discretionary contributions after they have attained the age of 21 and completed three months of service. The entry date into the Plan is the first day of the Plan month coinciding with or next following the date the employee satisfies the eligibility requirements.

C. Contributions

Each year, participants may contribute up to the applicable limit pursuant to Code Section 401(k) of their pre-tax compensation, as defined in the Plan, subject to certain limitations for highly compensated individuals. Unless participants elect to not defer or to defer another percentage or dollar amount, participants meeting the eligibility requirements, as described above, are automatically enrolled in the Plan at 6%. The Plan also includes an automatic annual salary deferral increase on June 1 of 1%, until the salary deferral is 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies and guaranteed interest contracts. The Company contributes 100% of salary deferral contributions up to 1% of compensation plus 50% of salary deferral contributions from 1% to 6% of compensation for the payroll period. Discretionary contributions may be made by the

Company for the year to any participant that was an active participant during the Plan year. The allocation of discretionary contributions to each participant is based on annual pay divided by total annual pay of all eligible participants.

D. Participant Accounts

Participants' accounts are maintained by the Custodians and are credited with the participant's contributions, the Company's contributions, and allocations of investment income (loss). Each participant is charged with fees upon receiving distributions, as well as an allocated portion of plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after obtaining two years of continuous service. Participant accounts also become fully vested upon death, disability, attainment of normal retirement age, termination due to lay-off by the employer, or termination of the Plan.

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have only one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.50% to 9.50%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

G. Payment of Benefits

Upon request or termination of service, participants may elect to receive the value of their vested interest in his or her account as a lump-sum distribution. The Plan has an automatic lump sum distribution of all accounts below $5,000 upon separation. If termination is due to death, disability or retirement, the participant or representative may elect to receive one of the following: a lump-sum amount equal to the value of the participant's vested interest; single life installment refund; survivorship installment refund of 50% to 100%; or fixed period annuity for five, ten or fifteen years. Participants may also, upon termination of service, elect to rollover the account to a personal retirement account.

H. Forfeited Accounts

Amounts forfeited by participants who are terminated from the Plan prior to being fully vested may be used to reduce employer contributions or administrative expenses. During the year ended December 31, 2025, employer contributions were reduced by $1,808 and administrative expenses were reduced by $13. Total unused forfeited balances as of December 31, 2025 and 2024 were $20,239 and $1,662, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

B. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodians.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

D. Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Organization makes the respective payroll deduction from the participant's compensation.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses was recorded at December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

F. Payment of Benefits

Benefits are recorded when paid.

G. Administrative Expenses

Certain expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participant account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of the investments.

H. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date these financial statements were issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include the following:

  - Quoted prices for similar assets or liabilities in active markets,
  - Quoted prices for identical or similar assets or liabilities in inactive markets,
  - Inputs other than quoted prices that are observable for the asset or the liability,
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

  If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2025 and 2024, investments are the only assets that are measured at fair value on a recurring basis in periods subsequent to initial recognition. The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Registered investment companies:* Valued at the closing price reported on the active market on which the individual securities are traded.

- *Common / Collective investment trust:* Valued based on the Net Asset Value ("NAV") of the shares/units held by the Plan based on the market value of its underlying investments as determined by the custodian. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

- *Unallocated contract:* Valued at fair value by the insurance company. Since these annuities are not traded on an open market (cannot be sold, transferred, or assigned externally), there is limited market data and public prices are not available. Most transactions that occur prior to the commencement of guaranteed income payments

are realized at the lower of contract value (return of premium) or an adjusted contract value that takes into account the current rates of interest available in the marketplace, as well as mortality factors.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

Description	Level 1	Level 3	Fair Value
Registered investment companies	$ 46,395,333	$ -	$ 46,395,333
Unallocated contract	-	1,028	1,028
Total assets in the fair value hierarchy	$ 46,395,333	$ 1,028	46,396,361
Investments measured at NAV			2,360,543
Total investments at fair value			$ 48,756,904

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

Description	Level 1	Level 3	Fair Value
Registered investment companies	$ 39,549,741	$ -	$ 39,549,741
Unallocated contract	-	1,606	1,606
Total assets in the fair value hierarchy	$ 39,549,741	$ 1,606	39,551,347
Investments measured at NAV			104,898
Total investments at fair value			$ 39,656,245

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31, 2025 and 2024:

	Unallocated Contract	
	2025	2024
Balance, beginning of year	$ 1,606	$ 149,197
Purchases	273	160
Sales	-	(145,345)
Gains (losses)	(851)	(2,406)
Balance, end of year	$ 1,028	$ 1,606

4. PRINCIPAL FIXED INCOME GUARANTEED OPTION

During the year ended December 31, 2007, the Plan entered into the Principal Fixed Income Guaranteed Option, a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"). Principal maintains contributions in a general account. The account is credited with the Composite Crediting Rate and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 was $2,002,091. The crediting interest rate is the Composite Crediting Rate, which will never be less than the Guaranteed Minimum Interest Rate. Such interest rates are reviewed on a semiannual basis for resetting. At December 31, 2024, the composite crediting rate equaled 1.65%.

On March 1, 2024, the Plan Sponsor gave Principal a 12-month advance notice to liquidate its interest in the Principal Fixed Income Guaranteed Option to avoid surrender charges associated with terminating the contract. On March 1, 2025, all funds held in this investment were transferred to the Putnam Stable Value Fund.

5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Under ERISA, a party-in-interest has a defined relationship with the Plan and includes fiduciaries, service providers, employers, and others that have a relationship with the Plan or the Company. ERISA prohibits certain transactions between a retirement plan and a party-in-interest that creates a potential conflict of interest. Principal Life Insurance Company provides contract administrative services to the Plan pursuant to the Plan Expense Agreement with the Company and therefore is a party in interest. During the year ended December 31, 2025, the Plan paid fees totaling $87,237 to Principal Life Insurance Company and fees totaling $3,100 to other service providers. These transactions qualify as exempt party-in-interest transactions as the services are essential to the on-going operation of the Plan.

Notes receivable from participants are also defined by ERISA as exempt party-in-interest transactions.

6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investments at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

8. TAX STATUS

The underlying Non-Standardized Pre-Approved Profit Sharing Plan designed by CCH Incorporated DBA FTWilliam.com has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code"), and, therefore, the related trust is tax exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the IRS opinion letter for the Plan. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.
