Plan Administrator
Dickson Medical Associates Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements
We have performed an audit of the financial statements of Dickson Medical Associates Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- The information in the accompanying 2025 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2025 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end and schedule of delinquent participant contributions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 14, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. **Description of Plan**

The following description of the Dickson Medical Associates Profit Sharing Plan (the Plan) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a participant directed defined contribution plan, covering substantially all eligible employees of Dickson Medical Associates, P.C. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Pension Plan Committee is responsible for oversight of the Plan and they determine the appropriateness of the Plan's investment offerings and monitor investment performance. All employees are eligible to participate in the Plan beginning immediately after attaining age 21 and completing three months of service, as defined in the plan document.

Contributions

Participants may elect to defer up to 100% of their compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Deferral contributions may be discontinued at any time upon written notification from the participant. Contributions are subject to certain limitations in accordance with applicable regulatory requirements.

Nonelective safe harbor employer contributions are allocated to all employees that are eligible to participate in the Plan, as defined above. Elective employer profit sharing contributions are allocated to all eligible participants who have completed a year of service, completed 1,000 hours of service and are actively employed on the last day of the year unless termination occurred as a result of death, disability, or retirement.

The employer makes safe harbor contributions of 3% of eligible compensation on all eligible employees. The Employer made elective profit-sharing contributions in the following percentages of eligible compensation for the year ended December 31, 2025:

Highly compensated owner physicians and the Executive Director	9.00%
Highly compensated non-owner physicians	2.76%
Non-highly compensated non-owner physicians	2.76%
All other employees	2.76%

Total employer contributions for the year were $1,790,241.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of employer contributions and plan earnings, and reduced by an allocation of administrative expenses, any distributions and plan losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1. **Description of Plan**

Vesting
Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in employer contributions is based on years of continuous service. Participants are 100% vested in their profit sharing accounts after three years of service, as defined in the Plan document, and are 100% vested in their employer nonelective safe harbor accounts immediately. Irrespective of years of service, a participant will become 100% vested upon death, disability or upon attainment of retirement age.

Notes Receivable from Participants
Notes receivable from participants are not permitted under the Plan.

Payment of Benefits
Benefit distributions equal to a participant's vested account balance are payable to the participant or their beneficiaries upon normal retirement (age 65), death, disability, or termination of employment. The method of distribution shall be determined by the Plan Administrator in accordance with the provisions of the Plan.

In-service withdrawals are permitted by participants who have reached the age of 59 and 1/2. Early withdrawals may also be made in the case of financial hardship, in accordance with provisions specified in the Plan.

Note 2. **Summary of Significant Accounting Policies**

Basis of Presentation
The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits paid to participants are recorded when paid.

Forfeitures
Forfeitures result from termination of employment under circumstances which do not entitle the participant to be fully vested in their employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $1,027, respectively, and are available to pay Plan expenses and reduce employer contributions.

Note 2. **Summary of Significant Accounting Policies**

Administrative Expenses
The Plan is responsible for its administrative expenses unless paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Reclassification
Certain prior year amounts have been reclassified to conform with the current year's presentation.

Note 3. **Certification**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the trustees of the Plan. The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information:

- Investments at fair value
- Net change in fair value of investments
- Interest and dividends

Note 4. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and that the Plan has the ability to access.

Level 2 inputs are based on observable inputs corroborated by market data but not quoted on active markets.

Level 3 inputs are based on unobservable inputs and include situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 4. **Fair Value Measurements**

Mutual Funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash equivalents: valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 2,511,781	$ -	$ -	$ 2,511,781
Mutual funds	28,151,575	-	-	28,151,575
Total investments at fair value	**$ 30,663,356**	**$ -**	**$ -**	**$ 30,663,356**

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 2,666,908	$ -	$ -	$ 2,666,908
Mutual funds	23,566,825	-	-	23,566,825
Total investments at fair value	**$ 26,233,733**	**$ -**	**$ -**	**$ 26,233,733**

Note 5. **Related Party and Party-in-interest Transactions**

Certain Plan investments are managed by Ascensus Trust Company, LLC, the trustee of the Plan and as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC. Ascensus Trust Company, LLC is the trustee as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

Note 6. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan under the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and related earnings thereon.

Note 7. **Income Tax Status**

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by Ascensus, LLC. The non-standardized pre-approved profit sharing plan practitioner has received an opinion letter from the Internal Revenue Service (IRS) as to the non-standardized pre-approved profit sharing plan's qualified status. The non-standardized pre-approved profit sharing plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, no uncertain positions have been taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to IRS examinations for the years prior to 2022.

Note 8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. **Nonexempt Transactions**

During the year ended December 31, 2025, participant contributions totaling $3,113 were not remitted to the Plan within the appropriate time period by the Employer. These transactions constitute prohibited transactions as defined by ERISA. The Employer has taken the appropriate steps to correct the situation by reimbursing employees for lost earnings and interest, and has further implemented a procedure to ensure that all future remittances are made within the prescribed time period.

Note 10. **Subsequent Events**

Management has evaluated subsequent events through October 7, 2026, the date on which the financial statements were available for issuance.
