INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Young Chevrolet 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Young Chevrolet 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, December 31, 2024, and November 30, 2024 and the related statements of changes in net assets available for benefits for the year ended December 31, 2025 and the one-month period ended December 31, 2024, and the related notes to the financial statements.

The one-month short plan year ended December 31, 2024 resulted from the Plan's change in plan year-end from November 30 to December 31, 2024, and the audit of the short plan year was performed in conjunction with the audit ended December 31, 2025 pursuant to 29 C.F.R. § 2520.104-50.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Young Chevrolet 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, November 30, 2024 and for the year ended December 31, 2025 and the one-month period ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Young Chevrolet 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Young Chevrolet 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Young Chevrolet 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Lewis & Knopf CPAs, PC

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Young Chevrolet 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held (at End of Year) as of December 31, 2025 and the supplemental schedule of Assets Held (at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Lewis & Knopf
CPAs, PC

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A) DESCRIPTION OF PLAN

The following description of the Young Chevrolet 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1) General

The Plan is a defined contribution plan covering all employees of Young Chevrolet Cadillac, Inc. and Young Buick GMC, LLC, an affiliated entity (collectively the "Company") who have completed one year of service and are of age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2) Plan Administration

The Company is the Plan Administrator and is responsible for the overall administration of the Plan. The Plan's investments are held in a trust administered by Fidelity Management Trust Company (the "Trustee"). Fidelity Workplace Services, LLC, an affiliate of the Trustee, provides recordkeeping and administrative services to the Plan. Collectively, these organizations are known as "Fidelity." Mesirow Financial Investment Management, Inc. and Stifel Nicolaus & Company, Inc. serve as the Plan's investment advisers under ERISA Section 3(21) and provide investment recommendations and related advisory services to the Plan Administrator; however, the Plan Administrator retains ultimate responsibility for investment decisions.

The Plan offers participants an elective discretionary managed account program known as Fidelity® Personalized Planning & Advice at Work. Strategic Advisers LLC, an affiliate of Fidelity, serves as the investment manager under ERISA Section 3(38) for participants who elect to participate in the program.

3) Eligibility

Eligible employees include all employees except union employees and non-resident aliens. An employee is eligible to enter the Plan upon attainment of age 21 and completion of twelve months of eligibility (with no minimum hours of service). The effective date of participation shall be on the first day of each month following/coincident when eligibility requirements are met.

4) Contributions

Participants may defer up to 100% of their annual compensation, as defined in the Plan, not to exceed the limits of Internal Revenue Code Sections 401(k), 402(g), 404 and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, effective January 1, 2025, the Plan has adopted the SECURE 2.0 provision permitting increased age-based catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may, at its discretion, make matching contributions or contribute additional amounts necessary to pass certain required tests. For the year ended December 31, 2025 and one-month period ended December 31, 2024, the Company elected to make matching contributions equal to 100% of a participant's contribution up to 2% of compensation to the Plan. No additional contribution amounts were necessary to pass certain required tests.

5) Participant Accounts

Each participant's account is credited with the participant's contributions (including any rollover of distributions received from other qualified plans) and allocations of (a) the Company's contribution, and (b) Plan earnings (losses) and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A) DESCRIPTION OF PLAN (Continued)

6) Investment Options

Participants direct the investment of contributions into various investment options offered by the Plan. As of December 31, 2025, the Plan offers participants thirty-six investment options in mutual funds. Participants may change their investment options at any time. Participants may also elect to participate in Fidelity® Personalized Planning & Advice at Work, a discretionary management account program, for an additional fee. Participants who elect to participate in these programs receive personalized investment management services based on their individual circumstances and retirement objectives.

Participants must contact Fidelity to begin participation in the Plan. Participants may change their level of contribution, change their investment elections for future contributions, and make transfers between investment options at any time by contacting Fidelity. If a participant does not follow the Plan's procedures for making investment elections timely, contributions made on his or her behalf will be invested in a Fidelity Freedom Fund based upon the participant's age at the time of such investment. In the event that Fidelity does not have a valid date of birth, the default fund will be the Fidelity Freedom Retirement Fund.

Certain mutual fund companies have implemented market-timing restrictions designed to protect the long-term investors in the mutual fund. These restrictions limit the number of exchanges an investor may initiate within a given period of time. Certain mutual funds may charge a redemption fee. Sales to fund distributions to plan participants and purchases from payroll contributions are not subject to the restrictions.

