Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [X] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [ ] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: DEAROLF & MERENES LLP **(2)** EIN: 59-3042376

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	4d		X	
e Was this plan covered by a fidelity bond?	4e	X		500000

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Famous Tate Electric Company 401(k)
Savings and Retirement Plan
Tampa, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Famous Tate Electric Company 401(k) Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Famous Tate Electric Company 401(k) Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by Empower Trust Company, LLC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Famous Tate Electric Company 401(k) Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Famous Tate Electric Company 401(k) Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Famous Tate Electric Company 401(k) Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Famous Tate Electric Company 401(k) Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Empower Trust Company, LLC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FAMOUS TATE ELECTRIC COMPANY
401(K) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1 – Description of Plan

The following description of the Famous Tate Electric Company ("the Company") 401(k) Savings and Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees with three months of service who are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An administrative committee oversees governance of the Plan. Empower Retirement, LLC ("Empower") is the recordkeeper of the Plan, and Empower Trust Company, LLC serves as custodian of the Plan's investments. The Plan permits employees to make pre-tax and Roth after-tax contributions. Participants direct the investment of their accounts into various investment options offered by the Plan. No amendments to the Plan were adopted during 2025. During 2025, the Plan changed its investment lineup and participant account balances were transferred to the new investment options.

Contributions – Participants may contribute up to 100% of their annual compensation, up to statutory limits. Each year the Company may match a percentage of employee contributions up to 6% of the employee's wages. Additionally, the Company may contribute a percentage of employees' wages to eligible participants as a profit sharing contribution. The Plan includes an eligible automatic contribution arrangement whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The Plan was amended to increase the deferral rate for participants who were automatically enrolled in the Plan (and did not subsequently elect to change the deferral percentage) by 1% annually effective January 1, 2019, with a maximum deferral rate of 10%. Amounts withheld on behalf of participants and Company matching contributions are paid into the Plan each payroll date.

Participant Accounts – Each participant account is credited with the participant's contributions and withdrawals, as applicable, and their allocations of the Company's contributions and Plan earnings and expenses. Plan earnings and expenses are allocated pro rata within each investment on a daily basis based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.50% for loans outstanding at December 31, 2025 and 2024. Principal and interest are paid through payroll deductions each pay period, and the loans become due through 2030. The loans are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 1 – Description of Plan – continued

Notes Receivable from Participants – continued – If a participant ceases to make loan repayments and the Plan Administrator considers the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded in accordance with the Plan document. Deemed distributions of participant loans recorded as benefit payments totaled $22,084 and $48,606 for the years ended December 31, 2025 and 2024, respectively. No allowance for credit losses has been recorded at December 31, 2025 and 2024.

Vesting and Forfeitures – Participants are immediately vested in their voluntary contributions and allocated earnings and expenses thereon. Vesting in employer contributions is based on years of credited service. A participant is 20% vested after one year of credited service, and an additional 20% is vested for each additional year of service until fully vested after five years. Unvested forfeitures of withdrawn participants may be used to offset subsequent employer contributions.

Payment of Benefits – Distributions are available upon death, disability, retirement, termination of employment, or financial hardship, subject to certain restrictions and limitations. Distributions are payable in lump sum or installment payments. If a participant's vested benefit in the Plan does not exceed $5,000, then the benefit must be distributed in a single lump sum payment as soon as administratively feasible.

Investment Options and Investments – Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. Participants who do not make an investment election are invested in the Plan's qualified default investment alternative, a target date collective investment trust selected based on the participant's date of birth.

Note 2 – Date of Management's Review

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date the financial statements were available to be issued.

Note 3 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 3 – Summary of Significant Accounting Policies – continued

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Expenses – Investment related expenses are included in net appreciation in fair value of investments and interest on guaranteed interest contracts. Recordkeeping and other administrative fees paid by the Plan are allocated to participant accounts. Certain administrative expenses directly relating to a participant's account, such as loan processing fees, are specifically allocated to and deducted from that participant's account. Certain other expenses of maintaining the Plan, including audit and professional fees, are paid directly by the Company and are excluded from these financial statements.

Payment of Benefits – Benefits are recorded as distributions to participants when paid.

Reclassifications – Certain 2024 items have been reclassified in order to conform with the 2025 financial statement presentation. These reclassifications had no effect on the changes in net assets.

Note 4 – Fair Value Measurements

FASB *Accounting Standards Codification 820, Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Note 4 – Fair Value Measurements – continued

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the assets measured at fair value. There has been no change in the methodology used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: The Plan invests in pooled separate accounts established and maintained by Empower. The investments are represented by units and are valued using the net asset value per unit reported by Empower. Net asset value is calculated based on the fair value of the underlying assets, less related liabilities, divided by the number of units outstanding. The Plan uses net asset value per unit as a practical expedient to estimate fair value. The investments have no redemption restrictions, unfunded commitments, or required notice period, and there are no known or anticipated redemptions.

