Independent Auditors' Report

The Trustees
Hye Tech Network & Security Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Hye Tech Network & Security Solutions, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hye Tech Network & Security Solutions, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hye Tech Network & Security Solutions, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hye Tech Network & Security Solutions, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hye Tech Network & Security Solutions, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and directly relates to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HYE TECH NETWORK & SECURITY SOLUTIONS, LLC 401(K) PLAN
Notes to Financial Statements
December 31, 2025 and 2024 (compiled)

1. Summary of significant accounting policies

The following is a summary of the significant accounting policies followed by Hye Tech Network & Security Solutions, LLC 401(k) Plan (the Plan) which is sponsored by Hye Tech Network & Security Solutions, LLC (the Company). The policies conform with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

a. Investments

Mutual funds are stated at fair value based on the quoted market prices. The stable value fund, which is a benefit-responsive investment contract, is valued at contract value. Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on an accrual basis. Most investment options have management fees that reduce the overall return on assets. Net appreciation (depreciation) is inclusive of those fees.

The non-participant directed account includes investments in money markets, mutual funds, common stocks, and exchange traded products. Common stocks and exchange traded products are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds and money markets are stated at fair value based on the quoted market prices.

b. Payment of benefits

Benefits are recorded when paid

c. Investment and administrative expenses

Investment expenses are paid directly by the Plan, and some administrative expenses are paid by the Company. However, the Company retains the right to discontinue paying expenses, in which case the expenses will be paid by the Plan.

d. Benefits payable

Benefits payable are distributions from prior years that need to be redistributed due to checks reissued subsequent to year end.

e. Income taxes

The Plan is utilizing a non-standardized pre-approved document sponsored by CCH Incorporated dba Ftwilliam Com. The document sponsor received a favorable determination letter dated June 30, 2020 from the Internal Revenue Service, which states that the Plan qualifies under the applicable provisions of the Internal Revenue Code.

1. Summary of significant accounting policies, continued

e. Income taxes, continued

The Plan has been amended since adopting the document, however the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. As such, the Company is not required to obtain a tax determination letter specific to this Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements. However, the Plan is subject to examination; generally for a period of three years from filing its Form 5500.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

f. Concentrations of risk

The Plan provides for various investment fund options. Investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the changes in net assets available for benefits.

2. Description of plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan, established January 1, 2008, is a defined contribution 401(k) plan covering employees who are age twenty-one or older. Participants are eligible to make contributions and receive the employer safe harbor contribution after they have completed six months of service. Eligibility for matching and nonelective contributions is the completion of 1 year of service. Participants can enter the plan on the first day of the first month and seventh month of the plan year coincident with or next following completion of eligibility. Effective August 1, 2025 the plan was amended to change eligibility for elective deferrals and safe harbor contributions to be completion of 3 months of service with plan entry on the first day of each plan quarter coincident with or next following completion of eligibility. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each participant may make salary deferral and Roth contributions of up to 90% of his/her annual compensation, not to exceed the annual deferral limit set by the Internal Revenue Code. Catch-up contributions are permitted for participants age 50 and older. The Plan also allows participants to make rollover contributions.

2. Description of plan, continued

b. Contributions, continued

The Company made a safe harbor matching contribution equal to 3% of each participant's salary deferral contribution up to the first 3% of the participant's eligible compensation. The Company contributed safe harbor matching contributions of $451,681 in 2025.

The Company may also make a discretionary contribution to all eligible participants. The exact percentage or amount is determined annually by the Company. For the plan year ended December 31, 2025, the Company contributed a profit sharing contribution in the amount of $593,421 (net of $49,037 in forfeitures).

c. Vesting

Each participant is immediately vested in his/her salary deferral, catch-up, rollover contributions, Company safe harbor matching contributions, and any earnings or losses on those contributions. The remainder of a participant's account balance is vested based on years of service. Participants vest at 20% after two years of service, and the percentage increases by 20% annually until the participant is fully vested after six years of service.

Forfeitures may be used to pay Plan expenses or reduce the employer's contributions. The balance of the forfeiture account as of December 31, 2025 was $49,037.

d. Participant accounts

Each participant's participant-directed account is credited with the participant's salary deferral, catch-up, and rollover contributions, safe harbor contributions, and Plan earnings/losses. Plan earnings/losses are allocated based on account balances, as defined in the Plan document. For the participant-directed accounts, each participant directs the investment of his/her account into various investment options offered by the Plan through Reliance Trust Company.

Each participant's nonparticipant-directed account is credited with the participant's nonelective contributions and Plan earnings/losses. Plan earnings/losses are allocated based on account balances. For the nonparticipant-directed accounts, the investment advisor directs the investments of the nonparticipant-directed account into various investment options through Fidelity.

e. Payment of benefits

Each participant is entitled to Plan benefits equal to 100% of his/her vested account balance. Benefits begin upon the earliest of retirement age, termination of employment, total and permanent disability or death of the participant. Benefits are paid in a lump-sum, installment or partial payments as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. The Plan permits hardship and in-service distributions under certain circumstances.

f. Loans

The plan does not permit participant loans.

2. Description of plan, continued

g. Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will become fully vested in his/her account.

3. Information certified by the Custodian (unaudited)

At December 31, 2025, the Plan's assets were held by Reliance Trust Company and Fidelity (the Custodians). Reliance Trust Company certifies the participant-directed accounts. The nonparticipant-directed account, custodied by Fidelity, is not certified. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2025		Certified by Custodian	Not Certified	Total
Mutual funds	$	9,662,684	-	9,662,684
Stable value fund		140,567	-	140,567
Cash		18,645	-	18,645
Nonparticipant directed accounts		-	4,190,946	4,190,946
Total	$	9,821,896	4,190,946	14,012,842
Net appreciation in fair value of participant-directed investments	$	954,705	-	954,705
Interest and dividends of participant-directed investments		454,865	-	454,865
Net appreciation in fair value of nonparticipant-directed accounts		-	397,467	397,467
Interest and dividends on non-participant-directed accounts		-	170,824	170,824
Total	$	1,409,570	568,291	1,977,861

4. Fully benefit-responsive contract

The Plan entered into a benefit-responsive investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in general accounts. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

4. Fully benefit-responsive contract, continued

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and applicable expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events that are not in the ordinary course of fund operations may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any events, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: valued at the net asset value (NAV) based on quoted market prices in an active market of shares held by the Plan at year end

Non-participant directed account: includes investments in money markets, mutual funds, common stocks, and exchange traded products. Common stocks and exchange traded products are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds and money markets are stated at fair value based on the quoted market prices.

5. Fair value measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024 (compiled):

Assets at Fair Value as of December 31, 2025

8. Party-in-Interest transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan Sponsor, Custodian of the Plan assets, record keeper, investment advisor, and other service providers are considered parties-in-interest with respect to the Plan. Certain Plan investments are shares of mutual funds managed by the Custodian.

9. Subsequent Events

Management reviewed the financial statements for subsequent events through October 12, 2026, the date the financial statements were available to be issued.
