RSM US LLP

Independent Auditor's Report

Board of Trustees
The Musical Arts Association

Opinion

We have audited the financial statements of The Musical Arts Association 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of Plan

The following description of The Musical Arts Association 403(b) Retirement Plan (the Plan) provides general information about the Plan, which began on April 1, 2009, and its provisions. The Musical Arts Association (the Association) is the Plan sponsor. Participants should refer to the Plan document and summary plan description for more complete information.

General: The Plan is a defined contribution plan covering eligible hall and office employees of the Association. Effective April 1, 2010, most full-time orchestra members also became covered by the Plan. A participant shall be eligible to participate in allocations of employer contributions upon completing one year of eligible service and having attained 18 years of age. Employee contributions shall commence as soon as administratively practicable on or after the date on which the participant's election is effective, which is the start of a calendar quarter upon hire date.

The Association is responsible for the general administration of the Plan. Empower Annuity Insurance Company of America (Empower) is the trustee and recordkeeper of the Plan. Prior to June 18, 2024, Principal Trust Company was the trustee, and Principal Financial Group was the recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, eligible hall and office participants may contribute a percentage or specified dollar amount of pretax annual compensation as defined in the Plan up to the dollar limit imposed under Internal Revenue Code (the Code) Section 402(g) for a respective calendar year. Participants who have attained age 50 before the close of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan from other qualified plans.

The Association shall make, on behalf of eligible hall and office employees who are participants in the Plan, the following contributions: (1) Basic Retirement Contribution equal to 2% of the participant's compensation for the contribution period; (2) Supplemental Retirement Contribution equal to 0%-4% of the participant's compensation for the contribution period, with the percentage based on the participant's years of age at April 1, 2009, for participants who were accruing benefits under The Musical Arts Association Retirement Plan on March 31, 2009; and (3) Matching Retirement Contribution up to 2% of the participant's compensation they contributed to the Plan during the contribution period.

Effective April 1, 2010, the Association shall make a contribution to the Plan on an orchestra member's behalf equal to 7.875% of their contractual weekly minimum salary. Effective September 3, 2018, this contribution rate increased to 8.0%.

Effective January 1, 2011, the Association shall also make (1) a supplemental contribution to the Plan on an orchestra member's behalf equal to 0%-10% of their contractual weekly minimum salary, with the percentage based on the participant's age at January 1, 2011, for orchestra members who were eligible musicians on January 1, 2011; and (2) a contribution to the Plan on an orchestra member's behalf equal to 10% of their broadcast fees.

Effective June 9, 2017, the Association amended the Plan to permit eligible orchestra members to contribute to the Plan a percentage or specified dollar amount of pretax annual compensation as defined by the Plan up to the dollar limit imposed by the Code Section 402(g) for a respective calendar year. Additionally, eligible orchestra members who have attained age 50 before the close of the plan year are permitted to make catch-up contributions.

Note 1. Description of Plan (Continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options frequently. Some investment options limit the frequency of trading, require a minimum threshold amount, or charge a fee, all in order to minimize the related costs to the respective fund and, in turn, help maximize its total return. The Association's contributions are allocated in the same manner as that of the participants' elective contributions. The Plan includes a self-directed brokerage option for orchestra member participants. Under this option, eligible orchestra members may direct contributions into various mutual funds.

Participant accounts: Each participant's account is credited with the participant's contributions, the Association's contributions, and allocations of Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of expenses related to purchases, sales, or transfers of the participant's investments are based on the participant account balances, as defined or based on elected investment options. The benefit to which a participant is entitled is that which can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their contributions and the allocation of Plan earnings thereon. For hall and office employees, vesting in the Association's contributions and the allocation of Plan earnings thereon is based on continuous years of vesting service, beginning with 20% vesting after two years of vesting service and increasing in various increments to 100% vesting after five years of vesting service. Orchestra member participants are immediately vested in the Association's contributions and the allocation of Plan earnings thereon.

Forfeited accounts: Upon termination of employment, participants forfeit the nonvested portion of their account. If a participant is rehired within a five-year period, any such forfeited balance is reinstated to their account. Any nonvested forfeited balances are used to reduce required Association contributions or to pay plan administrative expenses. Unallocated forfeitures were $27 and $19,148 as of December 31, 2025 and 2024, respectively. Forfeitures used to reduce the Association's contributions for 2025 and 2024 were $45,833 and $26,717, respectively.

Notes receivable from participants: A participant may apply to the administrator for a loan from their respective account. A participant's loan may not exceed 50% and $50,000 of the participant's vested balance. A participant with an outstanding loan may not apply for another loan until the existing loan is paid in full and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. The term of any loan to a participant shall be no greater than five years, except in the case of a loan used to acquire a primary residence. The loans are secured by the balance in the participant's account. The interest rate charged shall be commensurate with current interest rates charged by people in the business of lending money. Principal and interest are paid ratably over the loan period at least quarterly.

