INDEPENDENT AUDITOR'S REPORT

The Pension Committee and Participants
Fenimore Art Museum and The Farmers
Museum Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fenimore Art Museum and The Farmers Museum Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section–

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FENIMORE ART MUSEUM AND THE FARMERS MUSEUM RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of Plan

The following description of the Fenimore Art Museum and The Farmers Museum Retirement Plan (the Plan) provides only general information. The complete terms of the Plan are provided in the Teachers Insurance and Annuity Association (TIAA) Employee Retirement Income Security Act of 1974 (ERISA) Specimen 403(b) Plan for Section 501 (c)(3) Tax-Exempt Organizations Adoption Agreement and related amendment (the Plan Document). Additional Plan information including eligibility, benefits, investment options, vesting provisions and effects of plan termination is included in the Plan Document and other materials distributed to participants.

(a) General

The Plan, as amended, is an employer-sponsored defined contribution plan established under Internal Revenue Code (IRC) Section 403(b) designed to provide retirement benefits to eligible employees of Fenimore Art Museum and The Farmers Museum. The Plan is subject to the provisions of ERISA.

(b) Plan Administration

The Plan is sponsored and administered by the Fenimore Art Museum and The Farmers Museum, (Plan administrator or the Museum). The Museum utilizes The Teachers Insurance and Annuity Association (TIAA), formerly known as Teachers Insurance and Annuity Association (TIAA) College Retirement Equities Fund (CREF), for trustee, custodial and recordkeeping services, including the holding, investing, and administration of Plan investment accounts pursuant to the terms of the Plan.

All eligible employees of the Museum are able to participate in salary reduction contributions immediately upon employment with the Museum. With respect to employer discretionary nonelective contributions, employees are eligible to participate upon attaining age 21 and completing one year of service of 1,000 hours, as more fully described in the Plan Document.

(c) Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

(Continued)

(1) Description of Plan, Continued

(c) Contributions, Continued

Employer contributions to the Plan represent discretionary nonelective contributions made by the Museum during, or after the plan year. If the Museum makes a contribution for a particular plan year after the close of that plan year, the Museum designates the plan year for which the contributions are made. An employee's share of any discretionary nonelective employer contributions is determined based on the employee's compensation as a ratio to the total compensation of eligible employees. The Museum discretionary contributions may be invested at the election of the participant in any of the Plan's investment options.

(d) Participant Accounts

Contributions made by the participants and the employer are reported to the Plan's trustee and custodian and are allocated to the respective participant's account. Each participant's account is credited with the participant's contributions, Museum discretionary contributions, and the allocation of investment earnings (losses). Investment earnings (losses) allocations are based on participant account balances.

Participants select the investments in which their contributions will be allocated by the Plan's record keeper. If a participant does not direct the contributions, they are invested in a target date retirement fund where the allocation strategy is consistent with the participant's projected date of retirement, based on the Plan's normal retirement age of 59½.

(e) Vesting

Participants are immediately vested in their elective salary deferral contributions, rollover contributions, and the related investment earnings thereon. Effective January 1, 2025, employer discretionary nonelective contributions made on behalf of employees hired on or after January 1, 2025 become fully vested upon completion of three Years of Service. Employees hired prior to January 1, 2025 remain subject to the Plan's prior immediate vesting provisions and are fully vested in employer discretionary nonelective contributions and related earnings. For vesting and eligibility purposes, service with certain predecessor employers, as defined in the Plan amendment effective January 1, 2025, will be recognized by the Plan.

(f) Payment of Benefits

Upon termination of service (retirement, death or disability), participants may elect to leave their account balance in the Plan or receive a distribution in the form of installments, a lump sum payment, or an annuity contract.

(1) Description of Plan, Continued

(f) Payment of Benefits, Continued

Participants may not withdraw any of their pretax contributions or any of the Museum's contributions while actively employed or prior to attaining age 59½ (normal retirement age) except in the event of serious financial hardship and subject to potential penalties, as defined.

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from two to five years. Loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably directly from the participant.

(h) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Museum, as provided by the Plan agreement. Expenses that are paid directly by the Museum are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition

The Plan's investments in mutual funds and variable annuities are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

As described in note 9, certain types of TIAA Traditional Annuities that are fully benefit-responsive, are stated at contract value. The remaining types of TIAA Traditional Annuities are not fully benefit-responsive and are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefit payments are recorded when paid.

(e) Concentrations

Two investments held by the Plan represent approximately 47% and 46% of net assets available for benefits as of December 31, 2025 and 2024, respectively.

(f) Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.

