INDEPENDENT AUDITOR'S REPORT

American Electric Power Service Corporation, Plan Administrator of
American Electric Power System Life and Accident Insurance Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the American Electric Power System Life and Accident Insurance Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of American Electric Power System Life and Accident Insurance Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the American Electric Power System Life and Accident Insurance Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

MAIN 614.224.3078 FACSIMILE 614.224.4616 WEB www.parms.com E-MAIL info@parms.com

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the American Electric Power System Life and Accident Insurance Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Electric Power System Life and Accident Insurance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Electric Power System Life and Accident Insurance Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) listed in the Table of Contents as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the modified cash basis of accounting described in Note 2. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN ELECTRIC POWER SYSTEM LIFE AND ACCIDENT INSURANCE PLAN
NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
For the Years Ended December 31, 2025 and 2024

1. PLAN DESCRIPTION

The following description of the American Electric Power System Life and Accident Insurance Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General

The Plan was established to provide life and accident insurance benefits for eligible employees and retirees of American Electric Power Company, Inc. and its subsidiaries (the Company) and their dependents. The benefits provided through the Plan are fully insured. American Electric Power Service Corporation is the Plan Administrator.

The Company maintains two Voluntary Employees' Beneficiary Associations (the Trusts) to hold funds contributed by the Company and plan participants to the Plan in connection with the life and accident insurance benefits (but not the critical illness, group accident or hospital indemnity insurance): the American Electric Power System Employees' Benefit Trust (the Active Trust) and the American Electric Power System Retiree Life Insurance Trust (the Retiree Life Trust).

Income of the Active Trust and the Retiree Life Trust is subject to tax to the extent of any unrelated business taxable income that the Trust realizes for a particular year.

The Trusts and the Plan may be amended or terminated at any time by the Company. In the event of termination, the assets of each trust shall be allocated and disbursed pursuant to the terms of the respective trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Insurance

Life and accident insurance is provided by Minnesota Life Insurance Company (Minnesota Life) and the critical illness, group accident and hospital indemnity insurance is provided by Securian Life Insurance Company (Securian). Minnesota Life and Securian may be referred to generically as the Insurer. The Insurer processes and pays insurance claims arising under its respective insurance policy, which forms the basis for the provisions of the Plan.

Plan Administration

The administration of the eligibility of employees and retirees to participate in the Plan and the provision of personnel and systems to address plan participant inquiries and coverage changes are performed under the direction of the Plan Administrator by Businessolver. Fees paid to Businessolver were paid by the Plan and appear as Professional Fees in the Statements of Changes in Net Assets Available for Benefits.

Asset Administration

The assets of the Trusts are maintained and administered by the Bank of New York Mellon as Trustee (the Trustee). The Trustee is responsible for custody and management of the assets maintained in each trust. Fees charged by the Trustee are paid from the Trusts and included in Administrative Expenses as Other on the Statements of Changes in Net Assets Available for Benefits. The Plan Administrator has delegated supervision of the investment of the Plan assets to the Benefits Finance Committee (BFC). The BFC is responsible for monitoring the investment policy for the Plan and its Investment Subcommittee (IC) has been delegated responsibility for the engagement of investment managers to direct the Plan's investments.

Eligibility and Participant Contributions

All full-time employees of the participating subsidiaries of the Company become eligible to participate in the Plan on the first date of active employment. The Company pays the full cost of basic life insurance coverage generally equal to twice the annual base pay of eligible employees (or, for employees hired on or after January 1, 2020, one times the annual base pay), and the full cost of basic accidental death & dismemberment generally equal to twice the annual base pay of all eligible employees.

Participants are required to make monthly contributions, as determined by the Company and the Insurer, for elective insurance coverage.

Certain employees who were last hired or rehired before January 1, 2011, are also eligible to continue to participate in the Plan following their retirement after both reaching at least age 55 and 10 years of service. For eligible employees who retired on or before April 1, 2011, the Company continues to pay the cost of life insurance coverage of one-half of their annual base pay at the time of retirement. Effective for those eligible employees who retire after April 1, 2011, the Company continues to pay the cost of $30,000 in life insurance coverage with no additional coverage available through the Plan. The Insurer makes certain portability or conversion options available to eligible individuals if they contract directly with the Insurer.

