INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Helix Environmental Planning 401(k) Profit Sharing Plan
La Mesa, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Helix Environmental Planning 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of Helix Environmental Planning 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1998 to provide retirement benefits for substantially all employees of Helix Environmental Planning Inc. (the "Plan Sponsor") and its related participating employer, Helix Construction Group, Inc. (collectively referred to as the "Company"). Employees are eligible to participate upon attainment of 21 years of age and completion of six consecutive months of service. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the "Code") and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is governed by an administrative committee, who monitors investment performance and determines the Plan's investment offerings and reports to the Board. Empower Trust Company, LLC, serves as the trustee of the Plan.

The Plan was amended effective June 1, 2024 to allow as-needed hourly employees and independent contractors to participate, remove the 1,000 hours of service requirement, and remove the requirement for 6 months of service to be consecutive months. The amendment also states that the Safe Harbor and discretionary match for the as-needed hourly employees will be deposited into this Plan.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code. Employees may voluntarily contribute a portion of their compensation, subject to various limitations prescribed by the Code. The Plan also allows participants to make Roth salary deferral contributions.

- *Rollover Contributions*
  Employees may make rollover contributions from another qualified plan.

- *Employer Safe Harbor Contributions*
  The Plan permits the Plan Sponsor to contribute safe harbor contributions equal to 3% of eligible employee compensation. Safe Harbor contributions are funded into the Helix Environmental Planning, Inc. Employee Stock Ownership Plan except for as-needed employees which are funded to this Plan. The Plan Sponsor made safe harbor contributions of $677,125 and $609,210 to the Helix Environmental Planning, Inc. Employee Stock Ownership Plan for the years ended December 31, 2025, and 2024, respectively. The Plan Sponsor made safe harbor contributions of $15,268 and $21,513 to the Helix Environmental Planning, Inc. 401k Profit Sharing Plan for the years ended December 31, 2025 and 2024, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions(Continued)

- *Employer Discretionary Contributions*
  The Plan Sponsor may make a discretionary profit sharing and/or matching contribution in an amount determined by the Plan Sponsor for eligible employees. For employer discretionary profit sharing contribution, participants must be employed on the last day of the Plan year. The Plan Sponsor made an employer discretionary matching contribution in the amount of $331,120 and $211,822 for the years ended December 31, 2025, and 2024, respectively.

- *Employer Prevailing Wage Contribution*
  The Plan Sponsor will make an employer contribution for an employee participating in a prevailing wage service. Amount of contribution will be determined based on the required contribution rates for the employment classifications under the applicable federal, state or municipal prevailing wage laws. Employees participating in a prevailing wage service are immediately eligible for an employer prevailing wage contribution and are subject to special rules that apply without regard to other provisions under the Plan. Prevailing wage contributions amounted to $251,512 and $84,128 for the years ended December 31, 2025 and 2024, respectively.

Participant Accounts and Allocations
The Plan allows participants to direct their account balances and contributions among various investment options in self-directed accounts. Participants are allowed to direct their investments to a single fund or a combination of funds. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected. The benefit to which a participant is entitled is limited to the vested interest in their individual account.

Retirement
Normal retirement under the Plan is the age 65.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) in-service at 59½; 4) total disability; 5) upon demonstration of financial hardship; or 6) death of the participant. Benefit payments are distributed to participants in a single lump sum or installments for required minimum distributions. The Plan will make a mandatory distribution to any participant who has severed employment and has a vested account balance of $7,000 or less. The mandatory distribution will occur as soon as administratively feasible following termination.

Forfeitures
The Plan allows forfeitures to be used to reduce employer contributions or pay administrative expenses at the discretion of the Plan Sponsor. Forfeitures of $28,462 and $0 were used to reduce employer contributions in 2025 and 2024, respectively. The Plan had $367 and $13,017 of forfeited account balances as of December 31, 2025 and 2024, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting

Participants are 100% vested in their salary deferral, safe harbor contributions, and prevailing wage contributions. Employer discretionary contributions are subject to a six-year vesting schedule, increasing by 20% after the first two years of service until they are 100% vested in year 6.

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year. Participants who sever employment as a result of death or disability become fully vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. Borrowings bear interest at prime plus 1% and are due no later than five years. Loans taken for the purpose of acquiring a principal residence are repaid within ten years. Loans are secured by the balance in the participant's account.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account. Expenses for investment management services are recorded as a reduction of net appreciation in fair value of investments reported by the fund manager.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Changes in the unit values of investments are reflected in each participant's individual account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Income Taxes

The Plan has adopted a prototype plan which obtained a favorable opinion letter on January 15, 2021, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in the financial statements and were taken directly from statements provided and certified as complete and accurate by Empower Trust Company, LLC, formerly Great-West Trust Company, LLC, as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Mutual funds	$ 23,304,410	$ 18,634,542
Notes receivable from participants	$ 114,460	$ 201,754
Net appreciation in fair value of investments	$ 2,672,344	$ 1,588,496
Interest, dividends and other income	$ 829,566	$ 537,103
Interest income, notes receivable from participants	$ 12,526	$ 13,702

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 23,304,410	$ -	$ -	$ 23,304,410

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 18,634,542	$ -	$ -	$ 18,634,542

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Plan assets include notes receivable from participants. Administrative expenses for recordkeeping services are paid to third party service providers. Fees paid by the Plan for recordkeeping services are recorded in administrative expenses. These assets and transactions qualify as party-in-interest and are exempt from the prohibited transaction rules of ERISA.

NOTE 8: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 13, 2026, the date the financial statements were available to be issued, and management has determined that there are no events that have occurred that should be disclosed.