7) Vesting

Participants are immediately vested in their voluntary contributions (including any rollover of distributions received from other qualified plans) plus actual earnings thereon. Participants will be 0% vested in employer matching contributions for the first two years, 20% after two years, 40% after three years, 60% after four years, 80% after five years and 100% vested after six years of credited service.

8) Notes Receivable from Participants

Participants may borrow the lesser of one-half of their vested account balance or $50,000. The minimum loan available is $1,000. Loan terms range from one to five years. Participant loans are secured by the balance in the participant's account and are repaid through payroll deductions. Interest is earned on the participant loans at rates that equal rates the federal prime rate in effect on the date the loan is made plus 1.00%.

9) Payment of Plan Benefits

Upon termination of employment due to death, disability, retirement or other reasons, a participant (or beneficiary in the case of death) can request withdrawal of his or her account equal to the value of the vested balance in the participant's account. The actual benefit payments method used will depend on the participant's marital status as well as elections made by the participant and his or her spouse, if married. Generally, the benefits will be paid in the form of a lump sum or partial withdrawal.

The Plan allows for automatic lump sum distributions of participant account balances that do not exceed $1,000. If the account balance is greater than $1,000 and less than or equal to $7,000, and if a distribution election is not made within the required timeframe, that account will be rolled over into an individual retirement account designated by the plan administrator and invested in an investment designed to preserve principal and provide a reasonable rate of return and equity.

If desired, a participant can leave the account balance in the Plan until the participant attains their required minimum distribution ("RMD") age, unless they are still employed. The RMD age is 70 ½ for anyone born before July 1, 1949, age 72 for anyone born on or between July 1, 1949 and December 31, 1950, age 73 for anyone born on or between January 1, 1951 and December 31, 1959, and age 75 for anyone born on or after January 1, 1960. However, the Plan requires that distributions must commence no later than April 1 of the year following the year in which the participant reaches the RMD age.

A) DESCRIPTION OF PLAN (Continued)

10) Forfeited Accounts

Forfeiture of a terminated participant's non-vested account occurs as of the earlier of a) the last day of the plan year in which the former participant incurs five consecutive one-year breaks in service, or b) the distribution of the entire vested portion of the participant's account. Forfeitures may be used to reduce future employer contributions, restore previously forfeited balances, or pay eligible plan expenses. As of December 31, 2025, December 31, 2024, and November 30, 2024 forfeited non-vested accounts total $5, $5, and $0 respectively. During the year ended December 31, 2025 and one-month period ended December 31, 2024, $8,266, $2,253, respectively, were used to restore previously forfeited balances or reduce employer contributions.

B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and charges therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

3) Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level or risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across all participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial instruments.

4) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5) Refundable Excess Contribution Payable

Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the plan year in which the excess deferrals were made to the Plan.

6) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividends date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7) Payment of Plan Benefits
Plan benefits are recorded when paid.

8) Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses paid directly by the Company are excluded from the accompanying financial statements. Fees related to participant transactions (including fees related to the administration of participant loans and other transactional fees) are charged directly to participants' accounts, as applicable, and are included in administrative expenses. Fees paid to Fidelity for recordkeeping and trustee services, and fees paid to other service providers for investment advisory and investment management services, are included in administrative expenses. Other investment-related expenses, including investment management fees charged within the underlying investment funds, are reflected as a reduction of investment return and are included in net appreciation (depreciation) in fair value of investments.

9) Subsequent Events
The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

C) INFORMATION PREPARED AND CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY
The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following information:

	12/31/2025	12/31/2024	11/30/2024
Investments, at fair value			
Mutual Funds	$ 17,257,448	$ 15,310,039	$ 15,649,903
Notes Receivable from Participants	119,935	85,619	87,920

	Year Ended 12/31/25	One-Month Period Ended 11/30/24
Investment Income (Loss)	2,806,107	(411,530)
Interest Income on Notes Receivable from Participants	9,454	728

D) FAIR VALUE MEASUREMENTS
The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from or corroborated by market data by correlation or other means.

D) FAIR VALUE MEASUREMENTS (Continued)

- Level 3 – Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value (there have been no changes in methodologies used at December 31, 2025, December 31, 2024, and November 30, 2024):

- Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These securities have been classified within Level 1.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2025.