Payment of benefits: Participants who have separated from service with the Association will have the vested portion of their account balance paid to them or their beneficiary in a lump sum or via a direct rollover to another eligible retirement plan. The timing of payment to the participant or their beneficiary varies based on the reason for separation from service, the value of the vested account balance, and the participant's age.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions from the Plan prior to requesting a hardship withdrawal.

Note 1. Description of Plan (Continued)

Administrative expenses: Administrative expenses may be paid by the Plan or the Association, at the discretion of the Association. The Association paid approximately $19,900 and $20,000, respectively, for recordkeeping, trustee, audit, consulting and legal services for the years ended December 31, 2025 and 2024. Effective July 1, 2018, the Plan's recordkeeping expenses are charged as an offset to investment income shared from investment providers subject to revenue sharing agreements between the recordkeeper and the individual investment advisors. Expenses related to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Plan termination: Although the Association has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all rights and benefits would become fully vested and would not thereafter be subject to forfeiture.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Investment purchases and sales are recorded on the trade date basis. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2025, the Plan's investments in Fidelity 500 Index Fund and Fidelity Freedom Index 2030 Premier Fund Shares comprised 31.18% of Plan net assets. As of December 31, 2024, the Plan's investments in Fidelity 500 Index Fund and Fidelity Freedom Index 2030 Premier Fund Shares comprised 29.5% of Plan net assets. These investment positions represent a concentration of credit risk.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are treated as distributions based upon the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan administrator has evaluated events for potential recognition and/or disclosure through October 9, 2026, the date the financial statements were available to be issued.

Note 3. Investments

The following is a summary of the Plan's investment information as of December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedule.

	2025	2024
Investments, at fair value:		
Mutual funds	$ 39,827,877	$ 33,938,241
Self-directed brokerage accounts	1,694,225	1,395,497
	$ 41,522,102	$ 35,333,738
Investment, at contract value:		
Guaranteed investment contract	$ 1,312,780	$ 1,404,297

Note 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. The Association is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodian that is used to determine the fair value of the Plan's investments.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Self-directed brokerage accounts consist of various mutual funds, which are valued in a similar manner to mutual funds described above.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31:

	2025			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,827,877	$ -	$ -	$ 39,827,877
Self-directed brokerage accounts	1,694,225	-	-	1,694,225
Total assets at fair value	$ 41,522,102	$ -	$ -	$ 41,522,102

	2024			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,938,241	$ -	$ -	$ 33,938,241
Self-directed brokerage accounts	1,395,497	-	-	1,395,497
Total assets at fair value	$ 35,333,738	$ -	$ -	$ 35,333,738

Management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no transfers in or out of Level 3.

Note 5. Guaranteed Investment Contract

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract, which is stated at contract value on the statements of net assets available for benefits in the amount of $1,312,780 and $1,404,297 as of December 31, 2025 and 2024, respectively. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer which may not be less than 1.0%. Such interest rates are reviewed and may be reset on a semiannual basis.

The terms of the contract include limitations on the Plan's ability to transact at contract value. A surrender charge of 5% of the contract value is assessed when a transfer from the guaranteed investment contract to another investment option exceeds a threshold defined within the contract, or when sufficient notice of intent to exit the investment option is not provided by the Plan sponsor. The Plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

This guaranteed investment contract shall terminate on the date when no guaranteed interest balances have been established that are accepting deposits and there are no guaranteed interest balances with a value greater than zero under this contract. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Income Taxes

On June 18, 2024, the Plan adopted a preapproved plan document that has received an opinion letter from the IRS dated March 31, 2017, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document. However, the Plan administrator believes the Plan is designed, and is being operated, in conformity with the applicable requirements of the IRC and therefore, believes the Plan is qualified.

Prior to June 18, 2024, the Plan administrator believed the Plan was currently designed and being operated in compliance with the applicable requirements of the IRC and therefore was exempt from income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. As of December 31, 2025 and 2024, the Plan administrator has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7. Parties-in-Interest Transactions

Certain of the Plan's investments are in mutual funds and a guaranteed investment contract managed by the trustee of the Plan or its affiliates. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid to the trustee, as well as other parties-in-interest, for the years ended December 31, 2025 and 2024, were $119,054 and $65,329, respectively.

Note 8. Reconciliation of Financial Statements to IRS Form 5500

Notes receivable from participants are reported on the Form 5500 as participant loans and considered plan investments, while in the Plan's financial statements they are classified as receivables from participants.

The following is a reconciliation of net assets available for benefits and the net increase per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 43,044,151	$ 36,941,077
Less deemed distributions	(28,909)	-
Net assets available for benefits per the Form 5500	$ 43,015,242	$ 36,941,077

Total increase per the financial statements for the year ending December 31, 2025	$ 6,103,074
Less current year deemed distributions	(28,909)