Of the total amount contributed by the participants in 2025 and 2024, $630,545 and $690,137, respectively, were contributed by retirees and their surviving dependents.

Company Contributions and Premium Payments

The Company makes contributions to the Plan for the life and accidental death & dismemberment coverage provided through the Plan for active and disabled employees. The contribution rates for the coverages provided through the Plan are determined by the Company and the Insurer. The Company collects the participant contributions for the coverages provided through the Plan and transmits those contributions and the Company contributions to the Trusts monthly, which then pay the Insurer.

Of the total amounts paid by the Trusts to Minnesota Life for life insurance premiums for retirees, no portion was attributable to amounts contributed by the Company in 2025 or 2024.

2. ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on a modified cash basis of accounting which differs from accounting principles generally accepted in the United States of America. Investments are recorded at fair value. Certain additions are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

Investment Valuation and Income Recognition

Investments included on the Statements of Net Assets Available for Benefits are stated at fair value.

Purchases and sales of securities have been recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of the financial statements on a modified cash basis of accounting requires, in certain instances, the use of estimates and assumptions that affect the reported amounts of assets along with the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of additions and deductions to the net assets during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements of Assets

The accounting guidance for "Fair Value Measurements and Disclosures" establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Where observable inputs are available for substantially the full term of the asset or liability, the instrument is categorized in Level 2. When quoted market prices are not available, pricing may be completed using comparable securities, dealer values, operating data and general market conditions to determine fair value.

Plan Administrator staff independently monitors valuation policies and procedures and provides members of the Benefits Finance Committee (BFC) and its Investment Subcommittee (IC) various monthly and quarterly reports, regarding compliance with policies and procedures.

The Plan utilizes its Trustee's external pricing service to estimate the fair value of the underlying investments held in the Plan (including the fair value of the investments underlying the Plan's interest in the Master Trust – See Note 5.) The Plan's investment managers review and validate the prices utilized by the Trustee to determine fair value. The Company performs its own valuation testing to verify the fair values of the securities. The Company receives audit reports of the Trustee's operating controls and valuation processes. The Trustee uses multiple pricing vendors for the assets held in the Trusts.

Assets in the Plan are classified using the following methods. Equities are classified as Level 1 holdings if they are actively traded on exchanges. Items classified as Level 1 are investments in money market funds, fixed income and equity mutual funds and domestic equity securities. They are valued based on observable inputs primarily unadjusted quoted prices in active markets for identical assets. Items classified as Level 2 are primarily investments in individual fixed income securities. Fixed income securities do not trade on an exchange and do not have an official closing price but their valuation inputs are based on observable market data. Pricing vendors calculate bond valuations using financial models and matrices. The models use observable inputs including yields on benchmark securities, quotes by securities brokers, rating agency actions, discounts or premiums on securities compared to par prices, changes in yields for U.S. Treasury securities, corporate actions by bond issuers, prepayment schedules and histories, economic events and, for certain securities, adjustments to yields to reflect changes in the rate of inflation. Other securities with model-derived valuation inputs that are observable are also classified as Level 2 investments. Investments with unobservable valuation inputs are classified as Level 3 investments. Investments classified as "Other" are valued using Net Asset Value as a practical expedient. Items classified as "Other" are primarily cash equivalent funds, commingled funds and structured products. These investments do not have a readily determinable fair value and/or they contain redemption restrictions. These restrictions include the right to suspend redemptions under certain circumstances. Some of these investments typically cannot be redeemed at the reporting date for the underlying value.

The following investments are valued at NAV as a practical expedient:

Cash and Cash Equivalents

The objective of Cash and Cash Equivalents is to provide liquidity and meet short-term cash needs. Cash equivalents are used to provide diversification and preserve principal. The underlying holdings in cash equivalents are investment grade money market instruments including commercial paper, certificates of deposit, treasury bills and other types of investment grade short-term debt securities. The cash funds are valued each business day and provide daily liquidity. The redemption frequency and redemption notice period are both daily. The fund has no unfunded commitments. The Fund may suspend the valuation of assets or the right to make redemptions at management's discretion when redemptions would not be reasonably practicable and are not deemed to be in the best interest of the fund or its shareholders.

Postretirement Benefits

The amount reported as postretirement benefit obligation represents the actuarial present value of the Company's share of estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired employees and their beneficiaries and dependents and (b) active employees and their beneficiaries and dependents after retirement from service with participating employers. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefits is the amount that results from applying actuarial assumptions to historical claims/cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The following table shows other significant assumptions used in the valuations as of December 31, 2025 and 2024:

Discount Rate	5.60% as of 12/31/2025 5.15% as of 12/31/2024
Average Retirement Age	63
Mortality	Pri-2012 headcount weighted mortality table with no collar adjustment; mortality improvements are projected forward using adjusted version of Scale MP-2021

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan terminated, different actuarial assumptions and other factors might be applicable in determining the present value of the postretirement benefit obligation.

Plan Expenses

The administrative costs for the Plan include trustee, investment advisory and management, professional and other administrative service fees. The Company bears only those administrative costs that are not paid directly by the Plan.

3. BENEFIT OBLIGATIONS

The actuarially determined postretirement benefit obligations, determined in accordance with accounting guidance for "Employers' Accounting for Postretirement Benefits Other than Pensions", were:

	December 31, 2025	December 31, 2024
Active Participants Fully Eligible for Benefits	$ 9,332,969	$ 9,466,202
Other Active Participants	19,672,963	19,914,222
Current Retirees	289,770,079	289,544,369
Total	$ 318,776,011	$ 318,924,793

These obligations will be recognized in the Statements of Changes in Net Assets Available for Benefits when paid.

Changes in the Plan's postretirement benefit obligations for the years ended December 31, 2025 and 2024 were as follows:

Postretirement Benefit Obligation	December 31, 2025	December 31, 2024
Balance at Beginning of Year	$ 318,924,793	$ 319,649,629
Increase (Decrease) in Postretirement Benefit Obligations During the Year Attributable to:		
Benefits Earned	832,926	1,042,998
Contributions	581,777	728,305
Claims Paid	(18,239,549)	(17,989,728)
Interest	17,304,333	16,003,659
Actuarial Gains (Losses)	(628,269)	(510,070)
Balance at End of Year	$ 318,776,011	$ 318,924,793

In addition, future claims for individuals currently receiving long-term disability benefits have been actuarially determined to be approximately $13,221,221 and $12,600,520 as of December 31, 2025 and 2024 respectively, in accordance with accounting guidance for "Employers' Accounting for Postemployment Benefits." These obligations are recognized in the Statements of Changes in Net Assets Available for Benefits when claims are paid. The discount rate used in the valuation of the long-term disability benefits as of December 31, 2025 and 2024 was 4.05% and 4.55%, respectively.

4. COMPANY LIABILITY

The Plan is fully insured with Minnesota Life, which is responsible for the payment of life insurance and accidental death and dismemberment insurance benefit payments, and with Securian, which is responsible for the payment of critical illness, accident insurance and hospital indemnity benefit payments.

5. INVESTMENT IN MASTER TRUST

A portion of the American Electric Power System Long-term Disability Plan, American Electric Power System Comprehensive Medical Plan and the American Electric Power System Life and Accident Insurance Plan is invested collectively in the American Electric Power System Employees' Benefit Trust (the Master Trust). The assets are held in a pool of investments by the Trustee. The fair value of each individual plan's undivided interest in the Master Trust is based on the beginning-of-the-year value of each individual plan's undivided interests in the Trust, plus actual contributions and allocated investment income (loss), less actual distributions, direct expenses, and allocated administrative expenses. The Master Trust's investments are stated at fair value. Investment income (loss) and administrative expenses related to the Master Trust are allocated to the individual plans based on the individual plan's daily net assets to total Master Trust net assets.

The following table presents the fair values of investments for the Master Trust and the Plan's interest in each:

Fair Value Investments and Allocations at December 31, 2025

	Master Trust Balance	Plan's Interest in Master Trust Balances
Investments:		
Commercial Paper	$ 14,604,525	$ 168,022
Fixed Income – Corporate Obligation	3,953,314	45,482
Fixed Income – U.S. Government	3,295,690	37,916
Repurchase Agreements	391,769	4,507
Total Master Trust Investments	22,245,298	255,927
Other Receivables	215,481	2,479
Total Master Trust Net Assets	$ 22,460,779	$ 258,406

Fair Value Investments and Allocations at December 31, 2024

	Master Trust Balance	Plan's Interest in Master Trust Balances
Investments:		
Commercial Paper	$ 5,544,864	$ 96,535

Fixed Income – U.S. Government	2,403,840	41,850
Repurchase Agreements	544,197	9,474
Total Master Trust Investments	13,794,565	240,160
Other Receivables	210,655	3,667
Total Master Trust Net Assets	$ 14,005,220	$ 243,827

The following tables set forth the Master Trust's financial assets that were accounted for at fair value on a recurring basis. As required by the accounting guidance for fair value measurements and disclosures, financial assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and their placement within the fair value hierarchy levels. There have not been any significant changes in the valuation techniques. For a discussion of fair value accounting and the classification of assets within the fair value hierarchy, see Note 2.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Investment Income for the Master Trust was as follows:

	December 31, 2025
Investment Income:	
Net Depreciation in Fair Value of Investments	$ (11,343)
Interest Income	1,539,672
Total Investment Income	1,528,329
Investment Expense	(39,282)
Net Investment Income in the Master Trust	$ 1,489,047

Each participating plan's ownership in the Master Trust assets is listed below:

6. FAIR VALUE MEASUREMENTS

The following tables set forth, by level within the fair value hierarchy, the Plan's financial assets and liabilities that were accounted for at fair value on a recurring basis as of December 31, 2025 and 2024. As required by the accounting guidance for "Fair Value Measurements and Disclosures," financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have not been any significant changes in these valuation techniques. It is the Plan's policy to record transfers out of each level at the end of the reporting period. There have been no transfers between levels during the year ended December 31, 2025.

7. RISKS AND UNCERTAINTIES

The Plan invests in registered investment companies, commingled funds, common stocks, and a master trust. Such investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rate and employee demographics, both are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

8. FEDERAL INCOME TAXES

The Internal Revenue Service has issued determination letters dated July 27, 1994 (regarding the Active Trust) and July 26, 1994 (regarding the Retiree Life Trust) stating that the Trusts are exempt from income taxes pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC) and are in compliance with the applicable requirements of the IRC. The Trusts have been amended since receiving their respective determination letters. However, the Plan Administrator believes that the Trusts are currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Trusts remain tax-exempt as of December 31, 2025.

The Active Trust and the Retiree Life Insurance Trust may incur Unrelated Business Income Tax depending on a number of factors, including whether the trust (a) holds assets in excess of applicable limits, (b) realizes non-exempt debt-financed income or (c) realizes or is allocated unrelated business income through its investments.

The Trusts are subject to audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

9. TRANSACTIONS WITH PARTIES IN INTEREST

Minnesota Life is the insurance provider of benefits. Insurance premiums paid by the Trusts to Minnesota Life during 2025 and 2024 were $37,508,787 and $37,747,908, respectively.

Fees paid for trustee, investment advisory and management, professional and other administrative services qualify as exempt party-in-interest transactions because they entail the payment of reasonable fees to persons who were providing services to the Plan. Fees paid for those services during 2025 and 2024 were $405,895 and $435,515, respectively.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

10. INFORMATION CERTIFIED BY TRUSTEE

All information relating to the net assets and changes thereto, except employer and employee contributions, and premium and administrative expenses, included in the financial statements and supplemental schedule of the Plan, as of and for the years ended December 31, 2025 and 2024, was prepared and certified by The Bank of New York Mellon/BNY Mellon, N.A. to be complete and accurate by the Trustee and furnished to the Plan Administrator.

11. SUBSEQUENT EVENTS

Management reviewed subsequent events through October 14, 2026, the date that the 2025 financial statements were available to be issued.
