INDEPENDENT AUDITOR'S REPORT

To the Trustees and Those Charged with Governance
ZAPP USA 401(k) Profit Sharing Plan
Dartmouth, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of ZAPP USA 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ZAPP USA 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, the custodian as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by the custodian agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ZAPP USA 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ZAPP USA 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ZAPP USA 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ZAPP USA 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H; Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of ZAPP USA 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of ZAPP Precision Wire, Inc. (the "Company") and its subsidiaries, ZAPP Precision Strip, Inc. and ZAPP Tooling Alloys, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees who are eighteen or older are immediately eligible to participate in the Plan. Employees whose employment is governed by a collective bargaining agreement, who are non-resident aliens not receiving any US source earned income and employees who are employed by an affiliated employer which is not an adopting employer, are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute an elected amount of pretax annual compensation, as defined in the Plan. Participants who are age fifty or older by the end of the year may also elect to make an additional catch-up contribution to the Plan. With the Trustee's consent, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute on behalf of each participant a matching contribution or non-elective contribution to be determined each year by the Board of Directors. For the 2025 and 2024 plan years, the Company made a matching contribution equal to fifty percent of the first eight percent of a participant's compensation deferred into the Plan and elected to calculate the matching contribution on a plan year basis. Company contributions are invested according to the investment allocation elected by the participant. Contributions are subject to certain IRS limits. The Company did not make a non-elective contribution for the years ended December 31, 2025 and 2024.

The 2025 financial statements include $50,868 of prefunded employee deferral and employer matching contributions for the first pay period of 2026.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants. Participants may change their investment options as often as permitted under the investment vehicles chosen by the participant.

Vesting

Participants are immediately vested in their elective deferral contributions and qualified employer contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of credited service. A participant vests according to the following schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at two percent above the prime rate, as defined. Principal and interest are paid ratably through bi-weekly payroll deductions. Interest rates on outstanding loans at December 31, 2025 ranged from 4.25% to 9.5%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive benefits in either a lump-sum amount equal to the value of the participant's interest in his or her account or monthly over certain annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also request hardship distributions for reasons specified in the Plan document.

Forfeited Accounts

The plan administrator may elect to use all or any portion of the forfeited amounts to pay administrative expenses incurred by the Plan. Forfeitures not used to pay administrative expenses are used by the Plan to reduce employer matching contributions. There were $14,878 in unallocated forfeitures at December 31, 2024. Forfeitures generated for the year ended December 31, 2025 totaled $38,288. During 2025, $21,976 of forfeitures were used to offset administrative expenses. The remaining unallocated forfeitures at December 31, 2025 totaled $36,873. These forfeitures will be used to reduce future plan administrative expenses or offset future employer matching contributions.

Note 2: Summary of Significant Account Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2026, the date the financial statements were available to be issued.

New Accounting Pronouncements

On December 29, 2022, the SECURE 2.0 Act of 2022 was signed into law. This act contains provisions that go into effect at various times starting in the 2023 year and ending in 2033. The deadline for adopting any required plan amendments pursuant to the SECURE 2.0 Act is December 31, 2026; however, plans must be operated in accordance with the effect date of each new provision. Management has reviewed the provisions effective for the 2025 year and continues to monitor and adjust operations in accordance with provisions as they become effective. As of December 31, 2025, no formal Plan amendments have been made to adopt SECURE 2.0 Act provisions. Management has determined that the Plan was in compliance with all applicable provisions for the year ended December 31, 2025.

Note 3: Investment Information Certified by Custodian (Unaudited)

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2025 and 2024 and for the year ended December 31, 2025 that was obtained from data prepared and certified to be complete and accurate by Fidelity Trust Company, the Plan's asset custodian. Fidelity Management Trust Company held investment assets at December 31, 2025 and 2024 and executed investment transactions from January 1, 2025 through December 31, 2025.