(3) Certified Information

Certain information disclosed in the accompanying financial statements and ERISA - required supplementary schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA (the trustee of the Plan).

(4) Tax Exempt Status

The Plan has been established using a volume submitter plan designed and maintained by the Plan's third-party administrator. The Internal Revenue Service (IRS) has determined and informed the volume submitter sponsor by a letter dated January 1, 2019, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

The Museum intends to continue the Plan indefinitely; however, the Plan is voluntary on the part of the Museum, and they reserve the right to modify or terminate the Plan at any time. In the event of Plan termination, subject to conditions set forth in the Plan and by ERISA, the Plan provides that its assets shall be distributed to the participants and beneficiaries of the Plan.

(6) Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares or units of investment funds managed by TIAA, the Plan's trustee, custodian, and record keeper, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $29,761 and $26,625 for the years ended December 31, 2025 and 2024, respectively, and are reported within dividends and interest in the statements of changes in net assets available for benefits.

(7) Risks and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(Continued)

(8) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies - Registered investment companies are valued at the daily closing price, as reported by the fund. Registered investment companies held by the Plan are mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Annuity contracts - Valued based on accumulated cash contributions and earnings on the contract, less any withdrawals and administrative expenses.

Pooled Separate Account - Valued at each accounts net asset value (NAV) as determined by TIAA as a practical expedient to estimate fair value.

(8) Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025				
	Level 1	Level 2	Level 3	NAV practical expedient	Total
Registered investment companies	$ 9,287,822	-	-	-	9,287,822
Annuity contracts	-	-	3,852,210	-	3,852,210
Pooled separate account	-	-	-	201,328	201,328
Total	$ 9,287,822	-	3,852,210	201,328	13,341,360

	2024				
	Level 1	Level 2	Level 3	NAV practical expedient	Total
Registered investment companies	$ 9,498,936	-	-	-	9,498,936
Annuity contracts	-	-	3,833,459	-	3,833,459

Total	$ 9,498,936	-	3,833,459	221,901	13,554,296

The following table presents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Type	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity - RA	2025 $3,852,210	Discounted Cash Flow	Risk-adjusted discount rate applied	2025 4.00% - 5.50%
	2024 $3,833,459	Theoretical transfer (exit value)		2024 4.00% - 6.75%

(8) Fair Value Measurements, Continued

The following tables set forth a summary of the Plan's investments measured at fair value based on net asset value per share as of December 31:

	2025			
Investment	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Pooled separate account	$ 201,328	-	Immediate	None

	2024			
Investment	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Pooled separate account	$ 221,901	-	Immediate	None

The following table sets forth a summary of purchases, issuances and transfers of the Plan's level 3 assets for the years ended December 31:

	Annuity Contracts	
	2025	2024
Purchases	$ 24,802	27,283
Issuances	(178,060)	(168,739)
Transfers, net	1,071	251,789

(9) Fully Benefit-Responsive Investment Contracts at Contract Value

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. The contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuity (RA) and Supplemental Retirement Annuity (SRA), which provide certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the RA and SRA annuity contracts during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The RA and SRA annuity contracts also provide the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for the RA and SRA annuity contracts. Additional interest is not guaranteed for future years. The crediting interest rate was between 1.00% and 3.00% in December 31, 2025 and 2024.

(9) Fully Benefit-Responsive Investment Contracts at Contract Value, Continued

Under the terms of the RA annuity contract, lump-sum cash withdrawals are not allowed, and transfers must be spread over a period of 10 annual installments. All other withdrawals and transfers from the RA annuity contracts must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment through election of a five-year fixed-period annuity) and thus considered nonbenefit responsive. Under the terms of the SRA annuity contract, there are no liquidity restrictions.

Investments in TIAA Traditional Annuity RA, which are not fully benefit-responsive, are stated at fair value. Investments in TIAA Traditional Annuity SRA, which are fully benefit-responsive, are stated at contract value. TIAA Traditional Annuity - Investments in TIAA Traditional Annuity SRA, which are fully benefit-responsive, are recorded at contract value. These contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(10) Delinquent Participant Contributions

The Plan Sponsor did not remit certain participant contributions to the Plan within the time period prescribed by the Department of Labor regulations. As a result, participant contributions totaling approximately $1,012,000, relating to multiple plan years, remain payable to the Plan as of December 31, 2025. The Plan Sponsor intends to remit all delinquent participant contributions together with any required lost earnings.

(11) Reconciliation of Financial Statements to the Form 5500

The following reconciles net assets available for benefits per the financial statements to the Form 5500 as of December 31:
