Independent Auditors' Report

To the Administrative Committee
Lassonde 401(k) Plan for the
Benefit of US Employees
Carneys Point, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Lassonde 401(k) Plan for the Benefit of US Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits - Modified Cash Basis as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year ended December 31, 2025, and the related Notes to the Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lassonde 401(k) Plan for the Benefit of US Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lassonde 401(k) Plan for the Benefit of US Employees and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and Supplemental Schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lassonde 401(k) Plan for the Benefit of US Employees' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lassonde 401(k) Plan for the Benefit of US Employees' internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lassonde 401(k) Plan for the Benefit of US Employees' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The Supplemental Schedule of Assets Held for Investment Purposes - Modified Cash Basis and Schedule of Delinquent Participant Contributions - Modified cash Basis are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplemental Schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the Supplemental Schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplemental Schedules, we evaluated whether the Supplemental Schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the Supplemental Schedules, other than the information in the Supplemental Schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the Supplemental Schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LASSONDE 401(K) PLAN FOR THE BENEFIT OF US EMPLOYEES
Notes to the Financial Statements

Note 1 - Plan summary

Description of plan

The following description of the Lassonde 401(k) Plan for the Benefit of US Employees (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all salaried employees and some union employees represented by the bargaining unit of the United Food and Commercial Workers Union, Local 56, AFL-CIO of Lassonde Pappas and Company, Inc. (the Company). Employees become eligible to participate in the Plan upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Merger

Sun-Rype Concentrates, Inc. 401(k) Profit Sharing Plan and Sun-Rype Products (USA), Inc. 401(k) Profit Sharing Plan merged into The Plan effective October 1, 2025, with total transfers into the Plan of $2,221,795. All salary deferral agreements from participants of the CON Plan and PRO Plan shall be given the same effect as if such elections had been originally made under the Lassonde 401(k) Plan for the Benefit of US Employees. All participant account balances shall be combined with the participant account balances under the Lassonde 401(k) Plan for the Benefit of US Employees as of the merger date.

Contributions

Participants are permitted to make elective deferrals from 1% to 50% of their pre-tax annual compensation, subject to maximum amounts allowed by the Internal Revenue (Code).

The Company makes matching contributions in an amount equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation. The employer match begins after two months of service. In addition to the 401(k)-matching contribution, the Company's Board of Directors, at its discretion, may also make a profit-sharing contribution for each plan year. No such contribution was made to the Plan during the years ended December 31, 2025 and 2024.

The Plan also accepts, on behalf of employees, rollover contributions representing distributions from other employer-sponsored, tax qualified pension or profit-sharing plans. Such contributions are subject to certain conditions to be eligible for rollover into the Plan.

Note 1 - Plan summary (continued)

Participant accounts

Each participant's account is self-directed and credited with the participant's and Company's contributions and earnings on investments. Allocations are based on participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant loans

Participants may borrow from their accounts within limits prescribed by the Plan and the Code. Participant loans are valued at unpaid principal plus accrued interest.

Vesting

An employee is 100% vested at all times in their pre-tax contributions and the 401(k)-matching contribution plus actual earnings thereon. An employee becomes vested in employer profit-sharing contributions at the rate of 20% per year beginning after the second year of service, with the employee being fully vested after the completion of six years of service.

Investment options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into a variety of investments. The Plan currently offers fifteen mutual funds and one savings account as investment options for participants. Participants may change their investments daily.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Forfeited accounts

Forfeited non-vested accounts will be used to reduce future employer contributions. At December 31, 2025 and 2024, there were no forfeited non-vested amounts. In 2025, employer contributions were reduced by $3,861 from forfeited non-vested accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements and Supplemental Schedules of the Plan are presented on the modified cash basis of accounting. Under this method, contributions, interest, and dividend income are recorded as received. Benefits and expenses are recorded when paid. The Plan's investments are stated at fair value, determined by either quoted market prices or estimates provided by the Plan Trustee. Purchases and sales of securities are recorded on a trade-date basis.

Note 2 - Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual fund fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. The 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Fees for the administration and maintenance of a participant account balances are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Information prepared and certified by the Trustee

The following information included in the accompanying financial statements and Supplemental Schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

Note 3 - Information prepared and certified by the Trustee (continued)

Investments, at fair value:

	December 31, 2025	December 31, 2024
Money market	$ 1,526,519	$ 1,001,958
Mutual funds	72,985,805	61,084,074
Notes receivable from participants	1,990,166	1,874,635

Changes in net assets available for benefits for the year ended December 31, 2025:

Investment income	$ 1,657,679
Realized and unrealized gains and (losses), net	8,689,530
Interest income from notes receivable from participants	158,934

Note 4 - Fair value

Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Note 4 - Fair value (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The cash and money market account is valued at the cost of the amount held in the deposit account. The mutual funds are valued based on the daily closing price reported by the fund. This is known as Net Asset Value, (NAV). NAV is a practical expedient to measure fair value.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31:

2025	Level 1	Level 2	Level 3
Money market	$ 1,526,519	$ -	$ -
Mutual funds	72,985,805	-	-
Total	$ 74,512,324	$ -	$ -

2024	Level 1	Level 2	Level 3
Money market	$ 1,001,958	$ -	$ -
Mutual funds	61,084,074	-	-
Total	$ 62,086,032	$ -	$ -

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Risks and uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits - Modified Cash Basis and the Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis.

Note 7 - Party-in-interest and related party transactions

Certain plan investments are shares of mutual funds and units or participation in common/collective trusts held with Charles Schwab Bank. Charles Schwab Bank is the Trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

Note 8 - Tax status

The Plan uses a prototype non-standardized profit-sharing plan document sponsored by the Trustee. The Trustee received an opinion letter from the Internal Revenue Service (IRS) dated June 19, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The prototype plan has been amended since receiving the determination letter. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC as of the financial statement date.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits according to the financial statements to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 76,502,490	$ 63,960,667
Employer contributions receivable	65,956	73
Participant contributions receivable	33,356	73
Net assets available for benefits per Form 5500	$ 76,601,802	$ 63,960,813

Note 9 - Reconciliation of financial statements to Form 5500 (continued)

The following is a reconciliation of total additions per the financial statements to the Form 5500:

	2025	2024
Total additions per financial statements	$ 18,169,928	$ 13,395,726
Net increase (decrease) in contributions receivable	99,166	50
Total additions per Form 5500	$ 18,269,094	$ 13,395,776

Note 10 - Delinquent participant contributions

The Plan had delinquent participant contributions during the year totaling $54,598. The Plan did not self-correct the lost earnings contribution on $54,457 of delinquent participant contributions as of the date of the financial statements.

Note 11 - Subsequent events

The Zidian Group 401(k) Profit Sharing Plan merged into The Plan in January 2026. Transfers into the Plan total $11,811,038.

Plan's management has determined that no material events or transactions have occurred subsequent to December 31, 2025 and through October 12, 2026, the date of the Plan's financial statements issuance, which require additional disclosure in the Plan's financial statements.