	2025	2024
Investments, at fair value	$ 17,178,827	$ 15,591,285
Investments, at contract value	$ 1,097,350	$ 1,444,523
Interest and dividends	$ 717,105	
Net appreciation of investments	$ 1,978,198	

Supplemental Schedule H; Line 4i - Schedule of Assets (Held at End of year) included on page 16; all items excluding participant notes receivable.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market accounts: Valued at $1 per share.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 100,632	$ -	$ -	$ 100,632
Mutual Funds	17,078,195	-	-	17,078,195
Total	$ 17,178,827	$ -	$ -	$ 17,178,827
Fully Benefit-responsive Investment Contracts reported at Contract Value				1,097,350
Total Investments				$ 18,276,177

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 75,447	$ -	$ -	$ 75,447
Mutual Funds	15,515,838	-	-	15,515,838
Total	$ 15,591,285	$ -	$ -	$ 15,591,285
Fully Benefit-responsive Investment Contracts reported at Contract Value				1,444,523
Total Investments				$ 17,035,808

There were no investment assets held by the Plan that were classified as Level 3 as of December 31, 2025 and 2024.

Note 5: Common Collective Trust Funds

The common collective trust funds held by the Plan consist entirely of the Galliard Stable Return Fund Core (the Fund). At December 31, 2025 and 2024, the Fund has invested all of its assets in Galliard Stable Return Fund Core, a collective trust fund established under the Allspring Collective Investment Trust which is governed by the Allspring Collective Trust Declaration of Trust. The value of this investment is based on the underlying unit value reported by Galliard Stable Return Fund Core. As of December 31, 2025 and 2024, respectively, the Fund held a 26.06% and 25.26% ownership interest in Galliard Stable Return Fund Core.

The Galliard Stable Return Fund G invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

The yield earned by the Fund at December 31, 2025 and 2024 was 4.20% and 4.88%, respectively. This represents the annualized earnings of all investments in the Fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the Fund at December 31, 2025 and 2024, respectively.

The yield earned by the Fund with an adjustments to reflect the actual interest rate credited to participants in the Fund at December 31, 2025 and 2024 was 3.39% and 3.35%, respectively. This represents the annualized earnings credited to participants in the Fund, divided by the fair value of all investments in the Fund at December 31, 2025 and 2024, respectively.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risk arising from the potential liability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The Galliard Stable Value Fund C is fully-benefit responsive and has been reported in the Statement of Net Assets Available for Benefits at contract value. A reconciliation of fair value to contract value for the plan years ended December 31, 2025 and 2024 is as follows:

Galliard Stable Return Fund C	2025	2024
Investment, at fair value	$ 1,074,512	$ 1,374,278
Contract value adjustment	22,838	70,245
Investment, at contract value	$ 1,097,350	$ 1,444,523

Note 6: Related Party Transactions and Party-in-Interest Transactions

Fidelity Trust Company is a custodian of the Plan, and therefore the Plan's investments in various Fidelity Funds qualifies as a party-in-interest transaction. At December 31, 2025 and 2024, the Plan held assets invested in various Fidelity Funds totaling $14,357,007 and $12,238,805, respectively. Fees incurred by the Plan for the custodian services provided by Fidelity Trust Company are included in the net appreciation in fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. During 2025, Fidelity received $24,469 of direct compensation for recordkeeping services.

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to Plan provisions and ERISA. In the event of Plan termination, participants will become 100% vested in the company contributions portion of their account.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the individual participant account statements and the Statement of Net Assets Available for Benefits.

Note 9: Income Tax Status

During 2021, the Company adopted a volume submitter 401(k) plan offered by FMR, LLC (Fidelity). The Prototype Plan obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan continues to operate in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the notes to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 10: Subsequent Event - Plan Amendments

On August 20, 2026, the Plan was amended to adopt various SECURE 2.0 Act provisions. The mandatory provisions adopted included the increase of the Required Minimum Distribution age to seventy-three, and the implementation of higher catch-up limits for participants between the ages of sixty and sixty-three. Voluntary plan amendments included adding qualified birth or adoption distributions, domestic abuse withdrawals, qualified disaster distributions, and emergency expense withdrawals as available options under the Plan.

Note 11: Reconciliation of Form 5500 to Financial Statements

The 2025 and 2024 financial statements include certain cash to accrual basis adjustments that have not been included in the Form 5500. Specifically, the financial statements include accrued contributions receivable and an accrual of corrective distributions payable at year end. Form 5500 includes the corrective distributions as an expense in the year paid and the contributions receivable as income in the year received. The 2025 financial statements also include prefunded contributions in the Statement of Net Assets Available for Benefits that are reflected as revenue in the 2025 Form 5500.

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets available for benefits per the Form 5500 at December 31, 2025.

	2025
Net assets available for benefits per financial statements	$ 18,491,854