		Fair Value Measurements at 12/31/25 Using		
	Assets Measured at Fair Value at 12/31/25	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Total Investments Measured in the Fair Value Hierarchy				
Mutual Funds	$17,257,448	$ 17,257,448	$ 0	$ 0
Total Investments, at Fair Value	$17,257,448			

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2024.

		Fair Value Measurements at 12/31/24 Using		
	Assets Measured at Fair Value at 12/31/24	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Total Investments Measured in the Fair Value Hierarchy				
Mutual Funds	$15,310,039	$ 15,310,039	$ 0	$ 0
Total Investments, at Fair Value	$15,310,039			

D) FAIR VALUE MEASUREMENTS (Continued)

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of November 30, 2024.

		Fair Value Measurements at 11/30/24 Using		
	Assets Measured at Fair Value at 11/30/24	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Total Investments Measured in the Fair Value Hierarchy				
Mutual Funds	$15,649,903	$ 15,649,903	$ 0	$ 0
Total Investments, at Fair Value	$15,649,903			

There were no transfers of investments in or out of Level 3 during the year ended December 31, 2025 and one-month period ended December 31, 2024.

E) RELATED PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and service arrangements involve parties-in-interest, as defined by ERISA, including the Company, Plan fiduciaries, service providers, and their affiliates. Certain Plan investments may include mutual funds or other investment options managed by Fidelity affiliates. These arrangements are permitted pursuant to applicable ERISA exemptions and the terms of the Plan.

The Company pays substantially all Plan administrative expenses, including audit and legal fees, except certain recordkeeping, investment advisory, investment management, and participant transactional fees that may be paid from Plan assets or charged directly to participant accounts. Fees paid from Plan assets to service providers totaled $50,903 and $34 for the year ended December 31, 2025 and one-month period ended December 31, 2024, respectively.

F) AMOUNTS ALLOCATED TO PARTICIPANTS WHO HAVE TERMINATED EMPLOYMENT

Benefit claims that have been processed and approved for payment prior to December 31, 2025, December 31, 2024 and November 30, 2024 but not yet paid as of that date amounted to $0, $0 and $3,382, respectively.

G) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

H) TAX STATUS

Effective November 5, 2021, the Plan was restated to remove the Trust Agreement formerly part of the Adoption Agreement to become a separate independent Trust Agreement without altering the substance of plan provisions. As restated, the Plan is an adoption of a Pre-Approved Defined Contribution Plan sponsored by FMR, LLC (the parent company of FMRC). FMR, LLC has obtained a favorable tax opinion letter for the pre-approved defined contribution plan dated June 30, 2020.

The Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 ("SECURE 2.0") was signed into law December 29, 2022. This law, among other things, includes several required and optional provisions that will impact employee benefit plans that go into effect at various times through 2027. The provisions that were required to be implemented on or after December 29, 2022 include:

- Changing the RMD age from 72 to 73 (effective January 1, 2023)
- Eliminating the RMD requirement from Roth accounts (effective January 1, 2024)
- Treating surviving spouse as participants for RMD purposes (effective January 1, 2024)

H) TAX STATUS (Continued)

The optional provisions that can be implemented on or after December 29, 2022 for which the Plan has elected include:

- Raising the involuntary cash-out limit from $5,000 to $7,000 (effective January 1, 2024)
- Permitting increased age-based catch-up contribution limits for eligible participants (effective January 1, 2025)

The Plan's basic plan document was amended in June 2026 for provisions of the SECURE Act and SECURE 2.0 Act. Plan-specific amendments for applicable SECURE Act and SECURE 2.0 Act provisions had not yet been adopted as of the date the financial statements were available to be issued; however, the Plan will be amended for applicable SECURE 2.0 provisions in accordance with applicable law and IRS guidance.

Although the Plan has been amended since receiving the determination letter as described above, the Plan administrator believes that the Plan, as adapted and amended, is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal government. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to income tax examinations for three years including 2025.

I) SUBSEQUENT EVENT

The SECURE 2.0 Act of 2022 requires catch-up contributions to be made by certain higher-income participants age 50 or older to be treated as designated Roth contributions beginning in 2026. The Plan currently permits designated Roth contributions; therefore, management does not expect implementation of this requirement to have material effect on the Plan's financial statements.
