INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Wm. B. Morse Lumber Co. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wm. B. Morse Lumber Co. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wm. B. Morse Lumber Co. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statement section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wm. B. Morse Lumber Co. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wm. B. Morse Lumber Co. Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wm. B. Morse Lumber Co. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wm. B. Morse Lumber Co. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Information Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the Wm. B. Morse Lumber Co. Retirement Savings Plan ("the Plan") is intended to give a general summary of the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code, established on January 1, 1990 and restated effective January 1, 2024 as a Safe Harbor plan. It covers substantially all employees of Wm. B. Morse Lumber Co. ("the Company") who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Full-time employees of the Company are eligible to participate after 3 months of service with the entry dates to be the start of the following month upon eligibility. Part-time employees are eligible to participate upon attaining 18 years of age and 1,000 hours of service as determined annually on the anniversary of his or her employment commencement date.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each eligible participant who has an executed salary reduction agreement in effect with the Company. Participants who are eligible to participate will automatically be set up to defer six percent of their eligible compensation unless the employee designates a different percentage or elects not to defer. The Plan also provides for automatic annual increases of one percent to participants' deferral rates, up to a maximum of twelve percent, effective January 1st of each year, unless the participant elects otherwise. Eligible participants may elect to defer a portion of their total annual eligible compensation into the Plan as a qualified pre-tax deferral or an after-tax Roth deferral. During 2025 and 2024, employee traditional contributions totaled $596,331 and $596,128, respectively while employee Roth contributions amounted to $88,393 and $88,538, respectively.

During 2025 and 2024, safe harbor matching contributions amounted to $206,305 and $217,079, respectively. Employer discretionary contributions during 2025 and 2024 totaled $95,400 and $105,907, respectively.

The Company has two discretionary contribution provisions in the plan. The first is a weekly $18 contribution for all plan participants, regardless of whether the employee makes a contribution to the plan. This amount is approved annually by the Company's board of directors. As noted above, the discretionary contribution total in 2025 and 2024 totaled $95,400 and $105,907, respectively.

A second type of discretionary contribution may be made in an amount determined by the Company to be allocated using a new comparability formula where participants are assigned groups and contributions are made separately to each group. This contribution is subject to a last-day requirement and will be made on a Plan Year basis. In addition, participants may transfer funds from other qualified plans with the consent of the plan administrator.

1. Description of Plan (Continued)

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, employer contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals, rollover contributions, and discretionary employer contributions plus actual earnings. Vesting in discretionary matching contributions is based on years of continuous service.

A vested percentage for employer matching and non-elective contributions is determined in accordance with the following vesting schedule. Participants will become fully vested upon reaching normal retirement age or passing away:

Years of Service For Vesting	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A vested percentage for safe harbor matching contributions is determined in accordance with the following vesting schedule:

Years of Service For Vesting	Vesting Percentage
Less than 2	0%
2 or more	100%

Payment of benefits

Upon retirement, death or disability, the entire account balance, if less than $5,000, will be distributed in the form of a lump-sum payment. If the account balance is greater than $5,000, the participant may choose a lump-sum distribution, a joint and survivor annuity, or equal installments over various periods based on life expectancy. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations. The Plan also allows participants who have attained the age of 59½ and are still employed by the Company to obtain distributions from their vested accounts.

1. Description of Plan (Continued)

Notes receivable from participants

The Plan allows participants to borrow funds from their accounts. Loans may not exceed the lesser of 50% of the employee's vested account balance or $50,000. No loan in an amount less than $1,000 will be permitted. Repayments of principal and interest are made through payroll withholding. Interest on participant loans is fixed at the prime rate as of the first business day of the month the loan is originated. At any time, no more than one loan may be outstanding from the Plan to the participant. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative expenses

All record keeping, tax filing, investment commissions and loan origination costs are paid from forfeitures or the Plan's assets:

	2025	2024
Total administrative expenses	$ 74,509	$ 64,030
Less: Expenses paid by plan sponsor	(10,000)	-
	$ 64,509	$ 64,030

Forfeited accounts

Non-vested employer contributions arising under the Plan are used to reduce future employer contributions and administrative expenses. Forfeiture activity during 2025 consisted of the following:

	2025	2024
Forfeitures available for use, beginning of year	$ 2,140	$ -
Forfeitures generated	31,146	42,936
Forfeitures used to reduce employer match	(32,246)	(41,078)
Earnings on forfeitures	564	282
Forfeitures available for use, end of year	$ 1,604	$ 2,140

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for plan benefits and changes in those net assets.

Cash and cash equivalents

The Plan considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

2. Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Cash equivalents: Includes money market accounts, certificates of deposit and all highly-liquid instruments purchased with an original maturity of three months or less.

Pooled separate accounts: Valued at quoted market prices which represent the net asset value of units held by the Plan at the end of the year

Mutual funds: Values are determined based on quoted market prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2022.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Plan management's review of subsequent events

The Plan administrator has evaluated events occurring between the end of the most recent plan year and September 30, 2026, the date the financial statements were available to be issued.

3. Financial Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Financial Group, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The fair value of investments determined to be level 1 assets as of December 31, 2025 and 2024 consisted of:

	2025	2024
Cash and cash equivalents	$ 969,079	$ 874,882
Mutual funds	10,610,279	6,893,178
	$ 11,579,358	$ 7,768,060

The value of other investments not included in the fair value hierarchy as of December 31, 2025 and 2024 consisted of:

	2025	2024
Pooled separate accounts	$ 5,216,158	$ 7,702,566

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 16, 2024 that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the Internal Revenue Code.

7. Related Party Transactions

The Plan invests in mutual funds managed by Principal Financial Group. Principal Financial Group acts as custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Administrative fees paid to Principal Financial Group amounted to $61,885 and $61,580 for the years ended December 31, 2025 and 2024, respectively.