Common Collective Trusts: Valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments, redemption restrictions or required notice periods, and there are no known or anticipated redemptions.

Note 4 – Fair Value Measurements – continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual funds	$ 8,257,934	$ -	$ -	$ 8,257,934
Investments measured at net asset value*:				
Pooled separate accounts				99,541
Common collective trusts				4,117,403
Total investments at fair value	$ 8,257,934	$ -	$ -	$12,474,878
December 31, 2024				
Pooled separate accounts*	$ -	$ -	$ -	$10,634,382

*The investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy in accordance with FASB *Accounting Standards Codification 820, Fair Value Measurements* . The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Information Certified by Qualified Institution

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest on guaranteed interest contracts for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the custodian of the Plan.

Note 6 – Investment Contract with Insurance Company

The Plan holds traditional fully benefit-responsive guaranteed interest contracts issued by Talcott Resolution Life Insurance Company (the "Issuer"). The Issuer maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, subject to the limitations described below.

As described in Note 3, because the guaranteed interest contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The guaranteed interest contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed interest contracts at December 31, 2025 and 2024, was $1,722,627 and $1,548,837, respectively. The crediting interest rate is discretionary to the Issuer and the method used to determine the rate may be changed at any time. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest contracts do not allow the crediting interest rate to be less than 3.00%.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. Based on ongoing credit evaluations of these investments, the Company does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for these investments as of December 31, 2025 and 2024.

Certain events limit the Plan’s ability to transact at contract value with the Issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed interest contracts do not permit the Issuer to terminate the agreement unless the Plan is not in compliance with the investment agreement.

Note 7 – Forfeited Accounts

The Plan's forfeited nonvested accounts totaled $9 and $20,970 at December 31, 2025 and 2024, respectively. Forfeitures may be used to reduce future employer contributions or to pay Plan expenses. During 2025, forfeitures of $12,295 were used to reduce employer contributions and $24,095 were used to fund lost earnings on corrective contributions. During 2024, no forfeitures were used.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Party-in-Interest Transactions

The Plan's investments are held under a group annuity contract issued by Talcott Resolution Life Insurance Company, and recordkeeping, trustee and investment advisory services are provided by Empower. These entities are parties in interest to the Plan. Administrative fees paid by the Plan to Empower totaled $11,549 and $5,376 for the years ended December 31, 2025 and 2024, respectively. Investment fees paid to Empower totaled $20,409 and $11,382 for the years ended December 31, 2025 and 2024, respectively, and are netted against investment income. These transactions are exempt from the prohibited transaction rules of ERISA.

Note 10 – Income Tax Status

The Plan has not obtained a plan specific determination letter. The Plan is maintained under a pre-approved plan document. The Internal Revenue Service issued an opinion letter dated November 14, 2022 to the pre-approved plan provider stating that the form of the plan document is acceptable under Section 401(a) of the Internal Revenue Code. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes that the Plan is qualified and the related trust is tax exempt under Section 501(a) of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 11 – Form 5500 Reconciliation

Form 5500, Schedule H, Financial Information, may be reconciled to these financial statements as follows:

	2025 Net Assets Available for Benefits	2025 Changes in Net Assets Available for Benefits	2024 Net Assets Available for Benefits	2024 Changes in Net Assets Available for Benefits
Per Form 5500, Schedule H	$14,549,379	$ 2,087,509	$ 12,461,870	$ 1,612,052
Reconciling items				
Corrective contributions receivable	-	(146,138)	146,138	78,538
Employee contributions receivable	28,924	10,253	18,671	18,671
Employer contributions receivable	9,223	2,816	6,407	6,407
Excess contributions payable	(8,974)	14,008	(22,982)	(4,655)
Per financial statements	$14,578,552	$ 1,968,448	$ 12,610,104	$ 1,711,013

Note 12 – Risks and Uncertainties

The Plan provides for investments in various securities. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 13 – Noncompliance

The Plan did not file its Form 5500 annual return for the 2024 plan year by the deadlines required under ERISA.

As disclosed in the prior year, management identified instances in which administrative processes did not operate in accordance with the Plan's provisions, including matters related to automatic enrollment and employee contributions, and accrued corrective contributions receivable of $146,138 at December 31, 2024. During 2025, the Company contributed $104,922 to correct participant accounts and $24,095 of forfeitures were used to fund lost earnings. The remaining $17,121 was determined not to be required and is reported as a reduction of corrective contributions in the 2025 statement of changes in net assets available for benefits.
